MAKE YOUR DECISION NOW!
ASK YOUR PASTOR
He'll tell you it's wise to plan your family burial estate NOW!

Sometimes parents turn to him in time of sorrow, for known to us that is no time for the bereaved to have to hurriedly select a cemetery lot.
He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

THERE was a man who lived by the side of the road and he sold hot dogs. He was hard of hearing so he had no radio. He had trouble with his eyes so he read no newspapers. But he sold good hot dogs. He put up signs on the highway telling how good they were . . . He stood on the side of the road and cried, "Buy a hot dog mister?" And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He finally got his son home from college to help him. But then something happened. His son said, "Father, haven't you been listening to the radio? Haven't you been reading the newspapers? There's a big depression on. The European situation is terrible. The domestic situation is worse. Everything is going to pot." Whereupon the father thought, "Well, my son's been to college, he reads the newspapers and he listens to the radio, and he ought to know." So the father cut down on his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs. And his hot dog sales fell almost overnight. "You're right son," the father said to the boy. "We certainly are in the middle of a great depression."

THE HILLTOP RECORD

ECONOGRAM

Farm Assets are likely to increase about 3.4 per cent to $176 billion by Jan. 1. Liabilities are likely to increase about 10 per cent to $20.7 billion. The equities will possibly be $155.3 billion, an increase of 2.6 per cent. Increase of farm real estate is the major cause of the rise. Strength of the market for farm real estate apparently reflects a widespread confidence that farms are a good investment, even though farm income has dropped from the postwar high.

Debt payments by farmers are on schedule. Few delinquencies or foreclosures are reported. However, many farmers giving up farming or supplementing income from off-farm jobs. These measures often permit the payment of farm debts that could not be paid from farm income.

Consumer price index or cost of living advanced one-half per cent between September and October to a record level of 117.7 1947-49-100). This was 2.4 per cent higher than a year ago. Food prices remained unchanged on the average but prices of other major groups were higher. A sharp rise in average prices for automobiles as some 1957 models were introduced was the principal factor in the increase. Housing, apparel, transportation and services also advanced.

Meat production for first 10 months of this year totaled 22,034 million pounds, seven per cent more than a year earlier. Beef production up seven percent; pork up seven per cent; veal three per cent higher, lamb and mutton down one per cent.

Meat consumption per person this year estimated at 163.5 pounds. May top for the first time the record of 1906. Last year per capita consumption was 160.7 pounds; in 1954 was 152.6 and prewar 125.3 pounds. In 1956 beef accounts for 83.5 pounds, pork 66.3 pounds; veal 9.3 pounds and lamb and mutton 4.4 pounds. Poultry meat consumption is estimated at 28.8 pounds this year.

Hogs slaughtered in October estimated at 26% above September and 4% above Oct. 1955. Average live weight in October was 226 pounds, 2 pounds heavier than in September but one pound lighter than year earlier.

Cattle slaughtered in October estimated at 2.6 million head, 15 per cent above October 1955. Average live weight was 939 pounds, 12 pounds heavier than September but nine pounds lighter than in October of last year.

Flue-cured tobacco marketing quota of 932 million pounds announced for 1957 crop, compared with 1130 million pounds previous year. This will result in 20 per cent reduction in allotments for individual farms. Total allotment for 1957 of 712,600 acres compared with 867,600 acres in 1956.

Status of CCC price support program as of Nov. 1 showed investment of $8.1 billion compared with $7.7 billion last year. This year inventories amount to $5.2 billion and loans $2.9 billion.

Dairy price support purchases during November amounted to 15 million pounds of cheddar cheese, about 47 million pounds of nonfat dry milk but no butter.

Boys and girls, the winter months are the darkest. Snow and icy streets make it harder for drivers to see you and stop in time to avoid accidents. That's why the Safety Council of the Columbus Chamber of Commerce says be extra careful when walking at night. Wear light colored clothes and, if you can, carry a flashlight. Make it easy for drivers to see and avoid accidents.

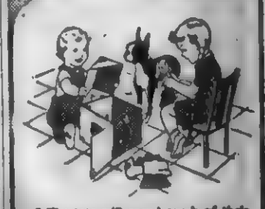
For Your Thoughts

Do you believe in making New Years resolutions?

Mrs. Milton Day, 161 Lechner-av: "No, I don't because they're always broken anyway. I suppose it's O.K. if they make a good resolution and keep it then. But I don't think most people keep their resolutions very long."

Mrs. Anne H. Harter, 2250 Safford-av: "I think if you make them you just break them. I suppose some people keep them but I don't know many that do."

Mrs. Lee King, 834 S. Hague-av: "I don't believe in making resolutions. If a person wants to improve he can do it any day of the year. If a person has to wait until New Year's to make a resolution, he's too weak to keep it anyway."



Mrs. Charles Patterson, 499 N. Harris-av: "Too often, they're not made with serious enough thought and people don't attempt to really follow through. Just to make a resolution for a resolution doesn't mean much."

C. N. Snow, 37 S. Wheatland-av: "If they can keep them, they should make them. I never make them because I can't keep them and I don't think most people can."

Mrs. William Krieger, 95 S. Warren-av: "I never make them. I think things will come as they will, anyway. We just keep our own resolutions all the time, and things run pretty smoothly in our life."

Tiny Baby Loses Fight For Life

Mary Ann Thacker, premature infant who weighed only one pound, five ounces at birth Dec. 5, died at 11:45 a.m. Sunday at White Cross Hospital. She was 18-days-old.

The daughter of Mr. and Mrs. Robert Thacker, of 2000 Frankrd, she amazed medical officials by clinging to life as long as she did. Doctors said she was the smallest infant ever born at the hospital to live more than a few days.

Also surviving are a sister, Elaine, 9, and two brothers, Robert, Jr., 7 and and Terry, 2; grandparents, Mr. and Mrs. Louis Raybourn and Mrs. Ann Thacker, all of Columbus.

Funeral services were held at 1:30 p.m. Monday in the John Quint and Sons Funeral Home. She was buried in St. Joseph Cemetery.

Mrs. M. E. Lennox, 267 S. Algonquin-av, said she heartily recommends this newspaper for classified advertising. With good reason, too! Her phone rang 23 times when she advertised a gas range and 30 times when she advertised drapes and a bedspread! Dialing BR. 9-9444 is surely an easy way to get that many customers.

BASKS IN SHADOW OF CELEBRITY!

Hilltopper Often Mistaken For TV's Garry Moore

By John McPeek

"Psst! There's Garry Moore!"

Or, "Pardon me, you're Garry Moore, aren't you?" These and similar queries are commonplace to Tom Murnane, a 38-year-old Hilltop man who bears a remarkable likeness to Garry Moore, the well-known TV and radio star.

Constantly being met with the double-take and startled looks of recognition, Murnane confesses that he finds it amusing being mistaken for a celebrity. Although at first it was embarrassing.

"I've always been shy and ill-at-ease among strangers," Murnane says, "and this attention makes me uncomfortable. One thing, though, I owe Garry Moore a lot. Since his face has become a TV fixture, I've found it much easier to look at myself while shaving. I don't know if it's press pageantry or what, but there's a strong rumor going around that Garry is a pretty nice looking fellow. Boy, that's done wonders for my morale; I don't feel quite as blue now when I look at myself. I've even noticed a difference in my wife's attitude too: Kind of like a stock broker whose averages just jumped a point or two."

Murnane, who lives with his wife and two daughters at 242 N. Burgess-av, is a sheet metal worker for the Columbus Heating and Ventilating Co.

Three weeks ago, Mrs. Murnane received a long-distance call from Moore's secretary in New York, who said that they had heard of his resemblance to Garry and would it be possible for them to forward a photo and information about Mr. Murnane. Moore's secretary said that they intended to use it in a forthcoming contest that would consist of a nation-wide search for Moore's closest "twin". The secretary didn't say what the winner would receive but Mrs. Murnane thinks that it might involve a trip to New York.

Born and raised on the Hilltop, and a graduate of Aquinas High School, class of 1936, Murnane also bears a strong physical resemblance to Moore. They are both of medium height and size, with Murnane having a slight weight edge on Moore, who is the older by three years.

Another coincidence, is their mutual interest in the National Council for Retarded Children. Moore has often plugged the organization over his network shows and Murnane and his wife are quite active in the Columbus chapter.

Twelve Slated For Y Board Nominations

Howard Lloyd, chairman of the nominating committee, assisted by Ray Anderson and Sam Alford, have presented the following list of nominees who will be voted on at the Hilltop YMCA annual dinner meeting at 6:30 p.m., Jan. 28, at Westinghouse dining hall.

The following board members are up again for re-election: Herbert Deems, John Dickson, C. C. Hartley, Jack Imler, Jerry Spears, Sr. The following seven names complete the list of 12 nominees: K. M. Elder, James Henery, P. A. Jackson, Dewey Parris, Howard Prout, Charles Weaver, Curt Wilcox.

Robin Freeman, Ohio State All-American basketball player, has been announced as guest speaker.

Every adult YMCA member in attendance at this meeting will have an opportunity to vote for the members of the board of management and the advisory council.

He had served as pastor of Burgess Avenue Church in 1930 and 1931.

His survivors include his wife, Theresa; one daughter, Mrs. Neil Smith of Phoenix; two sons, Edward of Columbus, and Robert of St. Marys; two brothers, George of Buckeye Lake, and Elmer of Bexley; eight grandchildren and one great-grandchild.

Leslie Morris Wins Stork Derby

Something of a celebrity around our end of town is the tiny new daughter of Mr. and Mrs. Kay Morris, 3710 Briggs-rd, shown above with her mother. First new Hilltop resident of the year, little Leslie Kay Morris made her debut in Doctor's Hospital at 2:36 a.m. Jan. 1, weighing in at six pounds, two ounces.

Leslie Kay Morris, lucky little new arrival in Hilltop, USA, received a warm welcome indeed, not only from her proud parents but from many Hilltop merchants. As first Hilltop baby of 1957, she and her family will receive stacks of lovely presents, all gifts from local businessmen.

Leslie's father is a post-graduate student at Ohio State University where he is working on his Ph.D. degree in classical languages. He is also an assistant instructor in languages.

Mrs. Morris was a member of the faculty of Starling Junior High School where she taught Latin and Spanish.

Residents of Westgate Manor since August 1955, the Morrises moved to the Hilltop from Akron.

Police Keep Watchful Eye On Youth Here

Police have been keeping a watchful eye on an upward trend in juvenile delinquency in this area, the juvenile bureau told the Record.

In one such case two 18-year-olds, one a Hilltop youth who had been released from a Colorado reformatory two weeks earlier and the other a West Sider who has a burglary record, received five-day jail sentences and fines of $35 each. Accompanied by four younger boys the youths had incited a fight Dec. 21 at Broad and Hague-av, police said.

They allegedly disturbed a carload of teenage carolers returning to the Hilltop Lutheran Church. The fight was continued at the church entrance, disrupting a Christmas program. They were charged by police with disturbing a religious service and disorderly conduct.

Of the four younger boys, aged 15 to 17, three were placed on probation and the fourth is entering military school.

Other cases, some involving defacing of church property have been reported here earlier.

Too Close For Comfort!

The New Year arrived with a jolt for one Hilltop woman.

Dorothy Scanlon of 452 Wrexham-av told police that seven panes of her bedroom window were shattered by pellets from the shotgun of a celebrating neighbor. The midnight blast missed her by a foot, she said.

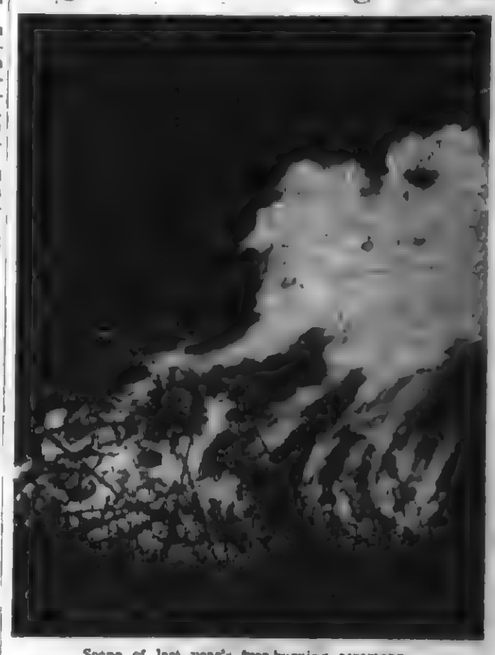
Builds House

A permit to build a four-room concrete block dwelling at 2377 Koebel-rd has been issued to William Levering, 151 S. Burgess-av.

Wm. Trott, Local Businessman, Dies

William Joseph Trott, 60, of 2333 Harrisburg-pk, owner and operator of the Trott Plumbing Co., 1837 Sullivant-av, died Monday in Grant Hospital.

Mr. Trott was a member of Master Plumber's Association, American Legion Post 1, a veteran of World War I and a member of Our Lady of Perpetual Health Catholic Church, Grove City.



Surviving are his wife, Lena N. Tr[illegible]; a brother, Albert X. Trott, and three sisters, Mrs. Flora Meinert, Mrs. Louise M. Brophy and Mrs. Emily Gorman. All are of Columbus.

Requiem high mass was sung at 9:30 a. m. Thursday in St. Mary Church. He was buried in St. Joseph Cemetery by Egan-Ryan Funeral Home.

Taken To Hospital

Fire Department emergency squad men took Luther Morrison, 78, 445 S. Highland-av, to University Hospital when he became ill last week.

Community Invited To Enact English 'Tree-Burning' Ritual

Scene of last year's tree-burning ceremony.

An age old ceremony, "The Burning of the Trees," will be enacted this coming Sunday evening at 7 o'clock at the corner of Phillipi-rd and Fisher-rd, on the Albert Tinapple farm.

The custom, which originated centuries ago in England, takes place on the 12th night following Christmas (the night the Wise Men came bearing gifts) and originally consisted of a pudding supper, followed by the burning of the trees and carol singing. The event marks the official end of the holiday season.

With the choirs of 20 or more of the various churches throughout the county, the Hilltop and the West Side of Columbus participating in this year's ceremony, residents are invited to bring their Christmas trees before 7 p.m. and add it to the pile. Spectators should also bring a flashlight.

Robert C. Johnson, choir director of Hilltop Lutheran Church, will direct the choirs, and members of the Ohio State University Marching Band will be on hand to provide background music. A prayer by Rev. John E. Hydinger, pastor of Hilltop Lutheran Church, will precede the burning.

The ceremony, began here four years ago, lasts only about an half-hour and there will be no admission charge or collection. All residents of west Columbus, the Hilltop, and the rural county area are invited to attend. They are encouraged to bring their friends and relatives. Also, all churches are encouraged to have their choirs participate in the singing.

Last year there were more than 200 trees in the burning and flames reached hundreds of feet into the air. The Franklin Township Fire Dept. and local police will be on duty during the event.

Directions for most people to get there would be to go to Phillipi-rd at W. Broad-st, and then proceed north past Westinghouse plant to Fisher rd. At that intersection, there will be parking instructions.

Annexation Adds 1119 Acres To City

Action By Court Culminates Long Legal Battle

Columbus City limit signs were moved westward Monday to include 1119 acres in Franklin Township, after a decision by Common Pleas Court Judge Ralph J Bartlett opened the doors for the legal action.

The area annexed includes five residential tracts generally located between the city limits and the General Motors Ternstedt plants. Included in the district are:

212 acres between Sullivant-av and Briggs-rd, immediately east of Demorest-rd.

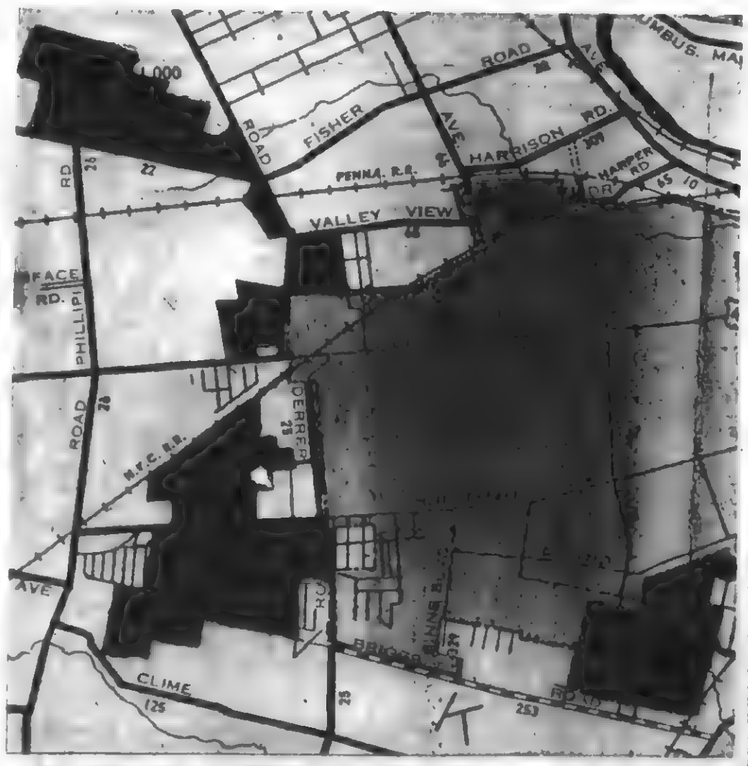
Approximately 147 acres north of Sullivant-av on the west side of Derrer-rd, including the Franklin Heights Addition.

259 acres south of Sullivant-av between the Rosary and Georgian Heights Additions, including Westgate Manor.

About 401 acres on both sides of Wilson-rd north of Broad-st, bordering the north and east property lines of the Columbus Westinghouse plant.

Some 100 acres immediately southwest of the intersection of Mound-st and Clarendon-av.

Tied up in litigation for more than a year, the five tracts were approved by the County Comissioners for annexation between June and December of 1955. Judge Bartlett in his ruling stated that there was no evidence presented in the case that the County Commissioners did not act in a proper manner in granting the annexation.



Thomas Applegate, counsel for the Franklin Township Citizens Associations, said after the ruling that he intended to appeal the decision, particularly for the area of 212 acres between Sullivant-av and Briggs-rd.

Appeals Court Judge Fred J. Miller, after an informal conference with both city and township attorneys, stated that $50,000 bond would have to be posted for each case that was to be appealed. Applegate left the meeting saying that he had been "Bonded right out of court."

First Assistant City Attorney Russell Leach requested Judge Miller to ask for a high bond, since the city stood to lose 1957 property tax revenue if the annexation could not be put before council by midnight.

Applegate lost a last minute effort to halt annexation of two tracts when he failed to locate Judge Miller shortly before the five o'clock deadline. These areas were the 259 acre tract south of Sullivant-av and the 147 acres between Sullivant-av and the New York Central railroad.

According to Applegate, Harold Deere had indicated that he would post bond to stop annexation of the two areas. Deere owns property in both tracts.

Area recently annexed to Columbus is indicated by the black areas shown on the above map. The five residential tracts add approximately 1119 acres to the city and extend the boundry to the south and west of the Hilltop area.

Integration Into City Schools Is Biggest Problem

Responsibility for an estimated 800 to 900 school children was thrust upon the Columbus school system early this week when city council annexed approximately 1119 acres in Franklin Township.

Every effort is being made to integrate the students as quickly as possible according to Dr. Harold Eibling, superintendant of Columbus schools. Dr. Eibling stated that he expected all the students to be transfered to city schools by the end of next week.

Statements by V. J. Ullman, executive head of the South West school district, that the county school would not legally be able to accept the students from this area prompted a quiet rhubarb between the two school heads.

Ullman stated that he wanted it made clear that the South West district is not the ones who are turning children away. "When city council accepted that territory, those children became the responsibility of the Columbus school system. Anything that we would do without recognizing this would be illegal."

Although not picked up by district buses, the children attended their regular classes in the South West schools Wednesday. Students who were registering for the first time in the annexed areas were sent to Columbus [illegible].

Refuse Pickup Set

Garbage and refuse pickup in the newly annexed Columbus areas was promised to begin before the end of this week by Floyd C. Redick, Columbus Service Director. City Council had earlier earmarked $70,000 for the purchase of six new garbage trucks to service the new districts.

PATTY CAKE...PATTY CAKE...

Men To Vie For Cake-Baking Honors At Farm Institute

Alton Grange men will soon be laying aside their feed buckets and pitchforks and working with mixing bowls and spatulas. It's almost time for their annual cake baking contest!

The "for men only" baking contest was introduced at last year's Alton Community Institute where four participants vied for top baking honors. However, one entry turned out to be unmistakably a pie instead of a cake — so all three cakes were prize winners!

Many other areas of competition will be featured at this year's institute Jan. 11-12 at Alton Grange Hall. Baking and sewing contests will be held for the top three white cakes, dark cakes, angle food cakes, sugar cookies, aprons, pillow cases and towels. The last three items must be made from printed feed sacks.

In the farm produce division, first, second and third prize premiums will be given for pecks of wheat, soy beans, shelled corn, oats, brown eggs and white eggs. The grain, eggs, cakes and sewing will be sold at a Saturday afternoon auction.

Four Speakers Listed

Victor Ewald, coordinator of volunteer services for Columbus State Hospital, will give an address and show a film at the 8 p.m. session on Jan. 11. Other speakers include Cap Arnold, formerly associated with the Washington Farm Production Credit Commission and member of the OSU faculty for 10 years, and Miss Mary O'Brien, executive director of the Association of the Blind. Both will speak at Friday's 1 p.m. session.

Ed Pickering, a farm exchange student to Israel, will describe his two years of touring and living in Israel at the 1 p.m. session on Jan. 12. Arnold will discuss "Some Things I See Ahead" at the same meeting.

Other highlights of the institute will be films of Ohio by Standard Oil Company and a paint selection demonstration by Hilliards FFA.

Six 4-H clubs will compete for a $10 cash award at the Saturday morning session. The clubs will be judged on an exhibit, four posters, a short program and number of members present. Each participating club will receive a prize, ranging from $3 to $10.

Rev. Kurt Meuschke of St. Paul's Lutheran Church of Reno will open Friday's program at 10:30 a.m. with the invocation. Saturday's events will begin at 9:30 a.m. with the invocation by Rev. G. G. Peters of Columbia Heights Methodist Church.

GIVING A MASCULINE TOUCH to a feminine occupation are Lowell Durban (left) and Ellis Hoffman, who are out to prove that women have no monopoly on cake baking. The two men will try to out-bake "fellow" rivals (and each other!) at the annual cake-baking contest of the Alton Community Institute Jan. 11-12 at Alton Grange Hall.

Music will be provided by Steven Geyer and piano solo by Patty Parker. Prairie Township School orchestra and school choir, under the direction of Miss Mary Fitzgerald. Other musical features will be a tap dancing act by Janice Smith and Delores Mathews of Columbus Junior Theater, vocal solo by Patty Parker.

Prairie Ramblers will set the rhythm for round and square dancing at Saturday evening's session at 8:30.

Officers for this year's institute, sponsored by Alton Grange No. 1998, are: chairman, Ellis Hoffman; vice-chairman, Lowell Durban; and secretary-treasurer, Mrs. Florene Jones. Members of the executive committee are Doris Weeks, Carl Geyer, Tom Smith, Forest Brush and George Purdum.

Alton Community Institute, sponsored for 20 years by Alton Grange, is the only institute held in Franklin County. More than 125 persons are expected to participate.

FAMOUS ANNOUNCER FINDS "BEST BUY" IN AUTO INSURANCE

RED BARBER
distinguished sportscaster on radio and TV, says:
"I proved to myself that State Farm Insurance costs less!
"I like the way State Farm Mutual aims to insure careful drivers only. This keeps insurance costs low.
"My own case proves State Farm rates are low. In New York, where I live . . . for the insurance I carry on my two cars . . . I not only get broader coverage—State Farm rates save me $82.91."
"I also like the fair way State Farm charges additional cost, such as the rates accident. They don't make it part of the premium . . . you don't have to pay it year after year. Instead, it's covered by a membership fee, paid once and only once—the first time you take out a coverage.
"If you want top-notch auto insurance at rock-bottom rates, phone the agent listed below. Find out what you can save."

HAPPY NEW YEAR!

My sincere thanks to Mr. Hartley and members of the staff of The Hilltop Record, and to readers of this department for encouragement, loyalty and cooperation in 1956. My best wishes for your happiness, good health and prosperity in 1957. My thanks too, for all the Christmas cards and gifts, till you can be thanked individually.

• • •

After-Christmas scene: a trash can filled with gay Christmas paper, with an empty aspirin bottle on the top of the heap. It was in a friend's back yard; she says there will be another empty aspirin bottle when the Christmas bills start coming in.

• • •

Two highlights of the holiday season were the church play in which our granddaughter took part, and the big Christmas party given for the children of the Columbus & Southern Ohio Electric Co. employes. We chaperoned our two grandchildren to the latter, and the parents and grandparents present enjoyed it as much as the children did. The church pageant was lovely—what if some of the angels' halos did fall off and one of the Wise Men forgot his lines? That made it all the sweeter. Children's voices always sound better if one or two are off-key, too. One cute little boy had a black eye, which made each parent want to go right up and hug him—but we w o u l d n ' t have dared!

• • •

It is interesting to sit back and listen to a group of average, intelligent Americans discuss any subject, as I did recently. The subject was the outstanding events of 1956. One teenager considered the Suez affair the most outstanding; another teenager thought the election was the most important. A teacher mentioned the rise in popularity of Elvis, and the fall of Liberace; two mentioned the paying-off of their church mortgage; another the paying-off of their home m o r t g a g e. Still another thought the taking-on of the mortgage of her new home the most important event of 1956: another mentioned Grace Kelly's marriage; another the ship-wreck near New York, but could not remember the names of the two ships involved; (she is a teacher) there were m e n t i o n s of new babies and grandchildren—which are most important to anyone.

• • •

A friend wrote on her Christmas card: "May your life be Heaven in 1957." Nobody expects Heaven down here, but I hope your New Year will be ALMOST like it.

Big gains are forecast for railroads in next ten years.

County Listed Only 16 Polio Cases In 1956

Polio patient care in Franklin County during 1956 has cost $91,994.56, it was reported by the Franklin County Polio Chapter.

With only 16 new polio cases reported locally during this year, the majority of the bills paid by the chapter has been for persons stricken with polio in former years, who need continued treatment. Three of these patients from earlier years each have received more than $20,000 worth of hospitalization and rehabilitation at Chapter expense, financed by the annual March of Dimes.

A rate increase for care in the Children's Hospital Respirator Center was announced. The new rate, which is now in effect, is $29.50 per day.

LOYALTY

Since little Johnnie's personal horizon had been greatly extended by several months at kindergarten, his mother decided to inquire concerning his current loyalties.

"Dear, said she, "whom do you love the best?"

The youngster pondered the query soberly and then replied, "Well-I love you best, Mommie, and Daddy next best, and my teacher the least. And in between come a lot of dogs.

Holidays Over? Not Quite

ONE MORE HOLIDAY is in store for these members of the French Club at West High. Examining important ... reps for "The Day of the Kings" are left to right, Harriet Slabaugh, 57 N. Brinker-av; Don Kerr, 266 Belvidere-av, and Anne Evans, 2710 Vide-pl.

For most Americans, New Year's Day signals the end of the holidays for a while . . . but not so the French.

Members of the French Club of West High School decided it would be fun to celebrate a Continental holiday . . . "Les Jour des Rois" (the day of the kings). Dated Jan. 6, it marks the 12th night after the Nativity when the three Wise Men were believed to have arrived at Bethlehem.

In France the event is celebrated with family gatherings and feasting. Gift giving is reserved for children only on Christmas and adults on New Years.

At 7 p.m. Tuesday, Jan. 8 the club and its advisor, Miss Leona Glenn, will meet at Westgate Shelter house. A huge specially baked cake containing a hidden miniature doll will be cut. The lucky finder of the doll will be declared king or queen of the feast and will be privileged to pick an escort from the crowd.

Tradition has it that the selection is sealed with a kiss—then for a short time after everyone imitates the actions of the king and queen.

A dance will follow. On the committee are Harriett Slabaugh, chairman, Jerry Holycrest, Margie Weiler, Ronnie Drake, Kay Thivener, Bob Conrad, Peggy Edwards and Charles Hilleck.

THIS WEEK LOOK FOR GOOD BUYS IN: New green cabbage, tangerines, grapefruit, Ohio apples, and potatoes.

1957 Food Outlook and Trends in Food Marketing

There has been a change in the kind and amount of food consumed by families in the past half century. Better marketing and abundant food supplies have largely been responsible for the high level consumption of food.

If the annual increase of three million persons holds, in 1957 there will be about 171.6 million persons. Demand for food will increase proportionately with population increase.

Most families eat more dairy products, eggs, poultry, vegetables and fruits, but fewer potatoes and grain products than they did at the turn of the century. Meat consumption remains fairly stable, but fat and sugar consumption is up a little. Vitamins A, B and C, calcium and iron intake has increased.

New developments and improved efficiency in the production of farm products is expected to keep pace with the increased population demand for food for at least the next few years.

Between 1940 and 1955 the total population increased 26 per cent with non farm population rising over 40 per cent and the farm population shrinking 23 per cent. The gain in the non-farm population was primarily responsible for 43 per cent increase in the volume of farm products going through the marketing system. These fewer families produce food for home consumption; more families depend upon retail markets for their food supply. Expanded marketing facilities have developed to provide consumers with the food they need at the time, the place, and the price they can afford to pay.

With the increasing demand for processed and prepared foods, purchased meals, and the general trend toward an "urbanized" economy, there is not much doubt amout the growing importance of these services. These added services have been a major factor in maintaining food expenditures at around one-fourth of consumer income over the last two decades.

With higher incomes and further technological advances, services that consumers want and get with their food products are likely to increase at a fast rate. Many major industries have already contracted for wage increases. Wage increases usually are reflected in cost of living increases. Market basket costs are expected to rise slightly to include increased transportation and labor costs.

So the cycle goes. Higher incomes make for greater demand for food and other goods. This in turn pushes prices higher.

Freezer-Food Plan Not Always Good

If you are contemplating buying a freezer that includes a food plan, ask yourself this question. "Am I really getting a bargain?" advises Thelma Beall, extension home management specialist at the Ohio State University.

The method of selling freezers with food plans has caught on largely because the consumer is apt to lend an ear to anyone who offers a so-called "remedy" to the high cost of living. Exaggerated claims are often made as to the great savings which can be made by the purchase of a freezer with a food plan.

To this, the home management specialist says, "Investigate carefully. Freezers with food plans are essentially a means of selling both a freezer and an allotted amount of frozen food on the time plan. Neither the food nor the freezer is being given to you."

Find out the answers to the following questions before buying a freezer that is combined with a food plan:

Does the contract state exactly how much you are to pay for the freezer itself? for the food?

What down payment would be required for the freezer? for the food?

What carrying charge would you pay on the freezer? on the food?

What is the monthly payment on the freezer? on the food?

What rate of interest would you have to pay?

Is there an extra charge for food processing? for the delivery of the food?

In accepting the food plan, can you select the brands and varieties of foods you want, or must you take some which your family doesn't like? If you buy a quantity of meat, how much of it will be in soupbones, hocks, cheap cuts? What grade meat will be supplied? What is the quality of the other foods offered?

What would you have to pay for the freezer only, if you purchased one elsewhere? How much would you pay for a like amount of food of the kind you want, when you want it, if you bought through other channels?

"Consider all these things, know the answers, and you'll be able to determine whether you are getting a safe, reliable freezer-food plan buy, or one that is just another "come on type," concludes Miss Beall.

Barbara Voorhees Is Bride Of Robert Hill

Miss Barbara Lee Voorhees and Mrs. Robert Lowell Hill repeated their marriage vows Dec. 22 in the North Broadway Methodist Church. Dr. W. Henry Shillington and Dr. Lance Webb officiated at the 7:30 p.m. service before an altar decorated with white poinsettias, holly and seven-branch candelabra.

The bride is the daughter of Mr. and Mrs. Robert Drake Voorhees, 538 Wrexham-av, and her husband's parents are Mr. and Mrs. Charles Lowell Hill, Bellaire.

The bridal gown of silk peau de sole and Alencon lace was designed with a fitted bodice, tufted sabrina neckline, long sleeves tapering to ruffled points over the hands, and a bouffant skirt featuring a bustle pouf back.

A reverse princess crown of seed pearls and iridescents held her veil of French illusion and she carried a cascade arm bouquet of white orchids surrounded with tiny red carnations and streamers of holly and ribbon.

Miss Diane Lee, maid of honor, wore a Christmas green velveteen gown with fitted bodice, portrait neckline and hooped, ballerina length skirt.

Miss Judy Banner, Miss Carol McPherson, Miss Miriam Smith and Miss Joanne Menchofer, the bridesmaids, wore Christmas red ensembles, styled identically with the one worn by the honor attendant. They all carried white fur muffs with arrangements of red poinsettias surrounded with red and white carnation streamers.

Mr. Charles Gary Hill served as bestman for his brother and guests were seated by Mr. Eugene Cross, Mr. Rudolph Studence, Mr. William Shillington and Mr. Robert Voorhees, brother of the bride.

Mrs. Voorhees chose for her daughter's wedding an empire frock of turquoise peau de soie, white accessories and a corsage of red roses.

The bridegroom's mother wore a beige sheath of silk faille and wool with matching accessories and an identical corsage.

Hostesses for the reception held at the Athletic Club were Mrs. William Keaney, Mrs. Robert Boldt, Miss Shirley Boldt and Mrs. Eugene Cross.

The new Mrs. Hill was graduated from West High School and attended Ohio State University. She is now enrolled in the New York Academy of Fashion Design.

Her husband was graduated from Bellaire High School and from Ohio State University College of Law where he was a member of Alpha Phi Sigma Honorary, president of Phi Alpha Delta, senior class president, chairman of Moot Court and assistant editor of Ohio State Law Journal. He is now serving with the U.S. Army.

Following a wedding trip through Poconos, New York City and the South, Mr. Hill will leave the last of January for his assignment in Nellgen, Germany. Mrs. Hill will join him in Germany in March.

Christmas Spirit Still Lives In The Hearts Of People

CHRISTMAS DIDN'T PROMISE to be very merry for the William Anderson children when a fire swept through their home a week before Christmas, destroying clothing, furniture and almost everything in the house. However, with the kindness and generosity of many groups and individuals, the Andersons were helped back on their feet with contributions of clothing, furniture, toys and funds. Sitting in front of the Christmas tree which 11-year-old Luetta received at school are Kathy, Billy and David (on Luetta's lap).

Many years ago, Francis Church told Virginia O'Hanlon, in the famous New York Sun editorial, that the Christmas spirit would live a thousand years.

This year the New Rome community and many other groups proved to the William Anderson family that today at least, the Christmas spirit is still very much alive.

A fire swept through the Anderson home at 236 Rome-Hilliards-rd a week before Christmas, destroying furniture, clothing and almost everything in the house. A neighbor, Mrs. Earnest Shaner, 244 Rome-Hilliards-rd, made an appeal for the family through this newspaper, two weeks ago and the response was wonderful and generous.

Anderson's milkman found a vacant home for the family on W. Broad-st across from Lincoln Lodge. Lincoln Village, New Rome and the West Side communities contributed furniture, rugs and clothing to the family. New Rome residents also surprised the family with a large supply of groceries and $25 worth of coal.

Clothing and money were donated by the cleaning establishment which employs Mrs. Anderson. Anderson works at Ternstedt Division which also contributed money and toys.

Additional supplies were given by the West Franklin Kiwanis Club and various missions. Charity Newsie outfitted both parents and the four children in complete suits of clothing. Everyone received shoes from Engine House No. 10.

"So many people came to the house with things for us that I'm not even sure who brought everything," Anderson said. "But people were very generous and we're thankful for everything. We're most thankful, though, that we got the children out of the fire safely."

Eleven-year-old Luetta, who said it was like a "nightmare" when she was called at school and told of the fire, received some "Christmas spirit" from her classmates and teacher. They gave her the school Christmas tree and some of the children contributed decorations. "Some have clothing for me, too," Luetta added.

Yes, the Christmas spirit will live a thousand years, as long as it is nourished by the kindness and generosity of hearts like these.

WILL THIS BE THE YEAR?
Many worldly wise men have guessed as that this might be the year when civilization will destroy itself. If so, the message of Christ and the Church is the only offer of Peace and Eternal Life.
Live this year as though it were your last—in Church.

For Your Thoughts

More people were killed afoot than in autos last year. Do you think stiffer penalties should be given pedestrians who violate laws? If so, what?

Mrs. Robert M. Briggs, 317 S. Ogden-av: Yes, I definitely do. I read recently that pedestrians who drink should be treated like drivers who drink and I agree with that. I feel that a pedestrian violator is as wrong as a reckless driver, and should receive the same penalties.

Joseph Greene, Jr., 915 Whitethorne-av: "I certainly do, since I drive for a living. I don't think the penalties should be any stiffer but I think they should be enforced a lot more. The most frequent violation I see in the downtown area is walking against the walk lights. I think they should crack down on these violators because it's so hazardous."

Jack Howell, 451 S. Warren-av: "Why shouldn't they? They penalize drivers. They should penalize anyone who purposefully breaks laws. Of course, some get caught and some don't, but I suppose if you wanted to get every violator you'd have to have as many policemen as people."

Mrs. Hazel Lloyd, 191 S. Terrace-av: "I do think they should be corrected more. Usually they are just told or lectured but not penalized. I think they should be penalized $10 for violating laws. Drivers know where to look for cars but they never know where a pedestrian is going to pop out. They can't have eyes all over their heads."

Mrs. John McGath, 1016 Chestershire-rd: "I think pedestrians could be penalized the same as drivers who are in the wrong. I notice that at dusk, it's often very difficult to see pedestrians crossing the street and I don't think they realize this or they would be more careful. Also it's very risky to turn corners downtown and here again, I think pedestrians could help the motorists by being more careful."

Truman Gorrell, 798 S. Eureka-av: "Yes, I think they should be fined $5 so that they would be more equal to motorists. I drive for a living ,a bus driver, and I find more people jay-walking than anything else."

Outdoor Notes

NOTES TO THE OHIO SPORTSMAN: The upland game hunting season is virtually over, but venturesome gunners can tramp the hills of southeastern Ohio for grouse all through the month of January. Grouse hunters probably are seeing fewer birds than last year, but the birds are still numerous enough for good hunting. Grouse are never "thick" anywhere, though. In some areas, grouse are known to be feeding heavily on wild grapes at the present time — grouse hunters take note!

Night hunting and trapping continue through January. Many coon hunters claim that the chases are longer, that hunting is a little more difficult, but much more exciting during January. Coon hunting is reported to be good at the present time. Fox and crow hunting are other lively possibilities.

Ice fishing will be popular this month—if there is ice. An unseasonably warm December has delayed ice fishing thus far, although winter fishing for bluegills was very good for a short time when the ice was safe on Indian Lake. Try any lake or pond near your home with an ice fly tipped with a grub or maggot. Some inland waters that are unproductive of bluegills during the summer, offer fine fishing through the ice.

It seems apparent that deer hunting was generally distributed throughout the state. Twenty counties were flown by Division personnel who reported that hunter concentrations were noticeable chiefly on public hunting lands. The deer kill was lower for many northeastern counties while it was higher for many southern Ohio counties. Many counties open to deer hunting for the first time yielded a surprisingly high count in spite of low hunting pressure. Reports indicate that deer sign was common over a large area of the state.

Outdoor Calendar for January

These HILLTOP DRUGGISTS Ask You . . .

WHEN WAS THE LAST TIME YOUR DOCTOR GAVE YOU A COMPLETE PHYSICAL EXAMINATION?

Was it a year ago? If so, it's time for another right now. If it has been eighteen months or two years, call your doctor in the morning! And there are people who are reading this message who have not had a thorough physical for years. This poor judgement is often shown by many people who are regularly smart and discerning on other important matters. Most people take excellent care of their automobiles, pets and homes but neglect their most important possession, their human body.

There is nothing seriously wrong with most people but it is just common sense to MAKE SURE. Hilltop is blessed with a large number of excellent doctors of medicine. It is not difficult to make an appointment for an examination. The examination does not take long, and it is inexpensive. Furthermore, it may discover something that needs attention to give you a longer, happier and healthier life. If you are not acquainted with Hilltop doctors, the pharmacists below will be happy to recommend one.

For Your Health's Sake—Visit Your Doctor & Your Pharmacist

Your pharmacy has raised its prices less in proportion to the general increased cost of living than any other merchant with whom you deal. The cost of a physician's call is no greater than that of a plumber or an electrician. The cost of medicine he prescribes is no higher than the cost of a valve, a faucet or an electric outlet.

ECONOGRAM

Price of hogs is likely to advance during the next sixth to eight months and be generally the highest since 1954. The large corn crop and smaller decline than usual in hog prices has made producers more confident. Pork purchase program discontinued for time being.

Feed grain prices will likely average slightly higher in 1957 feeding year but oilseed meals will be lower. Seasonal gains in feed grain prices this winter and spring will likely be moderate, and prices next summer may be close to those this summer. "Free" supplies of feed may be relatively scarce next summer and prices will be closely associated with the relative size of supplies redeemed by farmers or released by CCC.

Milk production during November was 8757 million pounds—one percent above the previous record of last year and 12 percent above 10 year average. Increase result of higher production per cow (17.4 pounds and five percent above previous record), record high rate of grain feeding and mild weather.

Egg production in farm flocks during the first 11 months of 1956 was at a record 58.596 million. This is two percent above last year and six percent above 1954-56 average. November production was 14.6 eggs per hen, compared with 14.1 last year and 10 year average of 11.0 eggs.

Turkey breeder hen intentions for 1957, in 15 states with about 80 percent of the breeder hens, show that holdings of heavy breed hens on Jan. 1 will be about 16 percent larger than a year ago. Holdings of heavy whites are expected to be 20 percent larger and bronze and other heavy hens 15 percent larger. Ohio intentions are for a 17 percent and nine percent increase respectively. Light type hen holdings in U.S. are expected to decline three percent while Ohio holdings are likely to remain the same.

Farm labor continues to drop. Two million fewer persons worked on farms in November than in October. Compared with a year ago there were six fewer family workers and four percent fewer hired workers.

Grains under price support as of Nov. 15 showed 219 million bushels of 1956 crop of wheat and nearly 35 million bushels of 1956 soybeans under loan or purchase agreement.

Purchase of eggs by USDA has been discontinued for the time being. This fall purchases amounted to 584,134 cases. Supplies now sufficient to fill outlets thru January.

Frozen food use in restaurants is on the increase. Recent USDA repotrs found that of vegetables purchased by restaurants, 21 percent was in frozen form, 38 percent canned and 31 percent fresh.

Winter vegetable production about 10 percent less than last year due largely to drouth and shortage of water for irrigation in South Texas.

Corn referendum. Ohio farmers voted 71 percent in favor of the base acreage program. However, in United States (34 states) the vote was 38.8 percent in favor of allotments which makes allotments effective with a support price in commercial counties of $1.36 per bushel, national average for those who stay within their allotment.

West Is Third At Defiance

After losing the opening game to Shelby, 48-48, West humbled Defiance 49-47 to gain third place in the Defiance Holiday Carnival tournament last week.

The Cowboys gained the winning margin in the last fifteen seconds when Tom Armentrout dunked a bungy shot to break a 47-47 tie. Neither team gained more than a six-point lead throughout the entire game. Ron Dixon was high point man with 10 while three other Cowboys collected eight.

West trailed throughout the entire first game with quarter scores of 10-7, 24-15 and 33-29. Ron Dixon was top scorer for the Cowboys with 18 points. Shelby was undefeated going against West.

Good books are the best of friends; the same today and always. They are as near as your Columbus Public Library.

Heights Loses Two Contests

Despite losing both ends of a tournament twin-bill, the Franklin Heights cagers ripped nets for a season scoring high in losing to Watterson 51-35. Heights lost the opener to Whitehall 90-25.

Center Bill Jackson led the way in the first game with 10 points while Dick Shipley and William Johnson each collected six. Whitehall led comfortably throughout the entire game posting quarter scores of 20-5, 50-12, 61-21.

Watterson marched to a 19-6 first quarter lead which slowly grew to 30-17 and 40-28 during the second and third quarters. Bob Pearse meshed nearly half the Heights points by accounting for 17. Guard Bill Jackson sank nine while center Dick Norris dunked five.

Toss Rome Manor Subdivision Problem to County Prosecutor

A 26 year-old problem concerning Rome Manor was handed to County Prosecutor Samuel L. Devine recently by the County Commissioner.

Approved in 1918, the subdivision running from Broad-st to Sullivant-av just south of Lincoln Lodge "would create slums if developed," according to New Rome Mayor Delmar J. Kuns.

Devine will be asked if present county regulations requiring at least eight feet in width sidewalks can be enforced. The lots have a 25 foot frontage and are 110 feet deep. Devine may also be asked if the county health department will be permitted to decide whether septic tanks may be installed.

Chihuahua Has 'Full House'

Something rare in "Dogdom" occurred when Pepper, a two-year-old Mexican Chihuahua belonging to Mr. and Mrs. Ellsworth Brown, 48 Clarendon-av, gave birth early Monday morning to five small puppies. Believed to be something of a record, Mrs. Brown says that she has never heard of a similar case — that Chihuahuas rarely give birth to more than three, and even that is considered a large litter. Pepper has twice before been a mother, having one puppy on each occasion. Mrs. Brown, who was up all night attending Pepper during the birth, hopes some day to have a commercial kennel and raise registered Chihuahuas.

Ward Dailey Is Two-Time Winner

Ward Dailey, 607 Larcomb-av, became a two-time winner in The Hilltop Record's "Confederate" money game, when he found a $1 insignia in his copy of the Record last week.

Dailey, winner of a $40 jackpot in "Confederate" money last March, exchanged his copy of last week's Record for one "Confederate" bill.

The big jackpot insignia as well as the other nine $1 insignia, went begging. No winner last week means today's jackpot insignia is worth $70.

As usual, ten other $1 insignia are also placed on ads in ten other copies of today's Record.

All newspapers containing "Confederate" money insignia may be redeemed at The Hilltop Record office, 2465 W. Broad-st, before Saturday noon. Any subscriber, with the exception of employes, carriers or members of their families is eligible.

OHIO NATIONAL MOVES UP KNEISLEY, METTGE

Promotion of Robert L. Kneisley from the regional branch manager to assistant vice president of the Ohio National Bank was approved by the directors of the bank Tuesday.

It was also announced that Paul W. Mettge has been named manager of the Hilltop Branch of the Ohio National Bank.

Kneisley · Mettge

Two other Hilltoppers, Curtis W. Wilcox and Raymond J. Eyerman, were re-elected vice presidents. Henry C. Ruegg was renamed trust officer.

Branch managers renamed include: James F. Goudy, Great Western; William N. Hearth, Mound-Central; Charles E. Allen, Upper Arlington, Eugene M. Roach, West Side.

Kneisley, the new assistant vice president, started as a messenger in 1934 and served through various assignments in the bank until he was named assistant manager of the West Side office in 1943. He became manager of the Hilltop office in 1949 and was named regional supervisor of the four offices serving Columbus' West Side—Great Western, Hilltop, Mound-Central and West Side — in 1956. He is a native of Gettysburg, O., and was educated in the public schools there, and is a graduate of the Wisconsin School of Banking. He is married, has one son, and lives at 1457 Worthington-pl.

Mettge started his banking career as a bookkeeper at University office in 1942. He served two years with the Air Force in England, and upon his return was re-assigned to the University office as head bookkeeper. He later served as assistant manager of the Linden and Miller-Main offices prior to his transfer as assistant manager of the Hilltop office in April, 1956. He is a graduate of West High School, is married, has two daughters, and lives at 1124 Berkeley-rd.

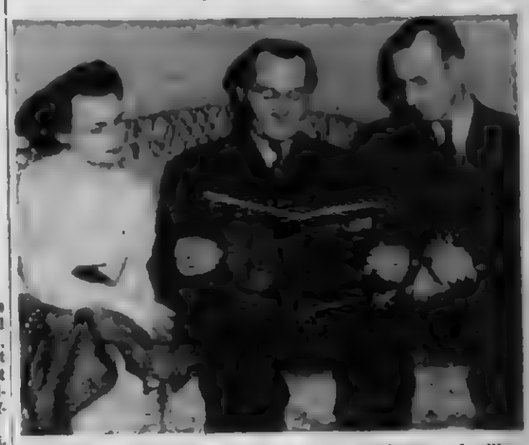
New officers-elect are president, E. O. Johnson; first vice-president, E. E. Schnedler; second vice-president, Noble Allen; secretary, Otto Best and treasurer, Richard Nash.

Members of the board of directors are Otto Best, C. Carlton Hartley, Bill Jones, Robert L. Kneisley, O. D. Lehman, Don McVay and Phillip V. Stout.

Past president Dr. R. J. Miller will serve as master of ceremonies.

Goodwill Store Opens On Hilltop



A new Goodwill Store, now open at 2793 W Broad-st in the building formerly occupied by Albers Super Market, has available to the public merchandise for the home and family. Freshly reconditioned clothing, furniture and household articles are featured.

Housewives donate discarded clothing and furniture, providing material which provides work for handicapped workers. Donations will be picked up by calling AX. 4-4454 for a Goodwill truck, or may be placed in one of the collection centers in shopping centers throughout the city. Sale of these reconditioned articles in the stores finances a large part of Goodwill Industries.

Friends, Job Found Here By Hungarian

FERENC SERFOZO, Hungarian refugee, points out familiar street scenes of the Hungarian rebellion in a news magazine to Mrs. Charles Roush, 738 S. Wheatland-av, and Rev. George Alexander, 130 S. Burgess-av. Mrs. Roush, who speaks Hungarian, served as interpreter.

By Jean McTeer

Ferenc Serfozo, a 51-year-old shoemaker, is a small man with greying hair and a quiet nature, the kind of man who would appear quite inconspicuous in a gathering.

But he will go down in the annals of history as a man who has earned the gratitude of the whole free world. For Ferenc Serfozo is a "Hungarian Freedom Fighter."

Arriving in this country last Dec. 20, Serfozo is living in the parsonage of the South Burgess Avenue Church of Christ with Rev. George Alexander and his family. With the minister's help he has found a job in a local shoe factory and hopes to learn enough English so that he soon will be able to make his own way.

In his native Hungary, Serfozo was a member of the Hungarian Smallholders Party, a political organization made up of small businessmen and land owners, and that acted as a constant thorn in the side of the Hungarian puppet regime controlled by Moscow. Serfozo, along with several other craftsmen in Budapest had organized a small shoe factory in which they produced hand-made shoes.

Tortured By Police

In 1949 he was arrested by the Hungarian Secret Police as a political prisoner and was subjected to five days of continuous torture and beatings, during which his teeth were knocked out, his fingers twisted and broken, and he was clubbed repeatedly on the head and feet. The majority of his fellow prisoners, he said, did not survive the torture.

Finally released from jail, he was put to work in a state-owned shoe factory. When the rebellion broke out he joined in the fighting and fought continuously in the streets of Budapest until he was forced to flee for his life.

Witnessed Massacre Nov. 17

While attempting to escape across the Austrian border with 15 other refugees last Nov. 17, he witnessed the inhuman massacre of a group of approximately 40 fleeing Hungarians. The group, traveling on foot just ahead of him, was captured by the secret police and herded into an open field where they were mowed down by machine gun fire. Many of them were women and children, he said.

Serfozo knows that he will never again see his wife and two grown daughters whom he was forced to leave behind, but he feels confident that they will not be harmed. He was the one final, the secret police wanted.

He hopes to live out the remainder of his life in America, the country that has offered him refuge, doing the work he knows best, making shoes.

Penny For Your Thoughts

Many magazines are selecting a "Man of the Year." Who would be your selection for a 1956 Man of the Year?

Ralph H. Brown, 420 S. Wheatland-av: "I would select Eisenhower. He's done a lot to keep this country out of war. I think he's one of the best presidents this country has had and a very good diplomat."

Mrs. Earl Hartley, 767 Butler-av: "I think Elvis Presley, because he's a nice boy and I like his voice. His style of singin" is somewhat different. People get tired of the same thing all the time."

Frank Hill, 253 N. Warren-av: "I would select Frank Lausche because he's a common man and would speak to anyone on the street. He always has a good answer for anything and he's a good politician and leader."

Mrs. John R. Dale, 181 N. Ardley-av: "I think Eisenhower because he's done so much for the good of the country. He's certainly a good man."

Mrs. Marvin Kincaid, 241 S. Roys-av: "Dag Hammarskjold would be my selection. I think he made an honest effort throughout last year toward world peace."

John K. Esse, 792 Sims-blvd: "Although Jonas Salk discovered his vaccine more than a year ago, I'd choose him because the effectiveness of the vaccine was proven last year. I think he's done much for people and children and is on the right road toward the cure and preventing of polio."

Land Doubles In Value Nine Times, Yellowed Deeds Prove

Howard F. Wilson, 89 Powhatan-av, is the proud possessor of an ancient, tattered warranty deed showing the transfer of 100 acres of land somewhere near Hilliards, in the year 1836, at a cost of . . . three dollars an [illegible]

Another, dated 12 years late, 1848, legalized the transfer of 50 acres from the same tract at a cost of . . . six dollars an acre. Since then the land has doubled in value nine times, Wilson observes. The deeds involve the Latham and Sullivant families, two famous Ohio pioneer families.

Wilson, who prizes the invalid deeds as two of his proudest possessions, is a Hilltop attorney with offices at 2624 W. Broad-st, and is a descendant of the Latham family, a family that has had some fighting in every war in the history of our country and traces its ancestry back to eleventh-century England and the House of Lanschire. Today the Earl of Lanschire still bears the name of Latham and lives in ancient Latham Castle.

The deeds, passed down through the family, came into Wilson's possession on his last birthday anniversary, as a gift from an aunt.

A living part of early Ohio history, he intends to have them framed and displayed on his office walls.

The earlier deed depicts the sale of 100 acres to Adeline Douglas by six members of the Sullivant family at a total cost of $300. Twelve years later the second deed shows the transfer of 50 acres from the same tract to Moses Latham from Franklin and Adeline Teney at a total cost of $350.

Howard F. Wilson, descendant of Moses Latham, holds a timeworn, 120-year-old land deed. Passed down through the family, the deed is a graphic part of Ohio's history.

"Today the same land probably has a value of between one and two thousand dollars an acre," Wilson says.

Exact Boundary Uncertain

Due to the famous Franklin County Court House fire of 1879, in which all records were destroyed, Wilson feels it would be quite difficult to trace the exact location of the land, as many of the boundaries and landmarks in the early deeds are defined as trees, rocks, and poles which are undoubtedly long out of existence.

"It is interesting to note," Wilson added, "that the style, wording, and form of the deeds are almost identical to those used today."

Anyone interested in Ohio history, and who would like to examine the documents, is cordially invited to stop in at Attorney Wilson's office.

Four-Way Tie In 'Y' League

After a holiday lay-off, the Hilltop "Y" Jr. Church Basketball league resumed operations with a four-game program Saturday afternoon at the Glenwood Recreation Center. In the feature game, Hillcrest Baptist won a hard-fought overtime contest from Burgess EUB 27 to 25. Richter and Stavrides led the Baptist attack with 12 and 8 points while Smith and Daft paced the Burgess squad.

West Park Methodist scored a 26 to 18 win over West Jr. Hi-Y as Tom Arthur came through with nine tallies. Heil with six led the Hi-Y eagers.

Westgate EUB snowed under Westgate Methodist 46 to 11 as Bob Dean poured 22 points through the nets. Dawson scored 10 for EUB. Morris with six and Kern with five were the only Westgate Methodist boys able to solve the Westgate EUB defense.

Glenwood Methodist came from behind to hand Hoge Memorial Presbyterian a 34 to 24 defeat as Bill Burke tallied 13 of his 16 points in the final period. Ricks was high for Hoge with 11 points.

The Merit Scholarship Program is now in its second year. It was established in 1955 through basic grants of $20,500,000 from the Ford Foundation and the Carnegie Corporation of New York. Many national businesses and corporations grant scholarships through the organization.

Local Science Teachers Eligible For Institute

All Franklin County high school teachers of physics and chemistry are eligible for admission to an eight-week Institute for Physics and Chemistry which will be sponsored by the National Science Foundation this summer at Ohio Wesleyan University at Delaware, Dr. Howard N. Maxwell, director of the OWU Institute has announced.

A foundation grant covers all fees, an allowance for books, plus $75 a week for each participant, an additional $15 per week for each dependent (maximum of four) and travel expenses.

The institute will run from June 17 to Aug. 10 and will be limited to 50 participants. The primary objective is to improve the teaching of physics and chemistry at the secondary level.

According to Dr. Maxwell, Ohio Wesleyan will give preference to teachers from smaller high schools. Similar institutes will be conducted at Ohio University and Miami University.

Mt. Sterling Sportsman Counts Road-Killed Game For 1 Year

Carl Cline, an avid raccoon hunter living at 252 New-st, Mt. Sterling, has provided the Division of Wildlife with some rather startling figures regarding the amount of car-killed game he counted last year on the roads between Mt. Sterling and West Jefferson.

By keeping a running day to day account and travelling the same road each day, except Sunday, Cline's final tally showed 65 dead rabbits, 31 pheasants, 7 quail, 8 raccoon, 30 opossum, 6 squirrels and 4 skunks — all on a 19 mile stretch of road.

As revealing as these figures seem to be, the sportsmen should project them on a statewide basis to get some idea of the tremendous amount of game they (the sportsmen) are being deprived of utilizing.

Game management officials are anxious in having other sportsmen who may travel between two given points each day keep a check on the amount of game they see killed along that particular stretch of road. This kind of information is valuable in determining game populations and in setting seasons and bag limits.

YEAR END

Another year has woven its design
Into the tape of time, and stitched a line
Or two across each countenance, and sewed
A final seam where Death inscribed his code . . .
So many fleeting days torn, page by page.
From calendars that measure only age,
So many hours clocked, and minutes spurred
Until their fragmentary forms are blurred
And pale—life slipping, sandlike, through our grasp.
As, futilely, our fancy tries to clasp
Retreating episodes, forgetting them
The only moment that we live is now.

West Bows In Final Minutes

After leading for three quarters, West stalled in the final minutes Friday night as East Tigers proved tough when the chips were down and posted a 54-47 defeat over the host Cowboys.

Guard Mel Nowell meshed a set shot with two minutes remaining in the game to set the Bengals ahead 46-45. West then resorted to a man-to-man defense which proved their undoing as East capitalized on eight free throws to gain the winning margin.

Apparently concerned over their narrow four-point lead at the end of the third period, the Cowboys played control [illegible] throughout the final stanza, taking only seven action shots that netted no points.

Accurate foul shooting from the line by Ron Dixon kept the Cowboys in contention. The tall Bronco center made 12 of 18 free throws and led the West scorers with 18 points. Guard Kenny Clapsaddle accounted for 13.

Quarter leads posted by West were 12-6, 26-22 and 40-36. The reserve game went to the East Cubs 45-33.

Informality In U.S. Amazes Britishers

FIVE-MONTH RESIDENTS of the United States are Mr. and Mrs. Daniel Packard and their seven-year-old son, Charles, former residents of Colchester, England. The English family traveled 4000 miles on their migration to America, where they hope to become citizens. Charles, formerly in the third grade at West Franklin County School, is among the children who have been "annexed" to Columbus Public Schools.

• • •

By Shirlee Manly

Five months and 4000 miles ago, Mr. and Mrs. Daniel Packard and seven-year-old Charles, bid farewell to families, friends and familiarities of their native England—and sailed for America.

This idea had been budding since World War II days when Packard was with the Royal Air Force. Stationed in Canada in 1942, he often visited the United States during his leaves.

"Besides just liking the country, I feel that the future holds more opportunity and security for both my son and myself," he explained. "And you must admit," he added, civilization is moving exactly in this direction."

The Packards found themselves in Columbus on the authority of a cousin, Mrs. Ralph Rundell, 67 Clarendon-av, and established themselves at 614 Wedgewood-dr.

Impressed with Response

During their short United States residency, the English couple have been both impressed and amazed by the friendliness of the people. "We just can't get over the charm and informality of the American people," Mrs. Packard remarked.

"Here you address each other by your Christian names almost as soon as you're introduced," she continued. "In England, I had several coffee dates a week for six months with a friend—and we still addressed each other as Mrs.!"

Mr. Packard, a salesman for Robin Hood flour, made similar observations in his own field. He explained that in England he was always "Mr. Packard" to his customers but here he's been "Dan" to most of them from the very beginning. "It's strange but very comfortable," he concluded.

American "conveniences" have been a constant source of pleasure to this young housewife, who came from a country where television, refrigerators and washing machines are a luxury and packaged foods and cake mixes are just beginning to make an appearance.

"Your life is so easy," she enthused. "My friends in England kid me in letters about not wearing myself out from pushing so many buttons!"

Another American "wonder" to Mrs. Packard is central heating . . . so different from feeling "too hot in front of English fireplaces, too cold away from it and donning a coat and gloves to clean the upstairs."

Better wages are primarily responsible for the high standard of living here rather than a great difference in the price structures, according to Packard. For example, in England a television set costs approximately six months' salary while in America it would cost only about two weeks' salary.

Saw Lincoln Village Film

Mrs. Packard said that her mother had written about seeing the Lincoln Village film in England. "She thought it was very good and was especially impressed with the idea of installment buying rather than waiting till you're too old to enjoy it," Mrs. Packard finished.

Buying has been fun, too, for this young couple who limited their traveling cargo to three suitcases. In addition to some pieces of modern furniture, refrigerator and stove, the Packards invested in a TV set, complete with commercials.

American stations are far more generous with commercials than English stations according to the English couple. "A few English stations now have commercials," Mrs. Packard said, "but they would never interrupt a program with them. Commercials are just 'beginning and end' entertainment in England!"

More than three centuries ago, this country prospered through the inventiveness and resourcefulness of those first English pioneers. Three centuries later, they are blessing us with a refreshing vitality, sense of humor and enthusiasm that is, as before, England's loss and America's gain.

TR. 8-4014

Captains for the Mother's March on Polio to be held Jan. 31 have been named. They are Mrs. William Conrad, Mrs. Robert Henne, Mrs. Thomas Middletown, Mrs. Willis Peterson, Mrs. William Stern, Mrs. Paul Shultz, Mrs. Carl Conrad, and Mrs. Jack Smitherman.

Bluebirds will meet this afternoon in the home of fellow member Cindy Parker, 378 Weymouth-la in honor of Cindy's ninth birthday.

Lincoln Village Women's Club will meet Jan. 16 at Prairie Township School on Norton-rd. The program will be on interior decorating. A representative from Craft Fabrics will speak and refreshments will be served.

Ice Fishing Season Here

Reports reaching the Division of Wildlife offices in Columbus indicate the recent drop in temperatures has formed good ice on Sandusky Bay, which means the perch fishermen are in the height of their glory.

Many nice strings of good-sized perch have been taken within the past several days, it was reported. Cummins said further that fishermen wishing to take advantage of this good fishing in the bay should do so now. The first fishing is best, he says.

While on the subject of ice fishing, fishermen shouldn't overlook the fine fishing provided in many of the inland lakes and farm ponds.

STRUCK BY CAR

Larry Elsey, 8, 3082 W. Mound-st, was taken to St. Carmel Hospital Tuesday by police department emergency squadmen after he was struck by a car, bruising his leg.

Connie Davis, of Cambridge, Ohio Teens Against Polio Chairman, is shown pinning a blue crutch on Bob Fuller, State March of Dimes Chairman. Looking on is Mary McLane, of Yakima, Washington, National Teen-Age Chairman. The March of Dimes is to be conducted throughout Ohio January 2-31.

Bogen Renamed President Of Fair Board

All the 1956 Franklin County Fair Board officers were re-elected to their respective positions Saturday with A. E. Bogen, 3163 Henderson-rd, renamed as president.

Ray Dellinger, Millarde, gained another term as vice president while Harold Hart retained his secretary position. Carl R. Griffith, 2980 Sunbury-rd. was re-elected treasurer.

Charles Lamb wrote "not childhood alone, but the young man till 30 never feels practically that he is mortal."

But young men do die, too! The Bible urges all to prepare for life, as well as death. "The fleeting years" are richer spent in Church.

Bible Answers

I Peter 3:15 "- - - be ready always to give an answer - - -"

WHAT IS THE DIFFERENCE BETWEEN THE OLD LAW AND THE NEW? It would be difficult to fully answer this question in such a short space. The main difference is that the Old Law was given to the Jews only and was a schoolmaster to bring them to the New, while the New Law was given to the Gentiles as well as the Jews. This is set forth in the following places: Galatians 3:24-29, Romans 1:16,17. The Old Law is not binding upon us today. All of it has been taken away. (Colossians 2:14). Those who would return to it fall from the grace of God. (Galatians 5:4). The keeping of the Sabbath, animal sacrifices, etc., are all a part of the Old Law. The Christian is to follow the New Law, the perfect law of liberty. (James 1:25). Under the New Law the first day of the week is kept instead of the Sabbath of the Old Law. (I Corinthians 16:2, Acts 20:7). Christ is our sacrifice instead of an animal. (Hebrews 9:11-14). We are living in the time of the New Law, the last dispensation of God.

MAKE YOUR [illegible] ARRANGEMENTS NOW

ASK YOUR PASTOR

He'll tell you it's wise to plan your family burial estate NOW!

Because people turn to him in time of sorrow, he knows so well that is no time for the bereaved to have to hurriedly select a cemetery lot.

He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

'Business As Usual' As Franklin Twp. Youngsters Are Transferred To City Schools

OVERCROWDED WEST HIGH SCHOOL sees no relief in its immediate future. In this scene Miss Emma Uncapher surveys her crowded cafeteria lines. An average of 1200 are fed daily with 1500 on bad days.

REINFORCEMENTS for Hilltonia's principal, L. H. McAllister (second from left) are Mack Pemberton, teacher on special assignment (left); Vic Norris, chief custodian; Miss Genevieve Maloney, area elementary supervisor; and Earl J. Hope, city school supervisor of buses.

IT'S A BIG STEP for Connie Gribble, 699 Demorest-rd, as she gets a drink at Hilltonia drinking fountain designed for "the big kids"

FIRST GRADE YOUNGSTERS ADAPT THEMSELVES to a half-built school that was never designed for youngsters their size. Here at Hilltonia Junior High, they study while Janitor Charles Bellard cleans up the newly-installed windows. The other adults are Pauline Fry, teacher, and Marilyn Nolan, research assistant (foreground).

Teachers Roll Up Sleeves And Accept 500 New Students As Result Of Big Annexation

Columbus schools took a "giant step" this month. With mighty short notice they accepted on Jan. 8 about 500 pupils who just a week before belonged to county schools.

This "giant step" was no game. Annexation of 1190 acres by the city involved some quick decisions, and equally quick action by the schools. Overnight, class and transportation schedules were disrupted. Parents sought to have their children finish the year at their existing schools on some sort of compromise tuition basis. This was rejected.

New school boundary lines have been followed closely. A "business as usual" attitude prevails and the reshuffled classes have made encouraging adjustment.

The safety valve in the situation is the partly completed Hilltonia Junior High School. Personnel there are rolling up their sleeves in a determined effort to make things comfortable for 290 little folks in grades one through four, including some seventh graders. Eight elementary classes have been added. Some unique problems popped up right away. Desks, blackboards, drinking fountains, even restroom facilities in the junior high school had to be scaled down to take care of the youngsters.

School bus schedules were irregular at first but are being improved. Three new buses were purchased. Principal L. H. McAllister was allotted extra teachers and assistants to help solve his headaches.

Just One Answer—Be Firm!

A regrettable incident took place Monday afternoon at West High School as outlined in a story elsewhere in this paper today.

There can be little doubt that some of the persons involved were merely trying to make trouble. There is no need of this kind of a situation.

Prevention of future such incidents will come about only if this case is carefully followed through and the guilty parties properly and severely punished.

This is a matter of cooperation on the part of the school authorities, police and the courts and a very strong insistence on the part of residents of this community that this or any other such incidents just cannot be tolerated.

Printing Is a Big Business In Columbus

This is International Printing Week.

It is a fitting time to look back at the humble beginnings of what has developed into one of the worlds most important industries.

The need for printing has grown to a veritable giant, working for us in educating our children, bringing us the news of the day, making a permanent record of our history and through advertising, helping to develop our everyday comforts to a degree never before known to mankind.

Dictators all the way through history have tried to destroy "Freedom of the Press," knowing the ease with which human lives can be controlled where there is no printed word.

Printing has become a big industry in Columbus. Today a total of 5600 men and women are employed by printing firms locally with an annual payroll of over $26,000,000 while producing an annual value of product amounting to $70,000,000. During International Printing Week, or at any time, we of the Hartley Printing and Publishing Co., invite you to visit our modern plant and witness our complete operation.

Rome Heights Construction Gains Speed

Al Tonti, president of the Fernhill Corp., 2506 W. Broad-st, announces that construction on the $5 million Rome Heights development is well under way, and that 25 homes are expected to be completed by March. An additional 50 homes will be completed in the spring, he said.

The development will consist of approximately 300 homes and construction will extend over a five-year period. Located between Sullivant-av and West Broad-st (opposite Lincoln Lodge), it will include Fernhill-av, Oxley-rd, and Postle-rd.

Using 15 different basic floor plans, the homes will be custom built three-bedroom units with many luxury features. Many will have stone and brick trim, and full basements.

The prices will range between $15,000 and $17,000 and financing can be handled with down payments of 10 percent to 20 percent, and up to 25 years on the balance. There will be a loan cost of $100 per house, the corporation said.

Girl Is Hurt By Ambulance

A three-year-old girl either walked into or was struck by an ambulance that was taking Albert Daniels, 66, 235 S. Powell-av, to Mt. Carmel Hospital this week. Daniels had suffered a heart attack and was in fair condition.

The girl, Jeanine Gillespi, daughter of Mrs. Jeanette Gillespi 441 S. Powell-av, suffered only a head bruise. She was treated by an emergency squad car following the ambulance.

Car Hits Mother Of Police Officer

Mrs. Golda Sears, 70, 28 S. Harris-av, suffered a cut on the back of her head recently when she was hit by a car while crossing W. Broad-st at Wheatland-av according to the police.

Mother of Police Sergeant Larry Sears, Mrs. Sears was taken to Mt. Carmel Hospital for treatment. Mary C Fetter, 19, 2797 Powell-av, who was driving, was not cited.

Fight At West High Lands Man In Jail, Youth Hurt

Marvin Anderson, 23, remains in jail today, held for his part in the gang fight at West High School Monday afternoon—a fight that involved the use of chains and clubs as weapons, and sent one boy to the hospital with cuts about the head.

Anderson, of 933 E. Long-st, was the only adult in the party of four youths who arrived at West at noon Monday, and engaged students in conversation. This conversation developed into a minor conflict, according to Robert Darrow, principal, and was broken up by Mr. Reed and Mr. Stone, two teachers in the school. Anderson and his companions left the premises.

The major combat began after school had been dismissed, about 3:30 p.m., Darrow said. Then Anderson and his friends, presumably waiting outside for an opportunity to continue the battle, attacked a group of the school's boys. The fight that followed attracted Jerry Reed, 20, former student of the school, who got into the fray on the side of the students.

When Anderson fled with his daughters, Dave Jenkins, 20, of 342 S. Richardson-av, a student, had to be sent to the hospital with cuts about the head. "The boy with the mustache did it," Jenkins said. The only one of the four outsiders with a mustache was Anderson, police reported. Darrow added that one of the attacking group had a wooden club.

Police Officers Shaw and Roenker, who rounded up Anderson and his young friends, explained that Anderson could be charged with contributing to the delinquency of a minor, or of aggravating assault. Either of these could result in his imprisonment in the workhouse for up to a year.

Officers stated that some outsiders have roamed the West halls in recent months. What business they have in the school has not been proven.

New Librarian Begins Duties

Mary Elizabeth Keyes

Mary Elizabeth Keyes assumed her new duties as librarian of Hilltop Branch on Jan. 2.

Transferred here from the North Side Branch which she had opened in 1940, she also opened the Shepherd Branch in 1939. Before that she had been in charge of the Linden branch since 1935.

The new librarian revealed that she was enrolled in the College of Education at Ohio State University when she took a job in the library during a summer vacation. She liked the duties so well that she never finished her original education plans, but instead has continued in library work.

She makes her home with her mother at 92 W. Ninth-av.

The local library, largest in the city in circulation, plans expansion of facilities in the near future to accomodate the ever increasing number of books.

Budget allowances permit the purchase of 200 new books a month to swell the already bulging shelves of approximately 20,000 volumes.

United Business Annual Banquet Is Dated Jan. 22

The United Business Association's annual banquet will be held Tuesday, Jan. 22, 7 p.m. in the Bachelor Officers Quarters, Naval Air Station, Port Columbus.

W. Herbert Dailey, one of the better known Democratic leaders in the city, is improving considerably from an illness incurred a week ago, his family reports.

The deputy county treasurer suffered cerebral hemorrhage (blood clot) after returning from the courthouse last Wednesday. He is confined to bed at his 615 Belvidere-av home.

West To Graduate 72 Senior Students In Traditional Rites

THE MAYOR SAYS:

'Valleyview Owns This Road Strip'

Who is responsible for patroling Hague-av between Valleyview-dr and the railroad tracks immediately to the south?

Complaints regarding the enforcement of speeding regulations over that stretch of road have led to an interesting query which prompted several different answers.

One Columbus official stated:

"I don't think that the area is within any corporation limits and enforcement of traffic laws is probably a township matter."

Another added:

"As far as I know, the area is still in the county. It is the responsibility of the sheriff."

Valleyview Mayor Charles J. Ringer, however, provided the answer:

"The land bordering Hague-av and extending approximately 180 feet to the west is within the village boundaries. It is under the jurisdiction of the village marshal."

Della Counts Succumbs At Home Of Daughter

Della Counts, 82, died early Jan. 16 at the home of her daughter, Mabel Birkenbach, 82 N. Eureka-av. She is also survived by one grandson, Richard Counts and one great-granddaughter, Patricia Ann Counts, Columbus; two brothers, Rollie Van Gundy of Wichita, Kans. and Jacob Van Gundy of Plain City and one sister, Rosella King, Springfield.

Funeral services were held Wednesday at Blauser and Baker Funeral Home, West Jefferson with Rev. Robert Meredith officiating. Burial was at Summerford Cemetery.

Insignia's Value Hits $75 Mark

Mrs. Harold Beard, 635 Woodbury-av, was the only claimant of "Confederate" dollars last week. She exchanged her copy of The Hilltop Record containing a $1 insignia for a crisp, new "Confederate" bill.

The misfortune of last week's subscribers means the increased good fortune of this week's winner, however, for the jackpot insignia is now valued at a whopping big $75.

In addition, the usual ten $1 insignia are also printed on ads in ten other copies of the Record. All insignia are always placed in full view on an ad.

Any subscriber, with the exception of Record employes, carriers or their families, is eligible to collect "Confederate" money.

"Confederate" dollars are good as gold with every merchant advertising in the current issue of The Hilltop Record and may be spent with them for any merchandise of your choosing.

Copies of the newspaper containing insignia may be exchanged at the Record office for "Confederate" bills before Saturday noon.

GM Payroll Here Tops 20 Million

A total of 3,799 employes of the Ternstedt Division here received payroll in 1956 of $20,700,000, Paul L. Jones, Resident Manager, said today.

In announcing year-end figures, Jones revealed that General Motors operations in Columbus made substantial contributions to other businesses through extensive local purchasing. 1956 expenditures to more than 421 Columbus area firms totaled about $4,652,000 for services and supplies. Major expenses were transportation and utilities.

In addition to these expenditures several million dollars were paid to local contractors for a major expansion program.

The payroll deduction plan used for purchasing US Savings Bonds proved highly popular during the past year as 1,325 Columbus employes invested $516,450 through the program.

Suggestion awards amounting to $26,473 were paid to 459 Ternstedt-Columbus employes for ideas submitted through the General Motors Suggestion Plan.

Business As Usual—

have been absorbed by Sullivant and Westgate Elementary [illegible].

Bustling West High School finds itself caught in the middle of the "big switch," however. Hopefully expecting to send some 144 eighth graders to Hilltonia this year, West now must keep them all. Moreover, 72 eighth, ninth and tenth graders were transferred from Franklin Heights High, exactly canceling the 72 West losses by graduation this week. This places enrollment next semester at practically the same figure as last fall . . . 2400 students, Principal Robert F. Darrow observes. There will be no January grads coming from elementary schools however. West now holds double its rated capacity. "We're [illegible] packed and there is no relief in sight," Darrow states.

Taking note of the swiftly moving events of the last few weeks several may recall observations made some four years ago by Novice G. Fawcett. Then superintendent of Columbus school, OSU President Fawcett made many speeches in this area on annexation and its imminent effect on schools. "Columbus schools will always be able to take care of their children," he said in effect "but some careful progressive planning is needed to meet coming annexation problems.

One wonders if the "big switch" would have been easier this month if Dr. Fawcett's words had been remembered by more of the citizenry.

Franklin Heights High School Has Made Adjustment

[illegible] at Franklin Heights High School have adjusted to the loss of students to Columbus schools resulting from recent annexation action by the city, according to Principal William F. Rogers.

"Although we regret that the students had to leave," Rogers stated, "it helped us solve a problem." It seems that equipment for the school's science department arrived at about the same time and several classrooms were needed to house it. When the children were transferred, the necessary rooms were made available.

Rogers remarked that the biggest loss to the high school was in the seventh grade class. The eighth grade was reduced to a nice size, he added. "Actually, we didn't lose enough to really upset our program," he said.

No teachers were discharged by the school. Rogers went on to say that even if the school program had been disrupted by a large number of transfer students, the teachers would still be needed to fill other posts.

PERMIT ISSUED

Georgian Builders, Inc., 50 E. Broad-st, have obtained permission to build a four room [illegible] bath frame dwelling at 4226 Sullivant-av, South, in Franklin Township.

Reeves Rolls High Scores In Pin Loop

Sandy Reeves took both the high series and high game honors rolling 112 and 110 in Glenwood Recreation Center's Bantam Bowling league Thursday at the Hilltop Bowling Alley.

Tom Daft rolled the second high game, 103, followed by Mary Jo Blackburn with 100. Miss Blackburn tallied the second high series, 187, followed by Tom Daft with 180.

The Fighting Five came out on top with a 1036 series and 526 single game to tie the Alley Aces for first place with a 13-7 record.

Sandy Reeves holds the highest average to date with 83, closely followed by Ivan Triplett and Joyce Berlo with 82 and 80 respectively.

W. Park Tops 'Y' Cage Loop

West Park Methodist clinched at least a share of the first round championship in the Hilltop "Y" Intermediate Church Basketball league with a convincing 47 to 24 triumph over Burgess EUB. Wells and Swank each hit for 12 points for West Park. Danny Scoles tossed in 12 for Burgess.

Glenwood Methodist held onto second place by defeating Hillcrest Baptist 45 to 27. Don Gilliland netted 21 markers for Glenwood. Keefer led the Hillcrest five with 11 points.

West Senior Hi-Y upset Westgate Methodist 42 to 34 as Buzz Phillips poured in 20 points. Bob Brokaw and Ewing were high for Westgate with 12 and 10 points.

Blue Birds Nip Cagey Baseteers In Glenwood Play

Avenging an earlier defeat, the Blue Birds nipped the Baseteers, 28-26, Friday in the junior girls' basketball league at Glenwood Recreation Center. Score of the previous game was 21-21 with the Baseteers on top.

The Blue Birds grabbed an early 8-4 first quarter lead and led 14-11 and 22-14 at the end of the second and third stanzas. Vicki Quinn meshed 20 points for the losers while Phyllis Bergman's 18 was tops for the victors.

Deadlocked for the circuit lead are the Goofers, Basketeers and Sharpshooters with two wins apiece. The Gold Eagles are in fourth place with a one win-one loss record followed by the Six Shooters and Six Teens with 0-1 standings. Trailing are the Cool Cats, Jesters and Hoopsters.

The Black Angels tallied an 18-14 victory over the Go Getters in the senior girls league. Kay Hudson and Sue Veregge tallied 19 points each to lead the Hilltop Hoppers to a runaway 44-26 victory over Burgess EUB Church. The Hot Shots and Pacers won forfeited games over the Hilltoppers and Basketeers respectively.

Winter Wonderland Stops Broad St. Traffic

LOOKING LIKE SOMETHING OUT OF DISNEYLAND is this giant ice garden developed by Carl Walker (pictured here) and his brother-in-law, Myron Gifford, owners of El Rancho Motel, three miles west of city limits on Route 40. The "ice-makers" initiated the project last year with a huge Christmas tree and guy wire supports. With regular applications of water spray they were able to build up a 20-foot display. This year the spectacle has reached 36 feet and weighs an estimated 30 tons. More than three dozen flashbulbs found in the surrounding snow prove that it's a popular subject for photo enthusiasts. The floodlighted display photographs best at night with tripod and time exposure.

West Park and Hillcrest To Meet In YMCA Church League Feature

West Park Methodist and Hillcrest Baptist share the top spot in the Hilltop YMCA Junior Church Basketball League with 4 and 1 records. These two teams meet in the feature game Jan. 19. In Saturday's games at the Glenwood Recreation Center, Hillcrest downed a scrappy Westgate EUB team 40 to 24 as Richter hit for 17 and Stavrides racked 13 for the Hillcrest five. Bob Dean dunked 15 points for Westgate EUB.

Burgess EUB beat an improving West Junior Hi-Y team 53 to 23. Fredendall and Smith with 17 and 16 points led the "Big Green" of Burgess. Tom Hartranft led Hi-Y with 10 points.

Hoge blasted an inexperienced Westgate Methodist team 51 to 17. Laderer with 19, Hastings with 14 and Hicks with 12 paced the Presbyterians. Kern was high for Westgate Methodist with eight points.

Those traditional rivals, West Park Methodist and Glenwood Methodist, met in the finale with West Park coming out on top 39 to 25. Bob Arthur and Stevens led West Park with 14 and 13 points while the entire team played excellent defensive ball. Dave Thomas tossed in 11 for Glenwood.

DeMolay Lose To Celtics, 63-26

The Celtics defeated DeMolay, 63-26 in the opening round of the Glenwood Recreation Center's regular season basketball league. DeWitt and Dum with 18 and 15 points respectively, led the Celtics' scoring, while Dave Ewing scored 19 for DeMolay.

The Bulldogs, featuring a well balanced scoring attack, trounced the Trotters, 37-17.

Paul Penell's 16 points and Dick Miller's 15, paced the Whiz Kids to a 51-25 victory over the Hot Shots.

Buz Phillips' 16 points led the Beef Trusts to a victory over Burgess EUB, 41-30. Dan Scoles scored 13 points for Burgess.

West Spurts Past Aquinas

After trailing throughout the entire first half, West's Cowboys came from behind to romp past Aquinas 66-53 on the Terriers' court. This was West's second win in five league starts.

Center Ron Dixon led the Broncos with 22 points as eight Cowboy cagers broke into the scoring column. West trailed 19-19 and 35-33 at the end of the first and second quarters, before a polished offense shoved them ahead 52-48 at the end of the third stanza.

Fine floor play by guard Parker Brigner kept the Irish at bay while the Broncos drove back. The reserve game went to Aquinas 46-38.

The Hilltoppers, sporting an 11-7 record, are now leading the Glenwood Recreation Center's junior bowling league. Second place is held by the Headpins with a season mark of 10-8.

High team game laurels went to the same three teams in the same order. The teams and their scores were: Headpins, 690; Kingpins, 646; Fearless Five, 660.

Louis Cruse rolled a 199 to win the top honors in the individual high game division. Joe Cossin's 177 was good enough for second place. Third place went to Gus Rose with 159 pins.

Individual high series top scores also went to Louis Cruse, Joe Cossin, and Gus Rose with scores of 405, 311 and 306, respectively.

FLASH FLOOD

The dusty ditch bursts to a rush,
a swirl, a total rage — a rumbling crush —
roaring out of weather, buckling high
above the banks — a whim
of hell, of sky,
snapping pines and twisting them,
dredging rock, and wide about
rumbling us a sample: how
weather-heat will out,
when not in a thunderhead,
then fierce in spout
and heaving flood — a fury bred
of too much calm. Man understands or should by now.

How wonderful it was to have tried-and true friends visit during the holidays. Each word doesn't have to be weighed, and you know you will be understood and your faults over-looked, when REAL friends are about you. It is a grand feeling. The trouble with the husband who works like a horse is that all he wants to do evenings is hit the hay.

After 83 Years Mrs. Wilson Decides To Get A Haircut

Combing hair just "ain't what it used to be" for 83-year-old Mrs. Ida Wilson, who lost more than 18 inches of locks when she had her first haircut and permanent a week ago.

Mrs. Ida Wilson, Galloway, has never felt so light-headed in her 83 years!

Friday evening, the attractive grandmother experienced her first haircut and permanent. She shed about 18 inches of hair that hung below her waist and had been with her since infancy. Asked why she had never cut it, Mrs. Wilson confided, "I don't know. I guess I just always wanted it with me."

Mrs. Wilson was prompted to the hair-cutting decision after suffering three strokes in the past four months. She found it progressively more difficult to wash, dry and arrange her long locks since her illnesses, so two weeks ago she decided to join the "short-hair" brigade.

"Most of my friends urged me not to have it cut," she said, "but I knew what I was doing. I don't know what they'll say as none of them have seen it yet."

Although her friends haven't ventured opinions on her new hair style, Mrs. Wilson, herself, very emphatically approves of it. "I'm very happy with it," she enthused. "And a fine woman cut my hair. She didn't pull or hurt me and it was very pleasant."

Was "Nervous" Experience

Mrs. Wilson explained that she was very nervous about having it cut. "I told my daughter who went along that I'd never be able to stand it," she laughed.

A sentimentalist about keeping her hair for 83 years, Mrs. Wilson has no such intentions now. "Oh no, I didn't take what she cut off. They can just burn it up for all I care," she remarked.

The "fine woman" Mrs. Wilson described who cut her hair was Mrs. Elisa Eberhard, of Galloway. Mrs. Eberhard, who has about two "long-haired" customers a year, explained that braiding and stretching back the hair for many years often takes the elasticity out of it which makes it difficult to curl.

However, she found that Mrs. Wilson's hair, which has been worn in a French roll most of her life, curled exceptionally well.

Mrs. Ida Wilson as a girl of 19.

Mrs. Wilson has four daughters, Mrs. Wilma Walter, 4526 Sciote-Darby-rd, Hilliards; Mrs. Esther Chambers, West Jefferson; Mrs. Thelma Vina, 276 N. Ogden-av, and Mrs. Catherine Reymond, Salem, O. Her cousin, Mrs. Mary Etta Bishop, lives with her.

Glenwood Wins Three Titles In Center Tourney

Three representatives from the Glenwood Recreation Center won championships in their respective age divisions in the recreation department's inter-center shuffleboard tournament, held Wednesday, at Schiller Recreation Center.

Dogs Debate 'Rarity' Issue

Local chihuahuas have done a lot of "yelping" during the past week! They feel that their families are just as "rare" as the litter pictured in last week's issue of this newspaper.

One Mamma Chihuahua, belonging to Mrs. Alice Bodurina, 305 Prebis-av, claims to have had two large families. One was a group of six black offspring and the second a set of quints.

And just last Tuesday evening, "Party", pet of Harley Lunley, 803 Stephens-dr, topped last week's litter by delivering a family of six, although one was born dead.

To any other neglected mother chihuahuas, we're sorry but we just didn't realize how your families were "stacking up!"

Howe is assistant treasurer of the H. C. Godman Co., and president of Columbus chapter of NACA. His paper received a high rating from the National Editorial Board, according to Cox.

Two Get Citizenship Awards

Gary Jewell

Linda Thompson

• • •

At a surprise announcement during the Starling Junior High School Court of Honor, Jan. 9, two students received special Citizenship Awards.

Chosen were Gary Jewell, 14, of 182 Dana-av and Linda Thompson, 15, of 417 S. Davis-av. Leadership ability, good sportsmanship, dependability, scholarship, and devotion to school and friends were considered in making the choice.

Each was presented a certificate and pin by Commander Clair Bishop and R. J. Chappelear, second vice-commander of Franklin Post No. 1, American Legion, which sponsored the award.

Citizenship Awards are presented at the end of every semester. They go to one 9A boy and one 9A girl. Teachers first name five candidates and the students vote on the final choice, Principal Raymond E. Trinter said.

Miss Ferguson Is Christmas Bride

Christmas greenery and lighted tapers in seven-branch candelabra decorated the altar of Hilltop Church of Christ on Dec. 28, for the wedding of Miss Beverly Jane Ferguson and Mr. Lonnie Ray Hinton. Rev. George H. Alexander read the marriage service at 7:30 p.m.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Grayson Ferguson, 218 N. Ogden-av. Her husband's parents are Mr. and Mrs. Ray E. Hinton, 2739 Sutton-st.

The bride chose a ballerina length gown of white nylon net over taffeta, styled with a fitted bodice, lace bolero with stand-up collar and long, tapered sleeves.

A crown of lace trimmed with pearls held her veil of illusion and she carried a white Bible topped with a white orchid, surrounded with pink and white carnations.

Miss Jean Donnely served as maid of honor and Mrs. James Roger Brooks was matron of honor for her sister. They were identical ballerina length gowns of rose with matching headbands, and carried bouquets of pink and white carnations.

Little Gracona Joy Ferguson, also a sister of the bride, and Morris Fenner Hinton, brother of the bridegroom, served as ring-bearers.

Mr. K. R. Sands was bestman and guests were seated by Mr. James Brooks, brother-in-law of the bride and Mr. Karl Hughes, brother-in-law of the bridegroom.

Mrs. Ferguson chose for her daughter's wedding, a blue frock with a pink and white carnation corsage. The bridegroom's mother wore a pink gown with an identical corsage.

A reception followed the ceremony, at the downtown YMCA.

The couple left by plane the following morning for San Diego, Cal., where Mr. Hinton is serving in the legal department of the Navy. They are at home at 3943 Hamilton-st, there.

Both were graduated from West High School.

Rachael Pederson, Rev. Sutton Repeat Vows

Miss Rachel Pederson of Middleville, Mich., became the bride of Rev. James Owen Sutton, assistant pastor of Trinity Assembly of God Church, 25 S. Eureka-av, on Dec. 21, 8 p.m.

First Assembly of God Church, Grand Rapids, Mich., was the scene of the wedding. Rev. Waldo E. Risher, pastor of the church, read the double ring service before an arrangement of seasonal decorations.

The bride paused at the end of the aisle, while Rev. Sutton sang "I Love Thee."

Parents of the bride are Mr. and Mrs. Albert Pederson of Middleville and the bridegroom is the son of Mrs. Ann Sutton of Amarillo, Tex. and Mr. Oda Sutton of Colorado Springs, Colo.

Chantilly lace over satin fashioned the princess-style bridal gown and matching cloche which held her veil. She carried a crescent-shaped arrangement of red roses centered with a white orchid.

Mrs. Robert Otto of Middleville served as matron of honor for her sister and Miss Ruth Risner of Grand Rapids was bridesmaid. They wore red gowns with velvet bodices and net over taffeta skirts with matching headpieces and mitts. Their arm bouquets were of white carnations.

Mr. Robert Otto served as bestman and Mr. Douglas Vance, 38 N. Harris-av, as groomsman. Guests were seated by Mr. Carl Lee and Mr. Clark Miller both of Grand Rapids.

Rev. and Mrs. Alex D. Vance, pastor of Trinity Assembly of God Church, served as master and mistress of ceremonies.

Mrs. Pederson chose for her daughter's wedding, a blue lace gown and the mother of the bridegroom wore black crepe. Each wore a corsage of red roses.

A reception was held at the Robert Otto home in Middleville, after the ceremony.

Following a wedding trip to Niagara Falls and Canada, the couple is at home at 25 S. Eureka-av.

The new Mrs. Sutton is now teaching in the Fifth Avenue school.

Rev. Sutton attended high school at Hardesty, Okla., and is a graduate of Draughon's Business College, Amarillo, Tex., and Central Bible Institute, Springfield, Mo. He also attended Evangel College in Springfield.

The wedding was re-enacted on Friday evening, Jan. 11, 1957 at the Trinity Assembly of God Church. A recording of the original was played and Rev. Alex D. Vance, pastor, officiated.

Attendants were Karen Schumann, Jan Frazier, Douglas Vance and Kenneth Walters, all of Columbus.

The church gave the Suttons a reception following the ceremony and gifts were given the newlyweds for their new home.

Firefighters Do 'About Face'; Burn McKinley Ave. Shacks

IN A COMPLETE SWITCH, Chief Moffitt of the Franklin Township Fire Department, who ordinarily puts out fires, surveys the results of his fire making efforts. The house, located at 2005 McKinley-av, was first of 30 or more condemned dwellings to be burned. STAFF Photo

By John McFeek

Firefighting, ordinarily a very serious business, was given the "light treatment" last Saturday when, by order of county health officials, Chief James Moffitt and the men of the Franklin Township Fire Department set ablaze two dwellings in the 2000 block of McKinley-av. The two were first of 30 or more condemned homes in the area that Dr. Robert A. Evans, County Health Commissioner, plans to have burned.

While officials of the Health Department looked on, the first ancient and rotted house, littered with debris and pieces of left? over broken furniture, was set afire with fuel oil by Chief Moffitt, and in a matter of seconds the flames had spread through the tinder-dry rooms, forcing the Chief and Officials to make a hurried exit.

In a short while it was all over and, leaving one unit on safety stand-by, the firemen moved up the street to 2123 McKinley-av.

Firefighting Exercise

The second doomed place, a sagging two-story frame house with gabled roof, was used for training exercises. Igniting the house, Chief Moffitt permitted the fire to gain headway and then directing his men on power hoses quickly subdued the blaze. It was valuable training that will aid the men in future emergencies.

Although the occasion had serious overtones, the firefighters, many of them volunteers, could not help but be lighthearted about the affair. Usually the fires they attend are deadly and fraught with danger.

But here it was different, and finding an old football several of them went into a passing scrimmage; an eric sight that would have amazed the hardiest of football coaches. Circling the house, that by this time was roaring with flames, the young firemen threw long passes to-and-fro through the flames. It was, as ez is fans would say, "a hot game."

Not All Destitute

Oddly enough, many of the people who occupied condemned houses in the area were far from being poverty-stricken, according to health officials.

One man, living in an aged and dilapitated house, had several pieces of expensive furniture, a large TV set, a giant new refrigerator, and — strange as it seems — a modern fire alarm system that cos' several hundred dollars to have installed.

Another resident, who lived in one of the worst shacks in the area, owned several pieces of valuable property.

"There seems to be a certain type of people, who prefer living in this manner," one official commented.

Dog Census Starts Jan. 21

Beginning Monday, Jan. 21, a dog census of Columbus and Franklin County will be conducted by the Humane Society of the city of Columbus. This dog census will be made for the purpose of recording all dogs owned in the county and making sure that all owned dogs are licensed.

Your dog must also be immunized against rabies in addition to having a 1957 license. The health regulations also require the re-immunization against rabies every 12 months.

Any person who refuses to license his dog is subject to a fine of as much as $25 and costs.

Grandmother To Form New Club

A Hilltop branch of the Grandmothers Club will be organized on Thursday, Jan. 17, at the Hilltop "Y" at 1:30 p.m.

Anyone interested in becoming a member may contact Mrs. E. C. Sheets, Jr., 168 Rome-Hilliards-rd, TR. 8-5240.

Local Pastors Will Represent Methodists At United Nations

Rev. James H. Lyon, pastor of Briggsdale Methodist Church and Rev. John Adams of Hilliards Methodist, have been appointed to represent the Columbus district of the Methodist Church at a United Nations Seminar to be held in New York Jan. 21 through Jan. 24.

Rev. James H. Lyon

Rev. John Adams

They will be accompanied by R. B. Spohn, layman from Trinity Methodist.

Two ministers from each of the 30 Ohio districts of the Methodist Church and a few laymen have been appointed by their superintendents as delegates of the denomination.

Arranged by the Methodist General Board in New York the Seminar is designed to thoroughly acquaint the churchmen with the United Nations and to give them an insight into efforts to establish and maintain world peace.

Events of the busy week will include the privilege of sitting in with the general assembly each day. Also on the schedule are, on Monday, orientation and interpretation of UN. On Tuesday the group will tour the building, attending briefing sessions and a foreign policy meeting.

A UN staff member will speak to the group on self-governing countries, and they will hear representatives from India, Indonesia and Pakistan speak, Wednesday. The ministers will also sit in with any committee meeting they choose.

On Thursday, a UN staff member will offer technical assistance and, in the afternoon, a planning and discussion period for evaluation of work seen will be held.

Bible Answers

I Peter 3:15 "- - - be ready always to give an answer - - -"

HOW IS A PERSON SAVED BY FAITH? Let us look first at the type of faith that does not save. James mentions this in James 2:24 "Ye see then how that by works a man is justified, and not by faith only." From this it is clear that a person is not saved by faith only. From Romans 16:25 we learn that there is "the obedience of faith." Paul tells us in the second Thessalonian letter that Christ will take Avengeance on "them that obey not the gospel of our Lord Jesus Christ." (II Thessalonians (1:7-9). Thus, the faith that saves is the faith that motivates us to obey the commandments of the Lord. Faith must motivate us to repent of our sins; (Luke 13:3) confess our faith in Christ; (Matthew 10:32) and be buried with our Lord in baptism; (Romans 6:1-5, Acts 2:38 and Mark 16:16). After a person has obeyed these commandments he is a Christian. This same faith must motivate the person to be faithful unto death. (Revelation 2:10). This is how the Bible teaches us that person is saved by faith.

Atkinson, Jr., of the West Broad Street Church of Christ this Sunday as he discusses the subject "Should a Christian Dance?", in the morning at 10:30 and "The Church in Preparation and Establishment" at 7:30 p.m. Your Bible questions are invited.

THIS WEEK SHOP FOR: Cereals, citrus fruits, canned corn, and purple plum specials.

CEREALS STAR AT ANY MEAL — So many and varied are today's cereals, so essential are they in the diet, so little do they cost, and so interesting are their different flavors and textures. Today's children are intrigued to eat their cereal for the reward inside the package or printed on the box.

FOR BREAKFAST — Cereals and milk, the perfect nutritional combination continue to be the backbone of breakfast menus, especially for children and teenagers, but are highly desirable for adults.

One of the latest tricks is to serve ice cream with the cereal instead of milk — a surprise for the convalescent, and "real cool" for anyone! Add a "get-well card" and a game, and flagging appetites of small fry will perk up! An enriched wheat cereal thus enhanced is also a fine idea for a morning committee meeting, or a mid-morning brunch.

Other breakfast specials utilising cereals are griddle cakes made with bran flakes. The texture is interesting and there's a different flavor contributed by the bran.

FOR LUNCH OR SUPPER — Because cereals make excellent meat extenders, they team well with leftover beef, veal or ham. Besides the familiar meat loaf, try cereals in meat patties, and for breading croquettes, chops and fried chicken. Roll out dry cereals to make the crumbs — the flaked or shredded cereals are especially good for this purpose.

Casserole dishes are old favorites. You can vary these by combining chicken, turkey, fish, eggs, meat or cheese with various cereals. Use cooked cereals to increase the volume, and flaked or shredded cereals to make crispy brown topping. These dishes can be put together quickly, using cereal on hand, adding a cooked or canned vegetable and a can of undiluted condensed cream soup, or a medium white sauce, and seasoning to taste.

Meat pies are cousins to casseroles. Bake in shallow pans using a crunchy crust of ready-to-eat cereal.

Cream pies benefit from a cereal crust. Ice cream balls rolled in a ready-to-eat cereal have a crisp, nut-like goodness, and make an easy dessert.

Cereal breads and muffins are welcome at any meal; while crisp cereal cookies make tasty snacks.

Ranger Cookies

1 cup shortening
1 cup brown sugar
1 cup white sugar
2 eggs
2 cups flour
2 cups Rolled Oats
2 cups Rice Krispies
1 cup coconut
1 teaspoon soda
1 teaspoon soda
1 teaspoon baking powder
½ teaspoon salt
1 teaspoon vanilla

Cream shortening and sugar, add eggs and beat thoroughly. Sift together flour, soda, baking powder and salt. Gradually add flour to creamed mixture. Add vanilla. Blend in the cereals and coconut. Batter will be stiff. Drop from teaspoon on to cookie sheet. Bake 12 to 15 minutes at 350 degrees F.

For Your Thoughts

Do you feel that the children of the Southwestern School District should have been transferred to Columbus schools or allowed to complete the year in their present schools?

Mrs. Charles Berrer, 671 S. Wheatland-av: "I think they should finish the year in their own schools rather than be disrupted. I have nieces and nephews and I'd hate to see them just pulled up out of their schools and transferred to other ones."

Mrs. William Graham, 270 Neshoba-av: "I think it would have been better had they been allowed to at least finish the semester. It is not only hurting the children who are being transferred, but also the children in the schools which must make room for them."

Mrs. Fred Gramlich, 64 Brehiav: "I think it's best if the children are allowed to attend the school closest to them. They should go to schools in their own district."

Mrs. J. F. Knecht, 67 N. Burgess-av: "I think they should have stayed where they were. Their studies and other things will suffer."

Mrs. William White, 3566 Briggs-rd: "I definitely think the children should have been allowed to finish the year at their own school. Some arrangements should have been made for children who live so close to the school."

Mrs. James J. Wyman, 3513 Glenwood: "In talking with many mothers concerned, I think the general opinion is that the children should be allowed to complete the year at their own schools. Many are just getting adjusted to their new teachers and will now face not only new teachers but a new system. From what I've heard, standards are often quite different between county and city school systems."

Old-Timers Seen Back In Action

After a Holiday layoff, the Hilltop "Y" Old-Timers Volley Ball league resumed action last Tuesday at New Rome.

Columbia Heights Methodist, the first round winners, continued their torrid pace by taking three straight from West Park Methodist. Jim Smith starred for Columbia Heights and Bill Kearney was outstanding for West Park.

Glenwood Methodist won a set of three games from Burgess-av EU to tie Columbia Heights for the leadership in the second round. Don Roederer was the Glenwood star and Bill Curtiss paced Burgess.

The league plays each Tuesday at the Prairie Township School, New Rome.

FOOD SUPPLIES DECREASE

Food supplies for consumers in 1957 probably will be slightly below the record total reached in 1956, say Ohio State University extension specialists, mainly because of an expected small reduction in meats.

Program Deals With Problems Of Growing City

A national educational television series dealing with the growing pains of modern American cities is being broadcast Tuesday evenings at 8:30 over WOSU-TV, Channel 34.

The four half-hour programs named "Urban Crisis," represent the highlights of a Conference on Metropolitan Problems held last spring at Michigan State University, when civic leaders from throughout the nation met to discuss such problems as slums, crowded housing, lack of water supplies and overcrowded schools.

TO MEASURE SHORTENING

To measure one-fourth cup of shortening quickly and easily, fill a measuring cup three-fourths full of water and drop in the chunks of shortening until the water level reaches the one cup mark.

DECREASE IN SOWS

Ohio hog producers expect to have an eight per cent decrease in number of sows farrowing in the spring of 1957, compared to th spring of 1956.

Above, retiring secretary, Noble Allen, left, receives an award admired by incoming first vice-president Ed Scheadler and new secretary, Otto Best.

Ed Melvin, left, was awarded a "Legion of Honor" plaque by H. G. Deems for 25 years of perfect attendance as a Kiwanian.

New Dance Class Being Enrolled

Mid-year enrollments are now being accepted at the Jacquie Hardy Studio of Dance, 18 E. Chestnut-st.

New classes are being formed this month in tap, modern jazz, ballet, and ballroom dancing. There are also a few openings in classes for intermediate and advanced students.

Students enrolling this month will be prepared for participation in the June dance revue.

Of special note among new classes are a modern jazz class for the 8 to 12 age group, Tuesdays at 6 p.m., and a new adult ballroom class, Thursday evenings at 8 p.m. beginning Jan. 17.

Kiwanians Aid 'Y' Bldg. Fund

Building fund of the Hilltop YMCA is $500 richer following the presentation of a check for that amount to the Y by West Franklin Kiwanis Club. On the left C. Carlton Hartley, chairman of the Hilltop Y Board of Management, accepts the check from Dr. Richard L. McFarland, second vice-president of the club and Malcom Pennell, immediate past president of the club. This amount was raised by members in their newspaper sale just before Christmas. The new Y building will be used by youth and adults from all over the western part of the county.

Ask Yourself, "What Can I Do?"

The unpleasant affair at West High School last week has caused a lot of people of this community to become concerned about the matter. There have been so many angles to the situation that it is impossible for anyone to point with authority to all the guilty parties. Those immediately cited will have their cases aired by the court.

The guilty finger does point in one direction! . . . that of all adults who should be interested in youth and the schools.

News of such an event provides an opportunity for all of us to ask, "What can I do?"

Next, ask the question, "What have I done?".

How much interest have you shown in your schools? Are you interested in your PTA? Have you attended any PTA meetings? Do you know your children's teachers? Have you ever told the school authorities that you will back them up when your youngster needs a reprimanding?

Do you know your own youngster's weaknesses? Have you tried to train him in his responsibilities in school and in the matter of getting along with other people, and respecting the rights of others?

In your own home has there been training along the line of respect for authority? Do you believe your youngster can do no wrong? Do you accept hearsay or do you insist on facts?

Above all else let's back up our school authorities and offer our services and support on such an occasion. Let's let our school people know that we believe they should be firm in all their actions.

West High School is a fine school. It has a good staff and a wonderful student body. Youngsters in West High are proud of their school. They have every right to be.

West High is in one of the finest communities of the city. Hilltop citizens of all races are of the highest calibre. These citizens should be insistent on but one thing for their youngsters—the best in educational facilities and opportunities, which will come about through cooperative efforts.

W. Ferguson Suffers Fatal Heart Attack

William D. Ferguson

William D. Ferguson, 37, of 38 S. Hague-av, died Sunday night in Mt. St. Mary Hospital, Nelsonville, a few minutes after suffering a heart attack.

An examiner in the office of State Auditor James A. Rhodes since 1953, he was stricken while driving his car near Nelsonville. Robert J. Donks, 944 S. Remington-av, a passenger in his auto, drove him to the hospital, where he died at 10:15 p.m.

A veteran of World War II, Mr. Ferguson was a past commander of Camp Chase Post 98, American Legion, and a member of 40 et 8, West Gate Masonic Lodge, Hilltop Shrine Club and Valley of Columbus Scottish Rite. He belonged to Hillcrest Baptist Church.

He joined Rhodes' staff after working as a field man in the Columbus city auditor's office. Before that he had been with the state bonus commission.

He was a committee member of Bucks for Braces, the National Caddy Tournament and the National Celebrity Tournament.

Surviving are his parents, Mr. and Mrs. Jacob W. Ferguson, with whom he lived; a sister, Marian, and a maternal grandfather, David O'Brien.

Masonic services were held at 8 p.m. Tuesday in the Noble L. Allen Funeral Home, 2456 W. Broad-st, with funeral services at 2 p.m. Wednesday. Burial will be in Sunset Cemetery.

Biddle Assumes HBA Gavel

"Let's put the show on the road," says Clark Biddle, newly installed president of the Hilltop Business Association, as he raises the gavel at the installation party of the association last week. Looking on from the left, as though relieved is E. A. "Curly" LeFever, retiring president. Others, left to right, are: Robert Weaver, trustee; Roy Von Ins, treasurer; Robert Schmidt, second vice-president; Hazel Roberts, first vice-president; Walter Davis and E. G. Melvin, trustees.

• • •

Extensive use of the phrase: "I don't like to brag, but I'm from the Hilltop" was suggested for use by his audience by Clark Biddle during his speech of acceptance as president of the Hilltop Business Association Wednesday evening, Jan. 16.

Approximately 115 members and guests attended the annual dinner and installation of officers, held at the Colony Restaurant.

Biddle, occasionally using humor in giving his observations on the past, present and future of the Hilltop, said:

"I was born and raised on the other side of the tracks, but the present boundaries, I am told, extend west as far as Springfield and north as far as the French Mrs.

"It's quite a territory to cover, and I'm sure the membership didn't honor me with the office of president without expecting me to continue the fine work of my predecessors. Therefore let me assure you that I shall do everything within my power to justify the faith you have placed in me."

Other officers installed were Hazel Roberts, first vice-president; Robert Schmidt, second vice-president; Roy Von Ins, treasurer, and Robert Weaver, Ed Melvin and Walter Davis, trustees. Judge Robert Draper served as installing officer.

E. A. "Curly" LeFever, retiring president, gave a short resume of the past year, pointing out the organization's accomplishments and expressing his appreciation for the cooperation received from the membership. He placed himself at the disposal of the new officers and pledged to help in any way to make 1957 an even more successful year for the organization.

As a token of appreciation for his efforts during his term of of-

Expect 600 At Annual 'Y' Dinner, Tuesday

Last minute reservations for the Hilltop YMCA Annual Dinner will be accepted through Thursday, Jan. 24, Y Secretary Robert Schmidt said today.

Tables will be prepared for an expected 600 diners at the Jan. 29 affair at the Westinghouse plant, Phillippi-rd. About 500 persons attended last year's meeting.

Announced as a dinner open to all the family, it is scheduled to begin at 6:30 p.m. Tickets may be obtained at the Y office, 2725 W. Broad-st or by calling BR. 9-4641. Other ticket sellers include some 50 to 60 persons representing the Gra-Y, Senior Hi-Y, Y Board of Management and other youth and adult Y clubs. The price is $1.50, adults, and 75 cents for youth of elementary age.

Freeman Is Main Speaker

Robin Freeman, All-American Ohio State University basketball great will speak on the topic "Good Sportsmanship Through the YMCA." He has also consented to sign autographs for the youngsters, Schmidt said.

Several numbers will be given by the Hilltop Y Boys' Chorus and Junior Hi-Y Combo.

Reports on progress and plans of hilltop Y will be given at an after-dinner assembly in the auditorium. Greetings will be voiced by E. L. Smith, manager of Columbus works, Westinghouse, and Ted B. Hill, Y president. Social guests, including city school, board of education, United Appeal, recreation and service club heads will be introduced.

Howard Lloyd will present the slate of candidates and voting will proceed on six new members for the Y Board of management.

Chairman of the Board, C. Carlton Hartley will present the annual statement. Board member Ray Anderson will conduct a recognition service honoring all Y volunteer leaders. The annual financial statement will be read by Jerry Spears Sr.

Community Council Petitions For Action On Youth Center

A Hilltop community council sponsored petition calling for immediate action in the building of a youth and adult recreation center in Westgate Park will be delivered to city council Jan. 24 by Councilman Jerry Spears, Jr. Bearing 525 names representative of 16 Hilltop organizations, the petition points out "the neglect of the city fathers of the welfare of the youth of the Hilltop," according to Mrs. Ray Cave, 603 Crescent-rd, civic improvements chairman, of the Hilltop Community Council during 1956.

Should early action not be forthcoming from council, a petition to collect several thousand names will be circulated later in the year, Mrs. Cave added.

"Although current city plans call for a recreation center in Westgate Park by 1968, we feel the immense population gains at the western and southern extremities of the Hilltop call for emergency action on the part of city council to obtain funds for such a structure," she said.

Ferguson's Fabulous Trip To Baghdad, Iraq Will Be Adventure Of Lifetime For Couple

By Betty Daft

Mrs. William E. Ferguson

Wistful wishing for the time and talent to accomplish all she hoped to do, has said no place in the life of Mrs. Rose Ferguson, of 3048 Crescent-dr. She has been too busy realizing her ambitions; making her hopes and dreams come true.

Recently re-appointed as a trustee of the library board, a post she has held for 20 years, Mrs. Ferguson also serves on the board of directors of the Art Gallery, has become in recent years an accomplished artist, and still finds time to devote to her family and friends.

Her latest dream will come true for she and her husband, William E., recently announced director of the Ohio Fuel Gas Co., on Friday, when the couple embark on a fabulous, two-month trip abroad and a reunion with son, Bob, in Baghdad, Iraq.

They will sail from New York aboard the Exochorda, across the Atlantic, through the Mediterranean to Beirut, Lebanon, and there will board a plane for the trip across the dessert to Bagh-

After a visit with Bob, a lieutenant colonel and assistant air attache at the American Embassy there, they will head for Naples, Capri, Rome and other nearby attractions.

Despite the Middle Eastern unrest, the couple has assurances from the State Department, their son, Bob, and personal friend,

Armory Bids Await O.K. Of Pentagon

Advertisement for construction bids on a new $400,000 Ohio National Guard Armory on Sullivant-av may be made within the next four weeks.

It was learned this week from Ohio National Guard engineering and command offices that Washington approval of preliminary plans and specifications was expected Friday. Major Generals Leo Kreber and Kenneth Cooper, Ohio military heads, are expected to bring completed details with them Friday when they return from a Pentagon conference.

The armory, providing headquarters for five National Guard units, is to be built on land just east of the Franklin Township Fire Station. The 4.12 acre plot was donated to the state by General Motors last November. The deed was delivered several weeks ago.

In addition to offices the new guard headquarters will also feature spacious kitchens, a gym and auditorium and large parking lot. It will be available for many community activities.

Construction is expected to begin in early spring so that the armory will be in use by late fall, officials said.

Seeks Annex Of 249 Acres

A petition to annex a 249-acre tract of Franklin Township to Columbus will be submitted to county officials within the next week or two.

The area designated in the petition lies southwest of Columbus. It is bounded on the west by Georgesville-rd, on the north by the New York Central Railroad, on the south by Clime-rd, and on the east by Columbus.

Ernest Gresch, 683 French-dr, Georgian Heights, is agent for the petition.

According to Gresch, the petition now underway is meeting with favorable success and the majority of signatures needed will soon be had.

Gresch further stated, "The people of this area sorely need the many services that Columbus can give us. Services that we don't have and never will have unless we annex."

Show First Sketches Of Two New Schools

Here is an architect's drawing of the new Valleyview Elementary School to be erected on Valleyview-dr just west of Hague-av. Preliminary drawings submitted by H. J. Heinzerling & Associates, Architects, 3201 W. Broad-st, were approved Tuesday by the Columbus Board of Education. The new school, to be completed by Sept 1, 1957, will have eight classrooms. The school will provide relief at the overcrowded W. Broad Elementary school and will serve children now living along Wilson-rd, an area recently annexed to Columbus.

• • •

An architect's vision of the new Binns Elementary School to be erected at the Northeast corner of Binns-Blvd and Briggs-rd is shown above. Preliminary drawings submitted by David Sheckma, Jr., architect for the Columbus Department of Education, were approved Tuesday by the board of education. The new school, to be completed by Sept. 1, 1957, will have 20 to 24 classrooms and will serve newly annexed areas on the far west side. It will provide relief at Westgate and John Burroughs Schools. Also it will make it possible to take former Franklin Township children out of the Sullivant and Hilltonia Schools, which they are now attending, thus enabling these schools to receive increased enrollments anticipated next September.

Rowe Sees Need Of Post Office

In a statement Monday, Postmaster Allen M. Rowe of Columbus cited the need of four new post office buildings in the Columbus area.

One of these, he pointed out, should be in the vicinity of Lincoln Village and W. Broad-st. Such a program is merely in the planning stage at present.

Eckle Works To Cut Prison Farm Returnees

"He Who Enters Here, Leaves Not Hope Behind"

There are very few days that Roderick B. Eckle fails to read this epigraph. For as superintendent of the London Prison Farm, one of the country's largest and most progressive penal institutions, it is the first thing that greets him every morning when he reports to his office.

Chisled in stone above the high-arched entrance of the prison administration building, it also has a very special significance for the 2200 inmates confined within: men who have very little else but hope.

Began as Pen Guard

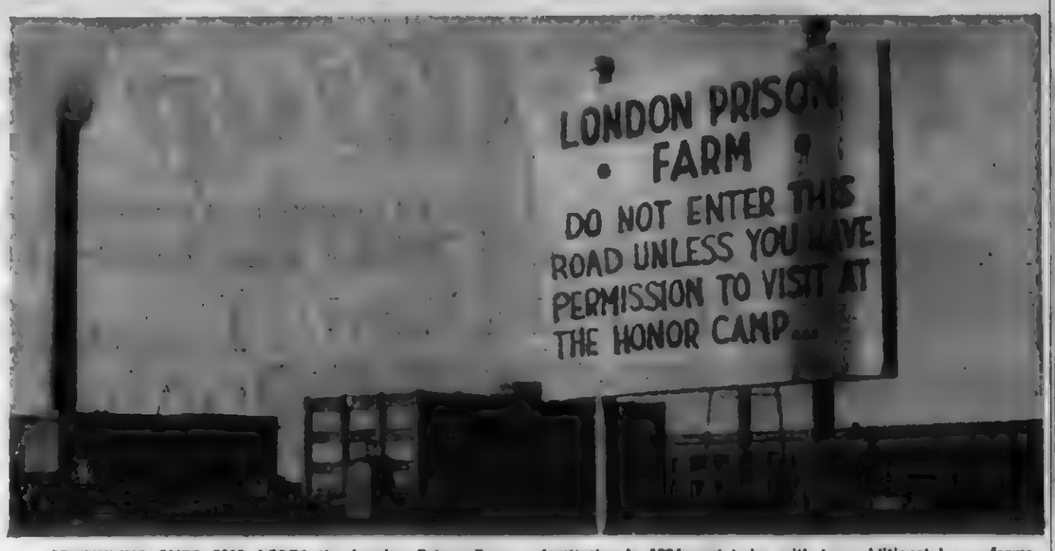
A man highly dedicated to his work, Eckle started as a guard at the state penitentiary in Columbus in 1939 and worked his way through the ranks to Deputy Warden. Transferred to the London Farm in 1952 as deputy warden, he was appointed superintendent in July 1953, and immediately inaugurated a new progressive program. A program that has brought many improvements and not a few [illegible].

Through Eckle's action, the London Farm now has an improved medical dispensary with a full-time chief medical officer, and a modern dental clinic has been built.

Many administrative changes were made and a complete school system, with grades 1 through 12, has been formed, and permits the inmates to voluntarily complete their education. Classes are conducted in the evening with four civilian teachers from London serving as instructors.

The vocational training program has been enlarged and is daily developing skilled carpenters and mechanics, and before long welding, radio mechanics, and many machine trades will be added to the training schedule.

"Everything that we do now to assist an inmate in preparing himself for his return to normal living will help to increase the odds against his returning," Eckle stated. "Statistics show that 18 percent of these men will come back. It is part of our job to cut that figure down, and one way of doing it is to give these men skilled trades" he added.



Not Office Fixture

Eckle is not an office-type superintendent; he daily mingles with the inmates as duties take him through the prison, and he knows a great many of them by name. "In this job you must be stern, but above all you must be fair," he said. "Our disciplinary problem is very small. These men know that if they get out of line, they will be sent back to the state penitentiary. This is a minimum security honor prison, and the inmates have a great many more privileges than those at a regular prison. Here the men live in dormitories, rather than cells. Many of them have radios and TV sets at their bedside, and a man will think twice before he will jeopardize losing these things," Eckle added.

Superintendent Eckle and his attractive wife, Ruth, live in a stately 2-story brick Colonial house on the prison grounds one-half mile from the main buildings.

Prior to his appointment at the farm, the Eckles lived for 16 years on Eureka-av. They have a son, William, who lives at 220 Belvidere-av with his wife and two children.

Eckle is still an active member in several Hilltop organizations, and he and Mrs. Eckle are members of the Hope Memorial Church.

SPRAWLING OVER 3000 ACRES the London Prison Farm began operation in 1913 with 75 inmates as an honor farm belonging to the Ohio State Penitentiary. It became an independent institution in 1924, and today with two additional honor farms, one at Lebanon and one at Oxford, it has a total of more than 2,200 inmates.

Although not entirely self-sufficient, the London Farm raises all of its own meat, vegetables, and some fruit. Above, Superintendent Eckle takes a moment from a tour of the buildings to check with the lieutenant in charge of the mess hall.

Trip To Baghdad—
(Continued from Page 1)

John Verys, that the trip should be safe and pleasant.

The Fergusons' other son, William is associated with the Lurie Meyal Products Co. and expects to be transferred from Columbus [illegible].

Mrs. Ferguson, first appointed as a trustee on the Columbus Public Library Board in 1936 by Mayor Gesselman, has been reappointed by each succeeding mayor. During the years she has served as first vice-president, second vice-president and secretary.

Commenting on the tremendous expansion of Columbus' library system she recalls, "In 1936 the library owned 235,207 books and boasted a circulation of 705,046. Today there are 402,-[illegible] volumes and circulation has soared to 1,530,329. Facilities also include films, music and records."

She is particularly proud of the new branch libraries built during those 20 years. Hilltop branch was first and many others followed.

A member of the Art Gallery's board of directors for the past five years Mrs. Ferguson is a member of the membership committee. The gallery is completely supported by membership funds.

About eight years ago, with her family grown, Mrs. Ferguson found the leisure to realize her ambition for oil painting. She enrolled in the art school at the library, and had private instruction as well. Some of her paintings have been displayed at the Players Club and at the library.

A teacher in public schools for 15 years, she was very active in PTA. She was first president in West High School's Band Parents Club when the group was formed in the early 1930s, served one year as chairman of Red Cross activities on the Hilltop and another year as chairman of the United Appeals campaign for the area.

Mrs. Ferguson is now chairman of Mary Jones Cancer Ray and is a member of Highland Garden Club.

Superintendent Eckle, head of the Prison Farm, poses with Mrs. Eckle in their living room. "My wife, a truly marvelous person," states the proud superintendent, "has always taken an active interest in my work and has given me a great deal of help through the years."

It takes 60 railroad cars to transport the New York City telephone directories from Chicago which prints the major volume of the nation's telephone directories.

The Scioto Company, made up of men from all over Ohio, will be sworn in at the Veteran's Memorial Building, Jan. 24. After nine weeks of intensive training at Bainbridge, Md., the company will receive two weeks' leave and come home as a unit.

Ohio Bell Has $10 Million Plan Ready

A $10,300,000 expansion program for Columbus and the Franklin County area in 1957 was announced this week by the Ohio Bell Telephone Company.

A program to bring direct dialing of long distance calls to telephone users in the Columbus and Franklin County exchanges, calls for large amounts of special equipment to be installed in the new long distance operating building at the corner of Fourth and Long Streets. When this is completed, local users will be able to dial station-to-station calls direct to many points in Ohio as well as a number of other cities throughout the country.

Dial equipment additions in the 10 Columbus exchanges will increase the local telephone system's capacity for serving more subscribers and for handling the increased calling load.

One of the largest projects in 1957 is the outside cable work that is scheduled. Forty large cable projects will furnish additional lines all over the area.

Last year, more than 19,000 telephones were added in the Columbus area. During the coming year, Ohio Bell expects a further gain of 17,600 telephones.

Columbus District Commercial Manager J. P. Gibbs pointed out this city has one of the largest groups of residential subscribers with individual lines, and the highest proportion of homes with extension telephones, among all the cities served by Ohio Bell.

CHICAGO PRINTING CENTER

Family 'Rolls' Home Away From Annexed School Area

No new books for 15-year-old Doug Cox, tenth grade student at West Franklin High School! The Coxes decided it would be easier to move their mobile home than for Doug to move to a new school. So they pulled up stakes and parked in "unannexed" territory.

• • •

Annexation meant a "move" to new schools to most "annexed" residents of the Franklin Heights area. However, it meant a different kind of "move" to two annexed families who just wouldn't be annexed.

One family, Mr. and Mrs. M. W. Cox and their 15-year-old son, Doug, just hitched their trailer to the car and pulled it to unannexed Broad Acres. The family left their Wilson-rd address in order that Doug could remain in his tenth grade class at West Franklin High School.

Relocating was not quite so simple for Mr. and Mrs. Gene Vermillion who left their annexed apartment and moved to unannexed 924 Derrer-av. Vermillions moved also to keep their three children in the same school.

• • •

Vermillion is treasurer of Franklin Heights Booster Club.

In Passing

BY A DREAM

Impelled by a dream, I enter
A room where in the glow
Of candlelight, two people
Move wildly to and fro
Where in the farthest corner,
Forgotten and alone,
A little boy is staring
As though his eyes were stone.
Two shadows in a fury
Hurl charges both deny,
Unmindful of the terror
Of a child too stunned to cry.

Quote—It's always a good idea to keep your words soft and sweet, because you never know when you might have to eat them . . . The only bad part of being a good sport is that you have to lose to prove it . . . Mail—From my dirt-farmer friend near Buckeye Lake: Buckeye Lake is frozen a half foot deep. Everybody is fishing through the ice, and catching a lot of fish. The lake has been lowered four or five feet and hundreds of tree stumps are appearing. I would say that many of them are a hundred years old" . . . From Toronto: "The weather here is clear and pleasant, with the thermometer ranging from 10-35 above zero. Not much snow yet but our friends further north are snowed in. A friend sent this verse—author unknown—which I'd like to share:

Of weakness and of strength
How little can we tell!
I thought the wildflower's bell
Beside the great oak's hardihood,
The frailest thing in all the wood.
Yet in the storm, the wildflower stood!

A Tribute to My Mother-in-Law

"Today, as I write this a lovely lady is slowly passing away. She is in great pain and our wish to keep her here would be a selfish one.

"She is my mother-in-law, Isabel Judy Sanford.

"This lady, one who has given so much of herself to others is soon to reap her reward. No hands ever handled a new born babe so tenderly, carefully rubbed an aching back, and yet scrubbed a floor or tidied a house more efficiently than hers — A mother-in-law who in 20 years never uttered a cross word to me — Always ready to help when needed — made sure she had my favorite pie or cake when we were her guests.

Her sons' children? Yes they too think Grandma Sanford is tops.

My mother — Yes I have a grand one too —

My earnest prayer is that I will be as fine a mother-in-law to my sons' wives as Mother Sanford has been to me.

Mid-Year Term On Way Out In Public Schools

Seventh grades are a distinctive note in local Junior High Schools, being the only grade without a mid-year class.

This year's seventh graders were the first group to enter school "en masse" in Sept., 1949, when the city dropped mid-year as a possible entrance date.

In five more years, the last mid-year class will graduate and the new system will have caught up with the old.

Shoes Put In 'Walking' Order By Twelve State School Boys

People around the Columbus State School are very, "well-heeled" these days, thanks to Floyd Unger and his hard-working shoe repair crew.

Unger, vocational instructor of shoe repair at the school, is training 12 mentally retarded boys in the fundamentals and techniques of shoe repair.

"I firmly believe," Unger remarked, "that with an apprenticeship of from two to three years, these boys can get out and earn a living for themselves in this trade.

"And while learning the art of shoe repair, I have a feeling that these boys can learn to become better citizens."

Fights Physical Battle

Unger's positive nature reflects a whole life of his own "sink or swim" decisions—where he always managed to come out swimming. Unger's problems came early when he was afflicted with polio at three months of age.

He has subsequently broken his leg four times and learned to walk seven times. Thirteen inches of steel and 13 screws are now necessary to keep his leg in "walking" order.

Floyd Unger (right), vocational instructor of the Shoe Repair Shop, at Columbus State School, shows student Clyde Middaugh how to operate the Landis linefinisher, which sands, finishes and shines shoes.

• • •

A 22-year-old veteran of the shoe repair business, Unger opened his own shop at 2223 W. Broad-st in 1947. When he assumed his new teaching duties at the State School a year ago, his 18-year-old son, Danny, took the helm of the shoe repair shop.

Well-qualified for the promotion, Danny has been learning the "inside" of shoes since he was ten years old. When shop closes, Danny attends night school.

Crowded schedules seem to run in the family. After a five-day teaching week, Unger spends all day Saturday and a few evenings a week at his shop.

Residents Provide Work

Unger's shoe-fixin' crew stitched and hammered their way through 9,240 pairs of shoes last year. State School residents provide most of their work.

The boys range in age from 16 to 20 years and have worked in the shop from one to eleven months. In their shoe repair program, the students learn to operate three machines, a line-finisher which sands, finishes and shines shoes; a model stitcher which stitches the sole to the shoe, and a patch stitcher for stitching the shoe itself.

"Although many people think that shoe repair is simply taking off a heel and putting one on," Unger remarked, "it is more exactly, tearing down a shoe and rebuilding it."

Unger and his wife live at 33 N. Wheatland-av, with their three children, Danny, Susie and Nickie. An older son, Kenny, is married and living at 767 S. Ogden-av.

Airport Head Feels Hilltop Strip Is Vital

Perhaps no member of the Hilltop Business Association places more emphasis on the future

Gomer Jones

than Gomer Jones, president of the Jones Flying Service at the Sullivant Avenue Airport and a veteran of 23 years of commercial flying.

Convinced that the operation of an air strip on the west side of Columbus is vitally important to the community, Jones feels that steps should be taken now to insure that the field remains at its present location.

Developers repeatedly are attempting to purchase the airport to launch housing projects. But as long as he can hold out, Jones seems determined to remain at his Sullivant-av location.

"This air strip could be closed and moved westward," Jones pointed out. "But why should such an ideal location be given up. The field is only a few minutes from the center of the city and in an expanding industrial area."

If the amount of air traffic increases at the predicted rate, Jones feels certain that the field will be a definite asset to the Hilltop area. Between February, 1954, and April, 1956, 1366 aircraft parked at the port. In the next six months, 611 planes parked here, showing the increase of air traffic over the area," he added.

Jones remarked that the Sullivant-av strip could be used as an emergency field if a plane developed serious trouble after taking off from Port Columbus. "If the aircraft could not make it back to Port Columbus and had to land the presence of the strip might prevent a crash landing in a residential section."

Local Scouts Take To Air As Guests Of Commander

Ten young men and Explorer Scouts of the Hilltop and West Side recently enjoyed an hour's flight over Columbus in a huge four-engine bomber, the 24Y-type. The Scouts were guests of Naval Commander George Rogers of the Naval Air Station, Port Columbus.

All from the Southwest District they are members of Scout Post 29, Air Squadron 32, Troops 89 and 172 and Ship 204. Those taking the flight were Carl Barth, 768 Brehl-av, Ron Montgomery, 2260 Amherst; Jack Sanford, 16[illegible] S. Westmoor-av; Bob Holycross, 93 Powhatan-av; Harold Miller, 645 Van Buren-dr; Bob Stinson, 806 Pierce-dr; Jerry Buck, 914 S. Hague-av; Russell Marks, 834 Stephen-dr; David Tritsch, 2955 Sullivant-av; and Larry Gallentine, 3339 Fisher-rd.

This flight was the culmination of eight days of pre-flight preparation and study, including a history of naval aviation, theory of flight, flight instruments, a tour of the grounds and facilities and films thrown in to make things a bit clearer.

The Explorers were directed by Assistant District Commissioner Robert Hickinbotham, 129 Powhatan-av, popular director of the Explorer program of the Southwest District. Hickinbotham explained that after the pre-flight training was finished at Port Columbus, each Explorer was required to have a flight release signed by his parents and okayed by the scout executive. Finally, after all flight releases were cleared and Chief Parsons had received permission through Washington, the flight took place.

Penny For Your Thoughts

Do you think city bus fare should have been increased?

Mrs. Thomas Fogarty, 477 Heer-st: "No, I don't. Their service is not up to par. People should not have to wait 10 or 15 minutes for a bus."

Mrs. Betty Conley, 2388 Appleet: "No, I think it's outrageous. I ride to work every week and I just don't think people can afford it. I didn't think too much about it when they raised it last year, but I certainly didn't expect it this year."

Mrs. Andrew Rice, 492 N. Eureka-av: "No, I don't. I think the fare was plenty already."

Mrs. George Sodden, 396 Nashoba-av: "No, I think 20 cents for a bus ride is too much. I am not in favor of the increase."

Mrs. Edward Tebert, 656 Hiltonia-av: "It seems to me that if the service were improved, the raise would be justified. After all the bus drivers deserve good wages and many other cities already have a 20 cent bus fare."

Mrs. Allison Syx, 341 S. Eureka-av: "I don't ride the buses much but I do think that 20 cents is too high. I think it's just out of reason for the working person to pay."

The annual printing industry sales volume is approximately nine billion dollars.

Out Of Bounds!

Most houseplants are small, delicate things that rarely grow more than a foot or two in height—but not those belonging to Mrs. Eva Green of 693 S. Wayne-av. She has a couple of "Sacred Lilly of India" plants that know no bounds. The muscle-bound flowers raised from a bulb of a plant brought here from India, are more than 20 years old. The taller of the two towers more than seven feet high when held aloft. The petals are a rose-maroon with ivory center on a dark green stalk. In the summer they are planted in Mrs. Green's back yard, but during the winter months they are brought into the house. They emit a strong pungent odor but require, no water or attention while indoors.

Mothers' March On Polio Is Week Away

Three Mothers' March on Polio leaders visit with polio patient Mrs. Betty Clements at Children's Hospital Respirator Center during their recent tour of the hospital to see how March of Dimes funds are used to help polio patients. Standing, left to right, are Mrs. Fred D. Johnson, 984 Arsenal-av; Mrs. Felix Wheeler, 455 Cherry-dr, and Mrs. Lawrence Seibert, 181 Lechner-av.

Mothers in this area will join with more than 9,000 others throughout Franklin County when they go out to seek money to help finish the fight against polio during the annual Mothers' March on Polio, Thursday evening, Jan. 31.

Starting promptly at 7 p.m., these women will visit every home in the county. This year they will leave a convenient family polio shot record card at every home. This card urges every member of the family under the age of 35 to get polio vaccinations, and it also provides spaces to record the dates of the first, second and third shots for every family member.

Women in this territory who have helped organize this annual drive for polio funds include: city district chairman, Mrs. Lawrence Seibert, 181 Lechner-av; colonels and co-colonels and their territories: Hilltop, Mrs. Ernest Curry, 277 N. Wayne-av; Mrs. Carl Gilliland, 83 Belvidere-av, and Mrs. Wilbur Hessler, 2036 W. Mound-st; Westgate, Mrs. Milton Armstrong, 92 Algonquin-av; Pleasant Township, Mrs. Erwin Priwar; and Jackson Township, Mrs. Clarence Gueth and Mrs. Beulah White, Grove City.

Even though only 16 new polio cases were reported in Franklin County during 1956, more than $93,000 was needed to provide treatment for these new cases, plus more than 270 victims from earlier years who still need help.

"Money given to the March of Dimes through the Mothers' March on Polio will be used to continue the patient aid program, which assures every polio victim of proper treatment, regardless of race, creed or financial status, the fund committee said. "Other work to be done with March of Dimes funds includes continued research into more effective methods of treatment for polio and an improved polio vaccine, as well as the training of much-needed professional personnel such as doctors, nurses, and physical therapists."

The Mothers' March leaders urge everyone to turn on their porchlights to light the way of the polio volunteers Thursday, Jan. 31.

Christian Living Is Topic For Series of Sermons

Arthur W. Atkinson, Jr., of West Broad Street Church of Christ began a series of lessons last Sunday morning on different aspects of Christian living. His subject last week was "Should a Christian Dance?"

This Sunday he will discuss "Should a Christian Use Tobacco?". On Feb. 3 he will preach on "Gambling and Immodest Apparel;" Feb. 17, "Influence Of Movies Upon Children and Adults;" Feb. 24, "Salacious Literature and Card Playing."

On Mar. 3 the series of lessons will be concluded. Subject will be "Principles to Govern Our Recreation."

At the same time, series of lessons pertaining to the church is being preached at the evening services. Future Sunday evening lessons will trace the church from the first century to the present day.

The public is invited to this series.

Minister Named To Head Council

Dr. J. W. Montgomery has been named acting executive secretary of the Columbus Area Council of Churches, until the selection of a successor to Rev. David W. Witte.

Witte's Oct. 17 resignation was accepted Jan. 9, according to the council.

Dr. Montgomery, as extension service director of the Baptist Church in this area, organized and served as the first pastor of Lincoln Village Baptist Church until a fulltime pastor was named. Dr. Montgomery is now an associate director of the council.

Hilltop Youth Invited To See Showing Of Movie 'Seventeen'

Spiritual faith of today's youth is the theme of "Seventeen," a sound motion picture to be shown Sunday evening, Jan. 27, 7:30, in the closed shelter house at Westgate Park. The showing is sponsored by the Youth Fellowship of Burgess Avenue EUB Church.

The film, part of the observance of Youth Day at Burgess Avenue, is a story of the modern teen-ager in high school and includes romance, football, hot rods, bungling, tragedy and music.

Showing of the film is open to the public.

Other activities for the day include the morning service directed by the Young People, with the Young People's Choir singing and the youth serving Communion to the congregation.

Rev. Irvin H. Lane is pastor of the church.

Westhill Church Burns Mortgage

Westhill Church of Christ will hold a mortgage burning ceremony Jan. 27 at the 10:30 a.m. worship service. The ceremony will mark the first time since the congregation moved into its new unit on Sept. 28, 1952, that the church has been free from debt.

The next effort will be the erection of a main auditorium above the present basement unit.

All members and friends are invited to the ceremony. Rev. Ralph Smith is pastor of the church.

Bible Answers

I Peter 3:15 " . . . be ready always to give an answer . . ."

HOW CAN I KNOW WHAT IS TRUE WITH REGARD TO RELIGIOUS MATTERS? This is certainly a worthy question in this day of religious division and confusion. Christ has told us that we "shall know the truth and the truth shall make" us free. (John 8:32). It is important for us to find this truth of which our Savior is here speaking. He tells us what truth is in John 17:17: "Sanctify them through thy truth: thy word is truth." The word of God is truth. If we wish to be pleasing to God we will look within the pages of his book for truth. This is the reason that Paul admonished Timothy to study and rightly divide the word of truth. (II Timothy 2:15). It is of great importance for us to study the scriptures and to rightly divide them.

We are happy to be able to help you accomplish this desired end. We offer unto you a free Bible Correspondence Course. This course consists of six lessons. The material in it is taken directly from the Bible and is non-denominational. The textbook you use is the Bible and every question refers you to one or more texts in the Bible. You may have this course by writing to the address below and requesting it.

Methodist Five Win First Round

Coach Ellis Breckenridge's West Park Methodist cagers copped their fifth consecutive victory and the first-round title in the Hilltop YMCA Intermediate League recently by downing Hillcrest Baptist, 50-29.

Danny Scoles tossed in 14 points in a losing effort for Burgess EUB who were nipped, 31-28, by Westgate Methodist in a defensive thriller. Glenwood Methodist finished first round action with a four and one record after polishing off West Senior Hi-Y, 53-27.

Glenwood Methodist Tops Volleyball League

A three-game victory over Columbia Heights Methodist Church enabled Glenwood Methodist to take over first place in the second round of the Hilltop YMCA Old-Timers Volleyball League.

West Park Methodist also took three from Burgess EUB to tie with Columbia Heights for the league's second spot. The teams will be idle this week, but will resume action next week.

District Scouts Have Own 'Davy Crockett'

DAVY CROCKETT lives again in the form of Harold Arnold, assistant Southwest District Scout Commissioner. Arnold who made the outfit, wears it on Scout Camporees. It is decorated with artificial bear claws, buckeye buttons, horsehair, and rawhide lacing. He holds a handmade axe that is sharp enough to shave with. Hanging from his jacket is a coconut half-shell drinking cup.

By Jack Fravel

Harold Arnold, known affectionately by the nickname of "Davy Crockett", has become a familiar figure to Hilltop and West Side Boy Scouts. Arnold, who started in scout work six years ago as an assistant scoutmaster, is now assistant district commissioner for the Southwest District.

The 44-year-old commissioner, who was never a Boy Scout, became interested in scout work when his son, Harold, Jr., joined a cub unit. The son, now a private in the army, is believed to be on his way to Korea.

Arnold, who is very enthusiastic in his scout work, received his nickname from a fringed leather jacket and coonskin cap which he always wears on camporees and outdoor events.

A member of the Order of the Arrow, a national brotherhood of scout honor campers, Arnold has missed only one round-table session and only one camporee in six years.

Exceptionally popular with the scouts and leaders, he holds more than a dozen different scout leadership training certificates, and has received many national and local commendations and awards.

An employe of the Ebco Manufacturing Co., Arnold lives with his wife, Aldora, at 973 Clarendon-av.

Mary Jo Blackburn scored 11 points to lead the Basketeers to a 19-8 victory over the Blue Birds in a Junior Girls' League game. The Black Angels, Hilltop Hoppers and Hot Shots post undefeated marks in the Senior League.

North Tops West, 92-55

West found out last week what most of the Columbus cage crews had learned in previous Friday dates with the astounding North netmen — the Polar Bears are plenty tough and show no signs of letting up. The Cowboys' lesson cost them a 92-55 defeat.

The Bears jumped into a 10-0 lead in the first minute and a half of action. The Broncs then fought a losing battle all the way trailing at the end of the quarters by 20-12, 53-25 and 73-40.

Big Bill Dodson led the North attack with 20 points while Dennis McDonald paced the Cowboys with 14. All the Polar Bear starters, with the exception of forward Dick Wherry, scored in the double figures.

Nobody can resist home-cooked food, especially when it is prepared by Lena Skagg, who with her husband, Joe, owns and operates the popular Joe and Lena's restaurant in the Great Western Shoppers' Mart.

Lena and Joe Skagg

Joe and Lena started their small restaurant last May, and it became an immediate success. So much so that they are now planning to enlarge it in the near future.

"There is only one way to operate a restaurant successfully," Joe says, "and that is to have excellent food, priced right, and give your customers prompt friendly service. That's why we do all of our food preparation and baking right here. It's also the reason we used our first names in naming the place. We thought it added a friendly touch."

Joe and Lena, who live at 462 N. Harris-av, have two children: Ruth, 9, and Zandra, 6.

Almost Worth It

A man managed to board a street car the other day, after a hot chase. On regaining his breath, he said, jokingly, to the conductor, "Suppose I'd slipped and lost a leg—what then?"

"Oh," answered the conductor, with unwonted politeness, "you wouldn't have to do any more running then; we always stop for a man with a crutch."

District Scouts Have Own 'Davy Crockett'

Local Units Plan Special Events For Scout Week

National Boy Scout Week will be celebrated throughout the United States beginning Feb. 6, and ending Feb. 12.

Scouts of the Hilltop and West Side area will celebrate the founding of the movement by special good turns, window displays depicting facets of the many varied activities, father and son dinners, Blue and Gold (Cub Scout) banquets, courts of honor and various other ways.

Scouting began in this country on Feb 8, 1910, and was chartered by Congress in 1916. Every president of the United States since William H. Taft has served as its honorary president.

North Tops West, 92-55

West found out last week what most of the Columbus cage crews had learned in previous Friday dates with the astounding North nethen — the Polar Bears are plenty tough and show no signs of letting up. The Cowboys' lesson cost them a 92-55 defeat.

The Bears jumped into a 10-0 lead in the first minute and a half of action. The Broncs then fought a losing battle all the way trailing at the end of the quarters by 20-12, 53-25 and 73-40.

Big Bill Dodson led the North attack with 20 points while Dennis McDonald paced the Cowboys with 14. All the Polar Bear starters, with the exception of forward Dick Wherry, scored in the double figures.

Heights Loses Tenth In Row

Steadily improving Franklin Heights was clipped once again Friday night as Scioto Township handed the Demorest-rd lads a 64-34 pasting on the Black and Gold floor.

Guard Bob Pearse led the well dispersed Franklin attack with nine points. Seven other Heights cagers broke into the scoring column with Bill Johnson collecting seven; Dick Norris, five; John Yinger, four; Larry Abbott, three; Jim Shipley, two; Gary Watkinson, two; and Bob Bagot, two.

Heights trailed by four points at the end of the first stanza, 12-8, before falling behind 40-12 at halftime. Third quarter score was 57-23. The Scioto Reserves dumped the Heights fledglings 35-29 in the preliminary game.

Boy Scout Week Launches Active Season For Units

During Scout Week special displays and exhibits will appear in local stores and courts of honor, banquets and special meetings will be staged throughout the South West District. Cubs, Boy Scouts and Explorers will participate.

Scouting's spectacular, the annual Scout-O-Rama will be held at the Ohio State Fair grounds on Saturday and Sunday, Mar. 9 and 10. Located opposite the Eiffel Tower, the new studio is offering, free-of-charge, a 8x7 complimentary photo to the parents of the first 200 children who appear. The offer is limited to one child per family.

Samples will be chosen from these sittings to be used as displays in the new studio, and one 16x20 photo will be selected for the most unusual pose or expression and used as the "Baby of the Month" display. It will then be awarded free of charge to the parents. Additional free gifts will be given to the first 50 children to appear.

The Lewis Studio, known as central Ohio's largest baby photographers, was started in Columbus 19 years ago by Robert Payne. For the past eight years Payne has had a studio at 1511 S. High st. He is president of the Columbus Society of Photographers, and a member of the Ohio Photographers' Association and the National Photographers' Assn.

Payne, a Marine veteran of World War II, lives with his wife, Elena, at 2601 Canterbury-rd in Upper Arlington. They have a 19-year-old daughter, Carol Ann, who is attending Ohio University, and a nine-year-old daughter, Cheryl, at home.

Not So Strange

Mr. Golden: No, Willie, I'm not. I know very little about the game.

Willie: Then why did Sis tell Ma that you were such a good catch?

Her Method

Dum: Does your wife darn your socks?

Brown: Sometimes she uses stronger language than that about them.

Boy Scout Week Launches Active Season For Units

As the nation's spotlight falls on Boy Scouts everywhere next week (Boy Scout Week, Feb. 6 through 12), a busy season unfolds for local units.

During Scout Week special displays and exhibits will appear in local stores and courts of honor, banquets and special meetings will be staged throughout the South West District. Cubs, Boy Scouts and Explorers will participate.

Scouting's spectacular, the annual Scout-O-Rama will be held at the Ohio State Fair grounds on Saturday and Sunday, Mar. 9 and 10. It is again to be housed in the Merchants and Manufacturers Building. Although the largest building in the area, it still hardly accomodates the crowds that come to view the work of all phases of Scouting in this area.

The Columbus Junior Chamber of Commerce will again sponsor the show with H. Burtley Showe of the Jaycees as director, assisted by William S. MacKenzie of the Boy Scout Council Executive Board.

The South West District Committee will be represented by Ralph Duncan, chairman, 208 N. Terrace-av; Harry Keller, participation, 892 S. Eureka-av; advancement, Waldo Hight, 150 Brehl-av; ticket sales, Frank Haley, 168 S. Ogden-av; public relations, Charles Strawser, 4081 [illegible]rd.

Approximately 125 Scouts and Explorers of the Central Ohio Council will attend the National Jamboree at Valley Forge, July 12 to 18. There is space left for 25 more reservations from this area, District executive Robert Meade said.

At Valley Forge from this area will camp with 50,000 other Scouts on the site where Washington camped. The local group will conclude the trip with a tour of Philadelphia and Washington, D.C., following the Jamboree. Anyone interested should contact Boy Scout Headquarters (CL. 3-5513) for information.

Heights trailed by four points at the end of the first stanza, 12-8, before falling behind 30-12 at halftime. Third quarter score was 5"-23. The Scioto reserves dumped the Heights fledglings 33-29 in the preliminary game.

West found out last week what most of the Columbus cage crews had learned in previous Friday dates with the astounding North netmen — the Polar Bears are plenty tough and show no signs of letting up. The Cowboys' lesson cost them a 92-55 defeat.

The Bears jumped into a 10-0 lead in the first minute and a half of action. The Broncs then fought a losing battle all the way trailing at the end of the quarters by 20-12, 53-25 and 73-40.

Big Bill Dodson led the North attack with 20 points while Dennis McDonald paced the Cowboys with 14. All the Polar Bear starters, with the exception of forward Dick Wherry, scored in the double figures.

North Tops West, 92-55

West found out last week what most of the Columbus cage crews had learned in previous Friday dates with the astounding North netmen — the Polar Bears are plenty tough and show no signs of letting up. The Cowboys' lesson cost them a 92-55 defeat.

The Bears jumped into a 10-0 lead in the first minute and a half of action. The Broncs then fought a losing battle all the way trailing at the end of the quarters by 20-12, 53-25 and 73-40.

Big Bill Dodson led the North attack with 20 points while Dennis McDonald paced the Cowboys with 14. All the Polar Bear starters, with the exception of forward Dick Wherry, scored in the double figures.

The Columbus Junior Chamber of Commerce will again sponsor the show with H. Burkley Shove of the Jaycees as director, assisted by William S. MacKenzie of the Boy Scout Council Executive Board.

The South West District Committee will be represented by Ralph Duncan, chairman, 208 N. Terrace-av; Harry Keller, participation, 882 S. Eureka-av; advancement, Waldo Hight, 150 Brehl-av; ticket sales, Frank Haley, 168 S. Ogden-av; public relations, Charles Strawser, 4081 [illegible]-rd.

Approximately 125 Scouts and Explorers of the Central Ohio Council will attend the National Jamboree at Valley Forge, July 12 to 18. There is space left for 25 more reservations from this area, District executive Robert Meade said.

At Valley Forge from this area will camp with 50,000 other Scouts on the site where Washington camped. The local group will conclude the trip with a tour of Philadelphia and Washington, D.C., following the Jamboree. Anyone interested should contact Boy Scout Headquarters (CL. 3-5513) for information.

Likeable 'Boots' Parker Serves As Cop, Maintenance Man

"This is the finest job I've ever had in my life," said Robert "Boots" Parker, well-known maintenance supervisor and deputy sheriff of the Great Western Shoppers' Mart.

Parker, who lives with his wife, Elizabeth, in an apartment in the shopping center, has been at the center since it opened and is now considered an institutional part of the Mart.

Born and raised on the 4-mile-long Put-in-Bay Island on Lake Erie, Parker received his nickname as a small boy. He had to walk two and a half miles to school and because there were no paved roads on the island, he wore long boots constantly. An old German neighbor gave him the nickname and it has stuck with him ever since.

During the day Parker may be found in any part of the center performing his maintenance duties, but when 5:30 rolls around he dons his Franklin County Deputy Sheriff's uniform and begins his evening patrols. As a sheriff, he finds that most of his time is spent directing and supervising traffic during the evening rush periods.

Boy Scout Week Launches Active Season For Units

As the nation's spotlight falls on Boy Scouts everywhere next week (Boy Scout Week, Feb. 6 through 12), a busy season unfolds for local units.

During Scout Week special displays and exhibits will appear in local stores and courts of honor, banquets and special meetings will be staged throughout the South West District. Cubs, Boy Scouts and Explorers will participate.

Although the largest building in the area, it still hardly accomodates the crowds that come to view the work of all phases of Scouting in this area.

The Columbus Junior Chamber of Commerce will again sponsor the show with H. Burkley Showe of the Jaycees as director, assisted by William S. MacKenzie of the Boy Scout Council Executive Board.

The South West District Committee will be represented by Ralph Duncan, chairman, 208 N. Terrace-av; Harry Keller, participation, 852 S. Eureka-av; advancement, Waldo Hight, 150 Brehl-av; ticket sales, Frank Haley, 108 S. Ogden-av; public relations, Charles Strawser, 4081 Dublin-rd.

Lorene Heads Ultra-Modern Beauty Salon

Lorene Noble, a vivacious silver blonde woman who has been a beautician since 1944, is the owner

Lorene Noble

of the ultra-modern Lorene Beauty Salon, opposite the Eiffel Tower in the Great Western Shopper's Mart.

Exceptionally proud of her salon, she states that she was the first person to open a beauty salon in a Columbus shopping center, back in 1949.

A specialty of the Great Western Salon is the Gabrielsen Tepidaire system, fresh from Paris, a perfect wave for the feminine look of the day, which demands short hair with curls and waves brushed into a "new look" style that hugs your head.

Lorene, who personally specializes in silver blonding and hair tinting, says that her beauticians have received instruction under some of the world's foremost hair stylists.

'WONDERS' BOW TO ELEMENTS; OPEN IN SPRING

Following the practice of the Armed Forces, the Walk-O-Wonders at the Great Western Shoppers' Mart has been mothballed for the winter months.

William Treyte, executive secretary of the Great Western Business Association, stated that to help preserve the wonders and protect their finishes from winter weather changes, it was decided to give them protective coverings through the winter months. If weather permits, they are expected to be unveiled again the latter part of April or early May.

A tremendous job, it required five weeks of work from Glenn Tipton, building superintendent, and a crew of four men, at a cost of between $15,000 and $20,000, to erect the shelters.

Made of wood and canvas, the walls were fully constructed and then erected around the individual wonders, and waterproofed.

The coverings were constructed in such a manner that they will be reusable for many years to come, and will require only a week to install or remove.

The Walk-O-Wonders, constructed at a cost of more than $200,000 consists of Niagara Falls, Eiffel Tower, Leaning Tower of Pisa, Carlsbad Caverns, the Fountain of Trevi, the Acropolis, the Taj Mahal, the Sphinx and the Pyramids.

If Birds, Fish, Small Animals Are On Your 'Diet,' Consult Bill

Many a customer gets the "bird" from Williard Prince—which is only natural, for Prince is the man-

Willard Prince

ager of the Great Western Pet Shop and Aquarium at 172 Wilson-rd, a place teeming with birds of all sizes and colors: parakeets, parrots, canaries, and even the rare Myanh bird.

Besides birds, the store also carries a full line of tropical fish and small animals, including the popular hampster.

Anything the pet owner could wish for is on its shelves. All sorts of special foods, feeding equipment, cages, aquariums, clipping and manicuring equipment, collars, pet medicines, special pet dishes and novelty treats for your pets are included in this intriguing store. Pet owners, too, will appreciate the large number of books and manuals on individual pet [care and breed].

An associate of the Kimball Glass Co. before coming to the Pet Shop, Prince lives with his wife, Justine, and three children, Christine, 10, Brad, 4, and Tom, 2, at 2460 Dawnlight-av. He is a native of New York and came to Columbus in 1930. An army veteran of World War II, he was a prisoner of war for one year in a German camp.

Economy Loan Manager Once Operated Airline

From operating a small Florida airline service to managing an Ohio savings and loan company seems

Jack Winel

a little incongruous, but that is the case of Jack R. Winel, manager of the Great Western Economy Savings and Loan Office.

Winel, who has been manager of the Great Western office since last August, operated a small independent airline service out of Miami, Fla., before returning to his native Columbus and accepting his present position.

A graduate of St. Charles High School, class of 1937, Winel attended Ohio State University's college of commerce. He served as an infantryman with the USMC's famous First Division during World War II, spending 30 months in the Pacific combat area.

Winel, who thinks that the Ohio climate, with its change of seasons, has it all over Florida sunshine, lives with his wife, Olive, and two children, Sharon, 10 years, and Richard, 10 months, at 352 E. Moler-st.

Crooning Hilltopper Is Bound For Hollywood

A former student sharing his triumph with a well-loved teacher is a familiar scene in Mrs. Edith White's classroom at West High School. Vocal instructor at the school since 1944, she is always thrilled with their successes. Latest of her many students to make good professionally is Bill Walker shown above proudly displaying his three-year contract with 20-Century Fox.

• • •

Bill Walker came home to the Hilltop last week from a singing engagement in St. Louis, with news of a three-year contract with 20th Century Fox to share with family and friends.

The son of Mr. and Mrs. Cecil Walker, 216 N. Oakley-av, Bill sings under the professional name of Larry Marlowe. His wife is the former Charlotte Brower, daughter of former Hilltopper, Dr. Robert G. Brower.

Bill, who has sung professionally since he was graduated from West High School in 1948, has found his future shaping up at dizzying pace this past week.

He was singing "September Song" at Busch's Steak House in St. Louis when he caught the attention of Cliff Mantell, talent scout from 20th Century Fox. A three-year contract was signed two days later.

He will leave Columbus soon for a night club engagement in Chicago, appear on Arthur Godfrey's Talent Scout program the last of March or the first week in April, and then leave for Hollywood.

Bill sang in the chorus and in musical productions during his years at West High School. He recalls singing duets with Susan Johnson, also a student at West while he was attending the school.

After graduation he appeared in a number of productions with the Independent Players of Columbus. Many night club engagements followed but that elusive, magical "big break" didn't come until last week.

Among his strongest supporters in the difficult years of becoming established, have been his wife, parents, six brothers and sisters and many loyal friends.

One brother, well-known Hilltopper Edward Walker, was also a professional performer and appeared in two Hollywood pictures as a dancer. Bill's mother is a professional dancer and organist.

Name Six To Hilltop 'Y' Board

A new record for attendance was set Tuesday evening at the ninth annual Hilltop YMCA meeting held at Westinghouse cafeteria and auditorium. Over 460 were present.

Six men were elected to positions on the local Y board of management and six to the advisory council. Reelected to the board were Herbert G. Deems, C. Carlton Hartley, John Dickson, Jack Imler, and Jerry Spears. James Henery, principal of Westgate and W. Mound schools, was named a member of the board.

Elected to the advisory council were K. M. Elder, P. A. Jackson, Dewy Parris, Howard Prout, Charles Weaver and Curtis G. Wilcox.

A welcome from Westinghouse was extended by Harry Dailey, industrial relations manager of the firm.

Introductions of nominees and conduct of the election was by Howard Lloyd.

Membership recognition was headed by Ray Anderson who presented plaques to Herbert G. Deems, John Dickson, C. C. Hartley, Jack Imler, Dave Randall and Jerry Spears, Sr., for their past service on the board.

Special recognition pins were presented to the following: Frank Truitt, John Dickson, Harry Grasbel, John Hutchinson, William Beard, Leon Suber, R. W. Grant, Mrs. Warren Parkinson, Mrs. Frank Calland, Mrs. Robert Trott, Eldon Koehler and Charles Bartel, Jr.

The financial statement was presented by Jerry Spears.

In his annual statement Hartley, chairman of the board, pointed out that the board hopes to get construction started this year on the first unit of the new Y building at Valleyview and N. Hague-av. Floor plans for the building were on display at the meeting.

Fred B. Hill, president of the Columbus YMCA, and C. J. Dyer, executive secretary, spoke briefly and commended the Hilltop organization.

Robin Freeman, Hilltop resident, and former Ohio State All-American basketball player, was the speaker. He praised the YMCA on the part it has played in developing sportsmanship in athletics and the building of character in youth. He was introduced by Robert Darrow, West High principal.

The invocation was given by Rev. Gerald Koster, pastor of Hilltonia EUB Church and the benediction was by Rev. Amos Cambric, pastor of Wheatland Avenue Methodist Church.

DOWN ON THE FARM

New Lambs Make Their Debut

"Mary, Mary had a little lamb . . ." But in this case it isn't Mary, it's 13-year-old Joyce Riebel, daughter of Mr. and Mrs. Wilbur Riebel, who live on a farm at 6200 Johnson-rd. And the little friend on her shoulder doesn't have fleece quite as white as snow, but it is the first lamb to appear this "lambing season" on the Riebel farm. Only five days old, his fleece is expected to lighten before long. Joyce, who is in the seventh grade at Prairie Township School, is a member of the Jolly Workers 4-H Club of Galloway. Her mother is an adviser to the club.

Boy Scout Week Launches Active Season For Units

As the nation's spotlight falls on Boy Scouts everywhere next week (Boy Scout Week, Feb. 6 through 12), a busy season unfolds for local units.

During Scout Week special displays and exhibits will appear in local stores and courts of honor, banquets and special meetings will be staged throughout the South West District. Cubs, Boy Scouts and Explorers will participate.

Scouting's spectacular, the annual Scout-O-Rama will be held at the Ohio State Fair grounds on Saturday and Sunday, Mar. 9 and 10. It is again to be housed in the Merchants and Manufacturers Building. Although the largest building in the area, it still hardly accomodates the crowds that come to view the work of all phases of Scouting in this area.

The Columbus Junior Chamber of Commerce will again sponsor the show with H. Burkley Shows of the Jaycees as director, assisted by William S. MacKenzie of the Boy Scout Council Executive Board.

The South West District Committee will be represented by Ralph Duncan, chairman, 208 N. Terrace-av; Harry Keller, participation, 862 S. Eureka-av; advancement, Waldo Hight, 190 Brehl-av; ticket sales, Frank Haley, 108 S. Ogden-av; public relations, Charles Strawser, 4061 Dublin-rd.

Approximately 125 Scouts and Explorers of the Central Ohio Council will attend the National Jamboree at Valley Forge, July 12 to 18. There is space left for 25 more reservations from this area, District executive Robert Meade said.

At Valley Forge from this area will camp with 50,000 other Scouts on the site where Washington camped. The local group will conclude the trip with a tour of Philadelphia and Washington, D.C., following the Jamboree. Anyone interested should contact Boy Scout Headquarters (CL. 3-5513) for information.

They Think Tom Looks Like Garry Too!

Tom Murnane, 38-year-old Hilltopper of 242 N. Burgess-av, has been selected as one of 15 or 20 finalists out of thousands of entries in the nationwide "Garry Moore Look-Alike" contest. The Murnanes learned this last week when they received a long distance call from Moore's New York secretary.

Murnane, who bears an astounding resemblance to the TV personality will appear on Moore's morning show of Mar. 28. The winner will be announced then. The program, which is seen daily at 10 a.m. on Channel 10, CBS' Columbus outlet, has not yet announced what the winner of the contest will receive.

Murnane was the subject of a front page feature story in the Jan. 3 edition of the Hilltop Record. At the insistance of family and friends, he entered the contest with photographs taken by Record reporter John McPeek.

Jerry Spears Not To Seek Second Term

Hilltopper Jerry Spears, Jr., city councilman, made a public statement this week that he will not run for another council term.

"With some regret," he said, "I have informed the Republican County chairman that I will not be a candidate for city council in the coming year. I find it impossible to continue beyond my present term due to business pressure and the ever-increasing amount of work and demands upon the time of a city councilman." Spears' present term ends Jan. 1, 1958.

Rockets To Signal Start Of Mothers Polio Drive

Aerial bombs exploding in all parts of the county will signal the start of the Mothers' March on Polio promptly at 7 p.m. Thursday.

Local residents are being asked to help fight polio two ways this year—first, by getting polio shots now, and second, by giving to the Mothers' March scheduled from 7 to 8 p.m.

At that time, some 9,000 women will visit every home in the county to seek contributions to the 1957 March of Dimes. At each home they will leave a family polio shot record card as a reminder that every member of the family under 45 years of age should be inoculated against polio. Home owners are asked to turn on their porch lights to guide the mothers on their rounds.

The women will be carrying distinctive manilla envelopes with the word "Polio" on them in large dark blue letters.

Serving as a follow-up crew to pick up any contributions missed by the marching mothers will be a team of six members of Franklin County clubs of the American Motorcycle Association.

Persons who are missed during the Mothers' March, or who will not be home at that time, are urged to call CA. 1-5221 on Thursday evening, and an official messenger will pick up their gifts. These men will carry proper Mothers' March identification.

The Mothers' March on Polio, fifth annual drive of its kind here, will wind up the month-long March of Dimes campaign. "Money raised in this way will assure continued care for persons for whom the vaccine came too late. It will also help continue research into an improved vaccine and will help train additional doctors, nurses and physical therapists," the drive chairman said.

It Has Been A Good Year For Hilltop Y

Enthusiasm for the work of the Hilltop YMCA can best be measured by the very large attendance at the ninth annual meeting of the organization Tuesday evening at the Westinghouse auditorium.

Persons who are not well acquainted with the far reaching activities of the local Y branch had an opportunity to see how the program is supported by the large number of parents in attendance at the meeting.

This is a democratic organization. It is operated by a local board of management and members of this board are elected by members of the organization.

For many years people of the Hilltop have looked forward to the time when the Y could operate from a fine new building that would contain such facilities as meeting rooms, recreation center, swimming pool and gymnasium.

As announced at the Tuesday evening meeting, there is a possibility that actual work on that program will get under way this year. The local board of management has hired architects, will soon have plans and has a rather healthy building fund that has accumulated with efforts over the years. The big question is where an additional amount is coming from at this time to make it possible to start the first unit.

Persons in a financial position to aid in the cause are being sought and it is hoped that actual construction of the first unit can be started this year with additional construction to follow the big building fund drive to be held county wide this year and next spring.

There is no finer project in the making on the Hilltop than the building of this Y facility. It is hoped that more and more people will put their shoulders to the wheel to see it become a reality.

Gas Rates Cut At Valleyview

Fuel gas users in Valleyview will be among the consumers in seven Franklin County communities to benefit from an automatic reduction of one-half cent a thousand cubic feet effective March 1.

The reduction was announced this week by the Ohio Fuel Gas Co. which received refunds from pipeline suppliers. Under a Federal Power Commission rule, the refunds are made because the cost of gas to Ohio Fuel decreased enough during the past year to warrant the reduction.

Other communities that will be affected are Grandview, Hanford, Marble Cliff, Valleyview, Whitehall, Worthington and Riverlea. Columbus users will not receive a rate cut.

Identical Names Of Seamen Cause Friends' Concern

An announcement made by the Navy last week of the death of Robert Lee Frederick has brought a flood of sympathetic condolences to Mr. and Mrs. Vernon Frederick 204 Binns-blvd from friends who mistakenly believe the dead seaman to be their son.

Misunderstanding arose because of identical names and similar circumstances.

The Fredericks' son, also named Robert Lee, is serving with the Navy, stationed in Puerto Rico.

Victim of fatal injuries received in an accident at Kodiak Island, Alaska, while stationed there with US Navy, is Robert Lee Frederick, 22, 1056 Shady Lane-rd. His parents are Mr and Mrs. Joseph Frederick.

Two-Year-Old Thomas Speaks Special Brand Of Baby Talk

Two-year-old Thomas Schroeder's baby talk isn't always "baby talk." Very often, its German!

With pals who speak English, grand parents who speak German and parents who speak both, Thomas has to develop some real language versatility.

"Hearing and learning two languages will probably slow Thomas talking progress, but we think he should know both tongues," said Thomas' father, Dr. Gerhard Schroeder, 2861 Wicklow-rd.

The Schroeders, both doctors, came to America four months apart in 1951, before they were married. They both went to Burlington, Va., where Dr. Schroeder's sister was teaching at Vermont University. The only family member to have settled in America, she taught not German, but American literature.

Married in Vermont

Married in Vermont in July, 1953, the doctor team began a series of four moves which eventually brought them to Columbus in July, 1956.

After 18 months in Vermont, they went to Alton, Illinois for one year where both were residents in a general hospital. They returned to Vermont for six months, where Thomas was born, and journeyed next to Cleveland where Dr. Schroeder spent a year in special training at St. Ann's Hospital. The final move followed when the young doctor accepted a residency in obstetrics and gynecology at Mt. Carmel Mecpital.

We've certainly been on the go," Mrs. Schroeder remarked, "but it's been most interesting to have seen so much of your country already. Of course, the disadvantage is never feeling settled. We finally bought some furniture here in Columbus and its so nice to know it's ours, not someone else's!"

Met at Hamburg

The Schroeders met at the University of Hamburg, in Germany. Both worked about three years in German hospitals before "more opportunities and security" brought them to the United States.

HAVING SOME "FAMILY FUN" after a heavy hospital schedule is Dr. Gerhard Schroeder with his wife, Wilfa, and two-year-old son, Thomas. Thomas is holding two "Hedgehog" dolls which his parents brought over from their native Germany. Mrs. Schroeder also has a degree in medicine.

Although both of their families are 4000 miles away, the Schroeders have already had one family guest. However, unlike our weekend guests, Dr. Schroeder's mother stayed a year when she came in 1954.

"It was wonderful," Mrs. Schroeder recalled. "She was here when Thomas was born and certainly gave me a great deal of help. Secondly, I knew nothing about cooking when we were married so here, too, I solicited some much-needed advice."

The young couple would like to look forward next to a visit from Mrs. Schroeder's parents. "Thomas is the first grandchild," his mother said, "and my heart breaks that his grandparents haven't seen him."

While Thomas was having a one-sided conversation in German a la English with his favorite toy monkey, his parents discussed their language difficulties.

Spoke No English

"We spoke no English when we arrived here," Dr. Schroeder began. "However, your movies and television proved excellent 'teachers' and we learned most of our English through these two media."

The Schroeders likened West Germany since the war to the United States. "There's hardly any difference in the standards of living," Dr. Schroeder said. "Our German correspondents write about American cars, washing machines, clothing, movies, even Elvis Presley! He seems to be the rage over there, too!"

United States citizenship is not far away for the Schroeders who will mark their fifth year here in November. "We'll be quite happy to catch up with our son," Mrs. Schroeder laughed. "You see he's already a citizen by birth. Just think, two years before his own parents!"

Letters To The Editor

Congratulations and thanks to you for the excellent editorial in last week's Spectator column. Last Friday afternoon I read this editorial to the staff members at our faculty meeting because I felt that every teacher should hear it.

It is wonderful to work in a community where the newspaper takes such a positive and constructive stand.

'Tots To Teens' Outfitted At Specialty Shop

Clothing for children from the cradle to size 14 is the "specialty of the house" at Spencer's Tots to Teens in Central Point Shopping Center. The only complete children's specialty store on the West Side, the store also offers nursery furniture and toys.

Mr. and Mrs. Spencer Alexander, owners and managers of the store, stock nationally advertised brands guaranteed for wearability and serviceability.

Mrs. Alexander, mother of four growing girls of her own, shops the New York market with the viewpoint of a mother for clothing which is distinctively styled, long wearing and still within the average budget. She also buys for Lili"s Tots to Teens Store at Northern Lights Shopping Center.

With new Spring merchandise arriving every day, the Alexanders invite parents to "come in, look around, became acquainted with the store and see our new merchandise, even if you are not ready to buy at the moment."

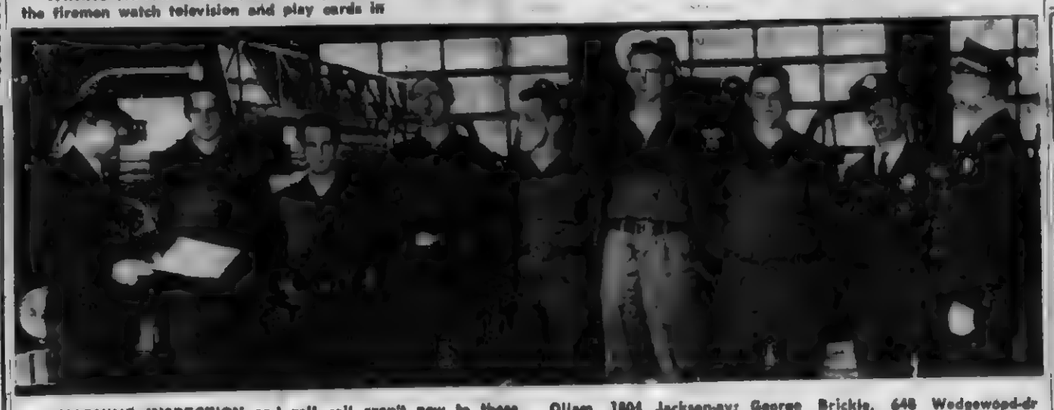
Franklin Township Firemen Are Proud Group

PERFORMING THEIR NO. 1 JOB Franklin Township firemen use a high-pressure hose at a recent blaze. The hose discharges 500 gallons per minute.



TAKING ADVANTAGE of a stand-by period the firemen watch television and play cards in the department lounge.

CHIEF MOFFITT looks on as Fireman Marvin Olney does his stint in the department communications room. A moment after this picture was taken an alarm came in from the Westinghouse plant and the trucks were on their way within seconds.

DAL, THE DEPARTMENT MASCOT, rarely misses a fire run. He is shown above in his favorite truck with Fireman Walter Collins, 3784 Sullivant-av.

MORNING INSPECTION and roll call aren't new to these men. Many of them are ex-servicemen. Left to right: Don Welsh, 2189 Harrisburg-pk; Ed Lantz, Jr., 4031 Sullivant-av; Ronald Temple, 483 Josephine-av; Martin Swingle, 4278 Briggs-rd; John Olson, 1804 Jackson-av; George Brickle, 648 Wedgewood-dr Jim Decker, 730 Wedgewood-dr; Martin Flemming, 2290 Big Run-rd, and Chief James Moffitt, 618 Roth-av.

"No matter where it might be—if a fire breaks out in our area—we'll have a unit there within five minutes of the time we're notified," so spoke James Moffitt, Fire Chief of the Franklin Township Fire Department.

"We feel that our department, though not as large as many, is as fine a fire-fighting unit as the people could want," the chief added. "We've got wonderful equipment, new and modern; and our men are young—full of spirit—and will go all out in their fighting effort."

The department—which has its headquarters at 4100 Sullivant-av, in a one-floor brick building, newly built and first occupied in August, 1955, has 12 full-time fire fighters, plus the chief and 83 volunteers. There are two substations, one at Frank-rd and 3-C highway, and the other on outer McKinley-av.

Equipment consists of five pump trucks (with one more expected in February or March), one hook and ladder truck, two squad cars, and the chief's car.

Complete Two Way Radio

The department is particularly proud of its communications system. It has a complete two-way radio unit in every piece of equipment and a base station in the headquarters building. It also has Walkie-Talkie units that permit the chief to direct fighters who have to enter burning buildings.

The men, who work alternate 24-hour shifts, have complete living quarters in the headquarters building, consisting of a lounge, kitchen and large dormitory. The furnishings are ultra-modern and there is a TV set, ping-pong table, magazines, and games for their use during stand-by periods.

At the start of each shift the chief conducts a daily inspection and if there are no alarms, the men spend eight hours cleaning and caring for the equipment and building. They also have training exercises each day.

"Dal" Serious About Work

Dalmatian dogs have long been a part of American fire houses, and the Franklin Township Department, not to be outdone by tradition, has "Dal", a two-year-old white and black-spotted pooch that rarely misses a fire-run. Usually the first one aboard at the sound of the alarm, he is occasionally left behind when an alarm catches him out visiting his canine friends in the neighborhood. This so disturbs Dal that when the trucks return he refuses to have anything to do with the men and spends the rest of the day moping in a far corner.

A fire-fighter for the past 22 years, Chief Moffitt lives with his wife at 618 Roth-av in Georgian Heights. The Moffitts have one daughter, Mrs. Jim Kline of 661 S. Eureka-av.

STRENGTH FOR THESE DAYS

From The Bible

There are many devices in a man's heart: nevertheless the counsel of the Lord—that shall stand. — (Proverbs 19, 21.)

When in all love and true humility, and conscious of our human frailty, we devoutly and sincerely ask God the Father for guidance and help to do the good, the right and the wise, He will heed our prayer — if our hearts are clean and our motives unselfish.

For a breakfast treat of honey-cinnamon toast, combine one tablespoon soft butter, one-fourth cup honey, and one-half teaspoon cinnamon. Spread two teaspoons of this honey mixture on each slice of hot toast.

For special scrambled eggs, beat four eggs slightly and combine with one cup creamed cottage cheese, one-half teaspoon salt, one-half teaspoon prepared mustard, and a dash of paprika.

'Help Yourself First,' Says Revenue Director

Taxpayers are urged to complete as much of their return as possible before seeking help from the Internal Revenue Service, Director Nathaniel Looker [illegible].

He also suggested that they seek help before the last-minute rush. During February, offices will be open for taxpayer assistance and guidance Feb. 1 through 15, 18, 21 and 25. Offices are closed Saturdays and Sundays. The phone number is CA. 8-6461.

Vehicle Tax Explained In New Revenue Booklet

The Internal Revenue Service has issued a new, pocket-size booklet, "Federal Use Tax on Highway Motor Vehicles," explaining the Highway Revenue Act which became effective July 1, 1956.

Copies of the booklet are available free at the District Internal Revenue office at Columbus. Director Nathaniel Looker says they should be obtained at once by firms and individuals subject to the tax, since the initial tax payment deadline is Jan. 31.

This is being written between-looks at the inaugural parade—in other words, during commercials, station breaks and lulls in the parade. In my opinion, the highlights of the day are the President's taking his oath of office and his speech; young David Eisenhower's firing "pretend" shots at the parade-marchers; the little Nixon girl's black eye, and the way the President's son and his wife, who could easily have stolen the show, kept in the background. It is a fine day for watching television but not too good for dish-washing, bed-making, or the writing of columns.

Quote — Little Annie's father fell asleep in his easy chair and began to snore. The little girl ran to her mother calling frantically, "Hurry, Mammie! Daddy is boiling over" . . . Honeymoon: the period between "I do" and "You'd better" . . . It's not the minutes you spend at the table that make you fat, it's the seconds. Unquote.

Mail — From a mother whose son is in Germany: "Bob's Christmas was a bit lonely, I'm afraid. He wrote Christmas night and said all day he kept remembering things about home—the red artificial poinsettias I always pin on the white curtains; the smell of the pine and of my housecleaning—soap, wax, et al; going to church at midnight and how the music sounded, and the eggnog. Funny for a boy to remember red flowers on white curtains and the smell of house-cleaning!" . . . From London, O.: "You might add to your private Waterloo the huge bites television announcers take out of their sandwiches. Here I've been trying to teach my kids table manners, not to take big bites, etc., and then they see grown men eating like each bite might be their last! We mothers can't win. But against television anyway" . . . From an eight-year-old niece: "Santa Claus brought us kids lots of nice things and he brought Daddy a snow shovel. He left it at our neighbor's house next door for Daddy. Now Daddy shovels snow for our neighbor. I heard Daddy tell Mommie there ain't no justice when he got through shoveling." (Since this niece lives in Chicago there was lots of snow for Daddy to shovel.)

I told you so department: A year ago I mentioned that Ernie Kovack was my favorite TV comedian. Several of my friends decided I had flipped, and I even had a letter about it. Now, the foremost critics are agreeing with me — but I still like him and think he is very funny.

Contest Offers Prize TV Sets

THIRTY PORTABLE TELEVISION SETS are the prizes in the "Leisure Laundry Days" contest which opened in this area Jan. 28. The contest is sponsored by Columbus and Southern Ohio Electric Company in cooperation with more than 200 electric appliance dealers, and their factory distributors. One 14-inch portable TV will be awarded each day for 30 days, and winners will be announced each Thursday. Each person who purchases an electric dryer from a cooperative appliance dealer on or before March 2 will receive a free contest entry card. The contest consists of completing a four-line "Leisure Laundry Days" rhyme.

Penny For Your Thoughts

Do you favor a plan to abolish sales tax stamps, which are often a main source of club revenue?

Mrs. W. S. Moss, 226 S. Terrace-av: "No, I think the stamps do good for certain groups and that they serve a good cause. They're no bother to me because I've just gotten used to them."

Henry Rogers, 227 N. Sylvan-av: "I would just as soon see them gone. I think they're a lot of bother. I save them for the church now but I think these organizations could think of other ways to earn money."

Mrs. Jack S. Howell, 461 S. Warren-av: "No, this is as fair a tax as we have, it taxes the rich and poor alike, and I don't think it should be abolished. My son saves them for the home of the deaf which is self-supporting, and like many other organizations, it depends on the redemption of these stamps for much of its revenue."

J. L. McShane, 436 Binns-blvd: "If they abolish the stamps it will help only the state of Ohio because they would get the revenue. This way, many organizations, such as church groups, benefit from the stamps so I think it should stay just the way it is."

Mrs. Fannie Plummer, 222 N. Warren-av: "I always thought it was a nuisance, but it isn't so bad since they took the tax off food. I save the stamps for the church but I'm neutral about them. I wouldn't care if they kept them or if they abolished them."

John C. Ritzman, 140 Elden-av: "Yes, I think we've had them long enough and I'd like to see the state try it without stamps and see how it works out. It's true that they benefit a lot of organizations so it just depends on how you feel about it."

REMODELS HOME

A permit has been issued to Rolland Ealy, 284 Wheatland-av, to remodel his frame dwelling. Superior Home Maintenance Co. is the contractor.

Heights Fails To Halt Jinx

Franklin Heights lost again Friday night. This time the score was 61-18 with University's Little Bucks gaining the edge.

Points were spread out in the contest with six Heights lads parting the twine. Bill Johnson scored six; Bob Pearse, four; Dick Norris, three; John Yinger, two and Rex Lamb, two.

Quarterly leads posted by University were 23-5, 31-8 and 41-18. The Little Buck reserves won the preliminary game 37-36.

Glenwood Captures Volleyball Honors

Second round title of the Hilltop YMCA Old-Timers Volley Ball League was captured last week by Glenwood Methodist who took two out of three games in a crucial series with West Park Methodist. Chuck Weigand and Dale Young starred for Glenwood while Bill Kearney and Chuck Kearney were outstanding for West Park.

Columbia Heights Methodist took three straight from Burgess Avenue EUB as strong play by Bum Compton and Ed Bayless broke down the opponent's defense.

Teachers in this vicinity can make arrangements for a speaker to appear before their class by calling E. Thoburn Stone, science teacher at West High or Dr. Robert Fullmer of the Battelle Institute, who are credited by Dr. Eibling for developing the new program.

Pointing out some geographical highlights of the frigid South Pole is J. F. Hill who was a member of Admiral Richard Byrd's 1933 expedition.

By Shirlee Monty

Most people feel closer to the South Pole than to Columbus, temperature-wise, this week. However, J. F. Hill, 3900 Dublin-rd, knows that there are still many degrees difference.

Hill was a member of Admiral Richard Byrd's 1933 expedition to the South Pole and remembers when the temperatures slid all the way down to 72 degrees below. And he also remembers that the "hottest" days were one degree above. So if anyone feels like it's South Pole weather, he may be right — summer weather!

Although South Pole temperatures haven't changed much since 1933, Hill observes that expeditions of today very obviously outdate their 1933 predecessors. Transportation, for example, has improved inestimably since Hill's three-month trip via a combination sailing and steam vessel in 1933.

Today, flights to this area are on a daily basis and diesel-electric and steam or gas-turbine driven vessels provide easy water transportation.

Communication, too, just isn't what it used to be in Hill's early South Pole days. Today, the expedition keeps in constant touch with the "inside" world with modern receiving and sending sets and regular mail service.

Away 14 Months

"We were almost completely shut off from the world for 14 months except for contact established through radios, which we developed and built ourselves," Hill recalled.

In the entertainment area, Hill recalls nothing of the professional troops who sing and dance in snow-bound points today. "We read, entertained each other and saw movies which we had taken along. Of course, the best ones we showed often — like 'Forty-Second Street!' which I saw 47 times!"

Surface transportation 34 years ago consisted of dog teams and specially modified tractors while today modern armed service equipment is used and dog teams are almost obsolete.

Frozen foods also helped to revolutionize the "expedition" — and probably no housewife in the world appreciates frozen foods like these men who must buy groceries for 20 months at a time.

Used Seals For Food

"Of course, everything we ate was dried," Hill explained, "although we killed from 800 to 850 seals for food. They were extremely nourishing and the only edible animal in that area."

"Vegetables were the most tasteless food on the menu," he continued, "and I craved them after returning home. In fact, I ate so many tomatoes that I developed a rash from them!"

Hill pointed out that clothing for modern expeditions is much lighter and more efficient than on his own journey into the unknown. "As a matter of fact," the former explorer concluded, "only two things haven't changed concerning expeditions — the anarctic and te men."

In contrast to Byrd's lone expedition, today many expeditions are exploring the vast snowlands of the South Pole. Three of these modern crews are headed by members of the 1933 expedition. Byrd, too, is active and divides his time between expeditions and his Washington office.

Author of "Little America With Byrd" published in 1937, Hill was the youngest of the crew's 56 members. As a college student, Hill became enthusiastic about "exploring" after hearing Byrd describe his first expedition in a lecture at Kenyon, Tex., (near Hill's hometown.)

Selected In Interview

Hill wrote Byrd and volunteered his services for the second expedition. In July, 1933, the 20-year-old student was called to Boston for an interview and selected from thousands of applicants. Hill feels that his qualification of Eagle Scout had much to do with his selection.

Hill returned to the University of Texas in 1937 where he completed his degree in mechanical engineering. He has been associated with Surface Combustion Corp. since 1949, where he is chief engineer of product engineering and development.

He lives with his wife, Wilma Jo, and children, Joe, 16; Sue Ann, 14, and Bruce, two and one-half years. Hill remembers his "lure into the unknow" as "a wonderful experience — one that I wouldn't trade for anything in the world."

Bible Answers

I Peter 3:15 ". . . be ready always to give an answer . . ."

WHAT CONSTITUTES SCRIPTURAL BAPTISM? For baptism to be scriptural it must be in accord with the divine scriptures in four specific points.

1. One must be baptized in the proper element. We learn from the Holy Scriptures that water is the proper element. (Acts 8:38, Acts 10:47 and I Peter 3:20,21).

2. One must be baptized in obedience to proper authority. God and Christ and their revelation through the Holy Spirit constitute the authority for baptism. (Matthew 28:18-20 and Acts 2:38).

3. One must be baptized with the proper purpose in mind. The people in the first century were baptized in order to receive the blessing of salvation from past sins. (Acts 2:38, Mark 16:16 and I Peter 3:21).

4. One must undergo the proper action to be scripturally baptized. The people in the first century were buried (immersed) with their Lord in Baptism. (Acts 8:38, Romans 6:1-5 and Colossians 2:12).

When these four points set forth in the sacred scriptures are adhered to, one has undergone scriptural baptism.

Cruse's '200' Tops Bowling League Score

Louis Cruse's 200 took high game honors in Glenwood Recreation Center's Junior Bowling League; Monday, at the Hilltop Bowling Alley. Gus Rose was second with 186, followed by Harold Pennington with 185.

Gus Rose rolled 354 for the high two-game series. Jim Cosin was second with 306, followed by Harold Rose with 287.

The Alley Cats scored a 495 for high team game. The Headpins were second with 487, and Poodles third with 478.

The Fearless Five tallied the high series 884, followed by the Poodles and Alley Cats with 797 and 707, respectively.

Louis Cruse holds the high average with 171, to date. Jim Cosin and Gus Rose hold 158 and 156 averages, respectively.

The Headpins hold a slight, one-game lead in league standings with a 14-10 record. The Hilltoppers and Kingpins are tied for second with 13-11. The Fearless Five follow with 12-12. Trailing are the Alley Cats and Poodles with 10-14 and 9-15, respectively.

Hillcrest Wins Round Honors

Hillcrest Baptist clipped Hoge Memorial, 37-16, recently to win the first round championship of the Hilltop "Y" Jr. Basketball league. Glenwood Methodist scored at will to smother a small Westgate Methodist five, 48-11 in another evening contest.

Bob Saint led Westgate EUB to a close 30-23 victory over West Jr. Hi-Y. Tommy Hartzanft tossed in eight for the Hi-Y team. In one of the hardest fought games of the season, Burgess EUB stopped West Park Methodist, 38-37, in an overtime period. Bob Arthur was the big gun for West Park with 12 points.

Unbeatens Fall In Center Action

Sparked by Dave Ewing's 17 points, DeMolay recently upset the Hawks, 48-43, in the Glenwood Recreation Center senior boys basketball league dropping the Hawks from the undefeated ranks.

The Aces squeaked out a narrow 28-24 victory over another previously undefeated Bulldog five. The Whiz Kids romped over the Beef-Trusts, another unbeaten team in a 48-28 contest. The Celtics kept their slate unsoiled by recording their third straight win over the Hot Shots, 63-20.

Starling Cagers Lead Southern Junior High Race

Starling Junior High School loses six first-line players from its remarkable cage crew via mid-year graduations this week. Lost will be Gary Jewell and Allen Nance along with four other netmen who combined for 263 of 347 points scored by the Central-ey cagers while gaining an outstanding 8-0 record.

Coach Bob Howard has been working with several young players who he hopes will fill the ranks of his scrapping squad. They include Charles King, Walter Banks, Jim Williams, Charles Rinehart, Jerry Jaynes, John Potts, Jerry Long, Larry Wells, Maurice Grover, Charles Worthen, Jimmy Stevens, Harold Miller and Don Mitchell.

Only four games remain to provide a challenge to the graduation riddled Southern Junior High League co-leaders. League contests to be played include games against Eastmoor Junior, Barrett and Franklin while Dominion wil be engaged in non-league competition.

Westgate Tops Glenwood Five

A goal scored in the last five seconds enabled Westgate Methodist to garner a victory over Glenwood last week in the Y Intermediate League. Bob Brokaw was the high point man for Westgate with 14 points while Bob Wilkins meshed 10 for Glenwood.

In another close game, Burgess Avenue EUB downed a fighting Hillcrest Baptist five, 41-36. West Park Methodist took the measure of West Sr. Hi-Y, 47-21. Dick Wells lead the West Park scorers with 21 counters while Don Spencer accounted for eight for the Hi-Y.

Fluhart Cagers Pace Adult Loop

Fluhart Insurance No. 2 continued to pace the Glenwood Adult League by winning their third game in a row last week from White Haines Optical. Captain Ike Clegg led the way for the winners with 17 points.

A fine floor game was turned in by Fluhart's Chuck Dayton who meshed 12 points. Next action for the Fluhart team will be Friday at 7 p.m. when the insurancemen take on EUB Church. Fluhart Insurance No. 1 takes on league leading Boy's Drive In in the Starling Independent League Thursday night at 7:30.

Debates Decrease As Boys Learn Rules

LEARNING THE RULES—First step for any boy to take in becoming proficient in a sport is to learn the rules of the game. Shown above are four members of the Glenwood Recreation Center's junior boys' basketball league having the 1956-57 rules explained by Bob Kern, supervisor of boys' athletics, and Ray Wood, referee. From left to right are Jimmy Hess, Kern, Wood, Randy Sickmeier, Don Evans and Wayne Messick.

Cowboys Win Fourth Start

A 29-point final quarter spree by West proved more than Linden could match Friday night as the Cowboys toppled the Panthers 75-57 on the Broncos' court. It was West's third win in seven City League games.

The Cowboys had trouble pulling away from the opponents during the first two quarters, posting leads of only 15-14 and 28-23. The picture changed in the second half, however, as West grabbed a 46-39 third quarter lead. The reserve game went to Linden, 44-31.

Termites Leading Bowling League By Slim Margin

The Termites hold first place in Glenwood Recreation Center's Bantam Bowling League by a slim, one-game margin after last week's play. The Fighting Five are in second with 15-9 records.

Tom Daft took high game honors with 108, and high two-game series honors with 199. Mary Jo Blackburn was second in both with 106 and 191 series, followed by Ivan Triplett with an 89 game and 174 series.

The Phantoms were first in high team scores with 551, and high team series, 1158, follower by the Poodles with 538 game and 1077 series; and Termites with 519 game and 997 series.

Ivan Triplett holds the highest average to date, 84, closely followed by Mary Jo Blackburn and Tom Daft with 83 each.

Goofers Defeat Cool Cats, 8-3 In Center Loop

Beverly Gill took scoring honors with six points last week as the Goofers defeated the Cool Cats, 8-3 in an intermediate girls league game at Glenwood Recreation Center. The win gave the Goofers a 2-1 record.

The Basketeers tallied their third win of the season against the Six Teens, 28-15. Donna Berlo and Pat Blackburn meshed 10 and nine points respectively for the victors while Eunice Smith accounted for nine points for the Teens.

Kay Hudson netted 24 points in leading the Hilltop Hoppers to a 38-22 victory over the previously unbeaten Black Angels in the senior girls league. The Hot Shots, Go Getters and Burgess also chalked up wins over the Basketeers, Hilltoppers and Pacers respectively.

BUILDS ADDITION

A. E. Tonti, 2506 W. Broad-st, has been issued a permit on construct an addition to a concrete block building at 2781 Eakin-rd. Tonti Brothers is the contractor.

Syngman Rhee, President of South Korea: "The world situation is more dangerous than ever before. The Communists' pressure for expansion is not less but greater."

Glenwood Cage Loop Race Tied

The Jailhouse five, Burgess and Cavaliers posted their second straight wins in as many contests last week to stay on top of the Glenwood Recreation Center intermediate boys league.

In a crucial game, the Bucks were upset by the Cavaliers, 25-21, as Tom Hartranft and Bill Karn combined to collect 21 counters for the winners. Ron Davis and "Easy" Diedrich were top guns for the Bucks with seven points apiece.

Highest score of the evening was posted by the Jailhouse Five who rolled to a 39-20 victory over Hilltop Laundry.

Girl Wins Fourth Checker Match

Glenwood Recreation Center's Vicki Quinn won her fourth straight inter-center checker tournament recently defeating Pauline Dorsey of Poindexter in the final match at Sullivant Gardens Recreation Center.

Danny Echols, also from Glenwood, won the junior boys' tournament, besting Robert Cummings, Sunshine, and Richard Whaley, Whetstone. Tom Arthur and Ruth Ann Scales were runners up in the intermediate division.

STUDENT COUNCIL SPEAKS

January 30, 1957

Mr. C. C. Hartley,
Hartley Printing and Publishing Co.,
2465 W. Broad-st.,
Columbus 4, Ohio.
Dear Mr. Hartley:

On behalf of the student body of West High School, we of the junior and senior student councils would like to thank you for your editorial in the **Hilltop Record** of Jan. 23

We should like you to know that we appreciate your sensible and objective approach to our problems.

We, too, feel that West High is a fine school, and we are very proud of it.

Perhaps if the parents of West High students more fully understand our problems, their sympathies would lie with us, and it is through articles such as you have written that this will be accomplished.

Very sincerely yours,

Larry Bates, President,
West Senior Student Council;

Michael Kagay, President,
West Junior Student Council.

Do You Want Daylight Savings Time?

A movement is under way locally to determine if Columbus people are interested in daylight savings time from Apr. 1 to Sept. 30.

There are some advantages in that our community would be on the same time schedule as many other metropolitan areas of the state.

We are interested in learning how our readers react to the suggestion in order to pass this information on to those who seek the change.

If you have a definite feeling one way or the other drop us a line by post card or letter giving your expression on the matter.

CAA Decides In Favor Of Cuyahoga Airport

The Civil Aeronautics Administration recently granted federal airport aid funds for developing the county field on the east side of Cleveland

Development of such auxiliary fields is very important to the future expansion and practical use of air facilities.

We sincerely believe the Columbus Airport Commission should make another analysis of the opportunity presented for development of the Sullivant Avenue Airport

Three To Receive Eagle Scout Badges

Boy Scout Week and Scout Sunday hold a special significance for three Hilltop boys this year.

Sunday they will receive the Eagle badge of rank—the highest offered in scouting. At special programs in their own churches the badges will be pinned on David Morris, son of Mr. and Mrs. Thomas R. Morris, 171 S. Roys-av; Darrel White, son of Mr. and Mrs. Charles White, 2099 W. Broad-st, and David Tritsch, son of Mr. and Mrs. Charles Tritsch, 2955 Sullivant-av.

Scouts Morris and Tritsch belong to Troop 172 sponsored by Hoge Memorial Presbyterian Church and led by Jack Spencer. White is a member of Troop 181 at Hillcrest Baptist Church

Records show that one in 16 or fewer Scouts ever reaches Eagle rank. To attain it a boy must spend at least three years graduating through five other ranks and must earn a minimum of 21 select merit badges. He is also subject to testing by a special Board of Review. The board determines not only that he is qualified but also that he practices the principles of the Scout Oath and Laws in his daily life. Character references from school and church officials are considered.

SCOUTING'S HIGHEST RANK, the Eagle Badge, is being bestowed on three Hilltop youths this week. Here, Mayor Jack Sensenbrenner, long-time active Scouter with the troop at Hoge Memorial Presbyterian Church, examines the Eagle badge earned by David Morris, 14, of Troop 172. In the center is Darrel White, 16, Troop 181, and at the right is David Tritsch, 14 of Troop 172

William D. Schmitter

He is married and has two sons and a daughter. The Schmitters live at 3267 El Paso dr.

Spears Ends Four-Year Council Stretch

Republican Councilman Jerry Spears, Jr., submitted his resignation to fellow councilmen at Monday night's council meeting.

Spears, a Hilltop funeral director and a councilman since 1953 when he was appointed to replace Frank Kearns who was elected prosecutor, submitted his resignation with much personal regret

The resignation, effective Feb. 28, was reluctantly approved by councilmen. Spears said that he was forced to resign because of business pressures and ever-increasing work demands.

It is expected that Glenn L. Myers, 44-year-old North Side funeral director, will be named to Spear's seat the first of March. Myers had been endorsed to make a bid for the Spears seat in the May primary by the Republican organization.

Jerry Spears, Jr.

In tendering his resignation Spears made the following speech:

"In January, 1953, proudly and happily I accepted an appointment to this City Council. With this privilege, I also accepted the responsibility and obligation of public office. I have tried in the succeeding years to fulfill these honestly and sincerely to the best of my ability

"In November, 1953 I was elected by the citizens of Columbus to a four-year term, with 11 months of that term remaining, I have decided, with regret, that I do not choose to stand for reelection My reasons have already been given.

"In view of these things I know that it is right and fair that I pass on to my successor the privilege to serve in this Council most of the remainder of my term. Therefore, I am submitting my resignation to President Fillinger effective Feb 28, 1957"

'TIME' SAYS:

Weekly Newspapers Fastest-Growing Publications In U.S.

Weekly newspapers today are the fastest-growing publications in the U.S., TIME says in a special report in the current (Feb. 4) issue out this week

"Metropolitan newsmen who daydream of retiring to a country paper have long viewed weeklies more as a rural retreat rather than as an influential segment of the press," TIME says "But with the swift growth of suburbs and small towns since World War II, weeklies have largely shed their cracker-barrel ways, developed sophistication and a new sense of mission."

Editorial Vitality

Weekly Newspaper Representatives, Inc., last week reported that 8,478 weeklies in the U.S. in 1956 reached a paid circulation peak of 18,529,199, up 6.5% over 1955. Estimated gain for the 1,700 dailies (total circulation more than 56 million); about 2%. Advertising in weeklies increased 1.2% to a record of $112 million; this includes a 30% jump to ($25 million) in national ads since 1954 vs. an estimated 10% gain for dailies.

"The weeklies" resurgence reflects editorial as well as economic vitality," "Time" says. "In addition to relaying the back fence chit-chat on which weeklies have traditionally thrived, the papers are the only interpreters and watchdogs of local governments in hundreds of U.S communities, whose problems, aims and achievements go largely unrecorded in the metropolitan press."

Professional Standards

According to one editor, weeklies "are giving back the home town" to suburbanites who have lost contact with community responsibilities. In many areas, fast growing suburbs have produced weekly and semi-weekly chains that are as slick in appearance and as informative in their content as their city cousins.

"Even outside metropolitan areas," says "Time," "most small-town weeklies have thrown out the smudgy type and bumpkin prose that once characterized the weekly press, now run staff-written stories and editorials instead of the boiler-plate and canned sermons that once crammed country papers. The old-time jack-of all trades country editor has been largely supplanted by trained staffs. Lured out of the cities by the prospect of editorial and economic independence, trained newsmen in increasing numbers are bringing professional standards to weekly newspapering."

Crusading Spirit

Though once renowned for their timidity, many weeklies have developed the crusading spirit that has vanished from many a fat-cat daily, "Time" notes. "In the South, many weeklies have consistently taken a more liberal stand than the region's big dailies on the touchy desegregation issue . . .

"Since weeklies are closer than dailies to readers and advertisers and more vulnerable to the pressure of advertisers, they are often hit by economic boycotts But few editors cave in under such threats — or worse. In Granite City, Ill., after Editor Cornelius E. Townsend had waged an editorial campaign against organized gambling in the community, a hoodlum recently emptied his revolver into Townsend's "Press-Record" office. Echoing many a fighting editor before him, Townsend said: 'Maybe they will scare hell out of me some day and I'll quit. But I don't think so'."

Who Gets Franklin Township Firehouse?

WHO GETS THE TOWNSHIP FIREHOUSE at 4160 Sullivant-av? That's the question posed by a petition filed last Thursday with county commissioners for annexation of 240 acres of Franklin Township. The area designated in the petition, which includes the firehouse, lies on both sides of Sullivant-av. It is bounded on the west by Georgesville-rd, on the north by the New York Central Railroad, on the south by Clime-rd, and on the east by Columbus. According to Attorney Harrison Smith, who filed the petition, the firehouse "probably will be deleted by amendment" when the matter comes to a public hearing. No hearing date has been scheduled. Ernest Gresch, 683 Pronch dr, Georgian Heights, is agent for the petition.

Up To Their Ears In Stamps!

ALMOST SMOTHERED by sales tax stamps are Hilltop Kiwanians Harry Parker, left, and Bill Jones (right) whose teams last year collected $142,000 worth. Gross sales represented by these stamps amounted to a staggering figure, exceeding $4 million. In a club competition Parker's team nosed out Jones' by $300.00. Combined they beat out a record set five years ago ($121,000) by teams headed by Jack Sensenbrenner and C. C. Hartley. Shown here pouring on the last sackful of stamps collected in 1956 from more than 100 legal containers are the new team captains—James Foote (left) and Don Best (right). Aptly enough the 1957 captains have a motto "Best-Foote Forward."

For Your Thoughts

Do you think teachers should be allowed to discipline children by spanking or shaking them?

Mrs. Robert Hunter, 539 Columbian-av: "I don't think teachers should spank children. They should talk it over with the parents and the parents should discipline them."

Mrs. Edith King, 106 S. Richardson-av: "I most certainly do. Children cannot be allowed to run the school and I would certainly trust the judgment of the teachers in discipline. If I were caring for children, I would wish to discipline them if necessary. I think teachers should be allowed the same consideration."

Mrs. J. L. Litzinger, 914 Binns-blvd: "I think spanking is unnecessary. It seems to me that a teacher can discipline more effectively mentally rather than physically, such as through embarrassment or ridicule to the child. Also, children aren't as hateful toward their teachers this way as when they're spanked."

Mrs. Harold C. Paul, 630 Wheatland-av: "No, I don't think they should be spanked. I think they should be talked to rather than whipped. If they're whipped, they just do the same thing over again."

Mrs. J. W. Sweetman, 909 Hedges-dr: "Yes, I think they should be allowed to spank or shake a child. After all, the teacher sees what happens and she's in charge of the children while they're at school."

Mrs. James Swartz, 2584 Briggs-rd: "Yes, if they really need it. Children can run over parents if they're not disciplined and they can run over teachers, too, if they aren't allowed to discipline."

Smith's Adds New Retail Meat Dept.

They are the first in this area to introduce a new type of steak completely boneless, lean and guaranteed tender. It is called "Ranch Steaks". They are sold by the pound or the box.

TREASURED

One sent costly orchids
On that long-past day.
Another sent white violets —
They were cheap, in May.

The orchids were soon forgotten,
But Grandmother treasures yet,
And keeps in her worn old Bible
A withered violet.

Some time ago I received a book of verses to end all books of verse. The writer wrote it only for distribution among her friends but with the world needing laughs, it should have wide distribution. The book is sheer nonsense and is not meant to be taken seriously, but I've read many books of verse that are just as silly — that WERE meant to be taken seriously. They were not written by Ohio poets, I hasten to add! Some of the verses in this book should be in every anthology of humorous verse, particularly the ones labeled "after e e cummings." The writer has even caricatured publishers' blurbs on the jacket, and has quoted imaginary reviews of the book. My own review is supposed to read: "Whe better poems are written, the author of this book will be unaware of them. The world will never know what a great book this is because it won't be banned in Boston. It will never reach Boston." A typical verse in this priceless collection (priceless, as the author says, because she didn't charge for it) is:

I am alone and lonely
and all by myself.
I sit alone. I am lonely.
No one is here but me.
I am alone and lonely
and I am all by myself.
Maybe you've gathered
by now that there ain't
nobody here but me.

The dedication:

This book to you I dedicate.
I wrote it while my lunch I ate.
It's from the heart and not the brain,
So you can read it without strain.

The author, who wishes to remain anonymous, is a talented poet well-known to Ohioans, but this book will probably be enjoyed by more people than lots of high IQ type things she has written.

The nation's 111,000 Scout units will feature rededication ceremonies on February 8, the actual birthday of Scouting in America.

Dear Son

By Joseph Martell

Chittlin' Switch
Sunday afternoon

Dear Jason:

Far be it from me to talk about anybody but I just can't take to your brother Zeke's new girl. He says she's built like a trim battleship but if you ask me, her cargo shifted. You could really call her fat. Zeke gave her a belt at Christmas time and she's wearing it as a bracelet.

If you want my opinion, he'll be a sorry boy if he gets tied up with her. Her name is Myopia Snodgrass from Goose Gulch way. Zeke told me she ate like a bird. I had her over for chow last week and I can say Zeke is absolutely right. She does eat like a bird—a vulture!

You know me, Jason. I can be real snippy at times and I gave it to her good and proper. She asked me if I thought she had lost her girlish figure and I told her "no." I figure her girlish figure is there somewhere under all that fat.

Of course I hate to admit this, but if she does marry your brother she's not getting any bargain as he's not the smartest lad in the world. He got on one of those radio quiz shows here on station WHOG and when they asked Zeke if he knew anything about the Monroe Doctrine, Zeke said that he thought it was Marilyn's physician.

When they finally revived the Quizmaster he gave Zeke another chance for the cash prize and told Zeke he could select the topic. Zeke picked the human body and he was asked what a blood vessel was. A "pirate ship" is not the right answer.

I can tell you right now I don't care too much for Myopia's family. Her father was always lazy and shiftless. He doesn't know just how long he's been out of work—he can't find his birth certificate. Also, her four brothers are very superstitious. They won't work any week that has a Friday in it.

Myopia made a couple of remarks about your Uncle Lushmore taking a few too many drinks of hootch with your Paw every so often. She's got no room to talk. Her old man is such a heavy drinker that when he went to get a blood test to pass his insurance examination, the doctor offered him 360 a case.

Guess I'll close now, son, as I've about given you all the good news here at the Switch. Don't think I've got anything against Myopia but I must say she hasn't got too much personality. As a matter of fact, she's so unpopular around here she's trying to get B.O. so she'll attract some attention.

Write soon to your—
Loving MOM.

P.S. You must remember Zelma Sludge, the girl who lived near the Ride-a-While Saloon? Well, she went to New York and got herself a job there on the stage taking off her clothes. She came home last week to visit her folks and drove all the way in her new car. Her car is so low it doesn't have any doors. She gets in it by going up through a manhole cover. They're talking about that girl as far away as Polecat Junction. (She wears those tight sweaters!)

NOT JUST RIGHT

The class in reading had been called, and the teacher singled out a small boy in a front seat.

"Now, Willie," she said with an encouraging smile, "you may read the first sentence."

Willie got up slowly, and read in a hesitating monotone, "There is a warm doughnut. Step on it."

"No, Willie, the teacher corrected, "the sentence reads, 'There is a worm. Do not step on it'."—The American Legion Magazine.

Pirates Plunder Cowboys In Tense City League Tilt

by Carl Richardson

Hampered by the loss of mid year graduate Chuck Deye, the revamped Central cage crew unveiled a new sensation in Bill Myrick who led his team to a 57-52 conquest over West Friday night on the Pirates' court.

Ineligible the first semester of this year, Myrick was a demon on the boards and contributed 20 points to the Buc cause. The Bronc's star, Ken Clapsaddle, connected for eight points in the first quarter which kept the Cowboys within striking distance when the stanza ended with Central on top, 17-12.

Second period action saw Myrick compile exactly half of his team's 12-point total which was quickly overcome by Dennis McDonald's two quick buckets and Clapsaddle's consistent scoring. The Broncos trailed by only one point at halftime, 29-28.

Forced to loosen up their defense to check Clapsaddle, the Pirate's tactics enabled McDonald and Dick Furry to connect effectively, leading a drive which tied the score at 42 apiece at the end of the third quarter.

The Pirate defense tightened again in the final stanza and the Bronco offense quickly slowed. With 2:46 remaining in the game, a jump shot by Jim Roberts gave the Bucs a three-point lead. Sonny Dixon meshed a pivot shot for West narrowing the gap to one point. Myrick proved the man of the minute, however, and scored once again to shove Central in front with the clock running out.

Myrick's 50 percent shooting enabled the Pirates to retain a firm claw on the City League's number two slot. Clapsaddle accounted for 16 points in his losing effort for the Cowboys.

Y Teams Turn About Losses

Revenge was the order of the day at the Hilltop "Y" Junior Basketball league last week as two teams reversed first-round defeats. Glenwood Methodist turned the tables on Westgate EUB, 35-23.

Dave Thomas led the Glenwood attack with 17 points and Bob Dean topped the Westgate EUB netmen with 10. Bob Arthur racked up 13 for West Park while Jim Hastings tallied 10 for Hoge.

In other action, Hillcrest Baptist topped West Junior Hi-Y, 40-32, and Burgess EUB humbled Westgate Methodist, 51-17. Steve Stavrides tossed in 17 for Hillcrest while Alan Daft, Ed Fredendall and Gary Smith hit in the double figures for Burgess.

Fluhart No. 2 Wins Fourth

Fluhart Insurance No. 2 took their fourth game in a row Friday night at Glenwood Recreation Center, winning from Burgess EUB 46 to 35. Ike Clegg and Chuck Dayton once again led the attack with 17 and 15 points respectively.

Next Friday at 9 p.m. Fluhart Insurance No. 2 faces the once-beaten Hawkes in the feature game of the evening.

Whiz Kids Top Scrappy Pups

Stalling through the final part of the game, the Whiz Kids squeaked past a scrappy Bulldog club last week, 43-42, to remain tied with the Celtics for the first place spot in Glenwood Recreation Center's Senior Boys cage loop.

Leo Gutman was the big gun for the winners with 16 points. Teammate Dick Miller accounted for 14 of the Whiz Kid points. Jack McNabb paced the losers with 13.

Action in other games saw the Hawks dump the Hot Shots, 26-25, the Aces top the Trotters, 32-28, and the Beef-Trusts edge DeMolay, 41-38. Lou Noble sparked the Hawks with 15 counters while Buz Phillips led the Beef-Trusts with 17. Dan Van Hoose scored 13 for the Aces and Dave Ewing added 10 to the DeMolay effort.

Jailhouse Five Humble Burgess

Burgess was dropped from the unbeaten ranks, 37-21, recently by the Jailhouse Five in Glenwood Recreation Center's Intermediate Boys League. Gary Smith scored 17 in Burgess's losing effort while Dave Thomas netted 11 for the Jailhouse quintet.

In other action, the Cavaliers defeated Juvenile Diagnostic Center, 34-27, and Hilltop Laundry upset the Bucks, 38-24. Tom Hartranft and Bill Karn led the Cavaliers with 19 and 13 points respectively.

West Park Five Clips Westgate

First-round champion West Park Methodist racked up win number two last week by downing a stubborn Westgate Methodist team, 39-30, in the second round of the Hilltop YMCA Intermediate Basketball league. Dick Wells, the league's leading scorer, again paced the West Park crew with 14 points.

Burgess EUB forced Glenwood Methodist all the way before bowing, 40-38. Don Gilliland led Glenwood with 13 while teammate Steve Byerly picked up 11. West Senior Hi-Y easily downed Hillcrest Baptist, 48-26, in another league game.

Daft, Triplett Lead Pin Loop

Jenny Tier picked up a 4-7-10 split in Glenwood Recreation Center's Bantam Bowling League last Thursday at the Hilltop Bowling Alley.

Tommy Daft again posted the individual high game and high two game series with a 139 game and 218 series. Ivan Triplett was second with a 99 game and 196 series. Mary Jo Blackburn rolled the third high game with 91, while Jenny Tier was third in the two game series with 168.

Tommy Daft and Ivan Triplett are tied for first place in individual averages to date with 85. Mary Jo Blackburn and Joyce Berlo follow closely.

West Wins Sixth

Rallying in the final period to mesh 61 per cent of their action shots, West's Cowboys marched to a 71-60 victory over Marysville last week at the loser's gym.

Ken Clapsaddle, Denny McDonald and Ron Dixon combined to give the Broncos their sixth win in 13 starts.

18 Golden Age Clubs To Hold Rally Here

All the Golden-Age club members (60-years of age and older) of Columbus are being invited to really "live it up" at a massive party to be held at the Sunshine Recreation Center Thursday, Feb. 28 at 7:30 p.m.

The 300-member Golden-Age Club of Sunshine Center will play host to 18 clubs. More than 500 members are expected to attend the inter-faith rally. The clubs are sponsored throughout the city by various churches, YMCA's, service clubs and recreation centers.

The party will have a "gay nineties" theme, and is being planned jointly by the Columbus Recreation Dept., the West Side Kiwanis Club, and the department of services to older people of the Council of Social Agencies.

All the "oldsters" are being asked to come dressed in "gay ninety" togs. Special entertainment, designed to follow this theme, will be presented.

West Side Kiwanians and wives will furnish and serve refreshments to the group.

During the evening several new clubs will receive charters and clubs whose two-year terms have expired will be re-issued charters.

Franklin Cagers Top Game Total

Make it 12 losses in a row for Franklin Heights who dropped a 94-43 decision to Eastmoor Friday on the Black and Gold boards. Franklin's 43 points was its highest game total of the year and perhaps a hint that Coach Noel Howard's cagers are finally coming.

Guard Bob Pearse, who has been the mainstay of the Heights' attack this season, piled in 18 counters. Forward Bill Johnson collected nine, John Yinger, five; Jim Schmidt, eight; Dick Norris, two; Gary Watkinson, two, and Bob Bapst, one.

Franklin fell behind 28-12 at the end of the first quarter and trailed 53-21 and 74-33 at the end of the second and third periods. Eastmoor also edged the Heights reserve cagers, 38-29.

New Rome To Try For Pool

New Rome may have a swimming pool in the near future if present plans of the village fathers are carried through.

The council passed a resolution Monday night to advertise for sale the lot and equipment of the old village water plant well field. It is hoped that the tract with 364 feet frontage on Lenox av will be purchased for the construction of a pool.

Mayor J. J. Kunz said that several people have indicated an interest in such a project. The pumps and motors are placed over eight-inch wells.

A report is being prepared by the village planning commission concerning the freeway and outerbelt plans of Columbus for submission to the Regional Planning Commission.

This Is No Swan Song!

Holding what might be called an "icy conversation" these two rare black swans contemplate what to do until the ice melts from their lake at Sunset Cemetery. A striking contrast to the white snow they catch the eye of many motorists on Route 40, one-half mile west of Alton. William H. Coulthard, managing trustee at Sunset, says black swans do not propagate well in this country because they are of South American stock and our seasons are in reverse for them. Sunset also has two white swans.

Boiled down, the divorce testimony was, in effect, that before her marriage he said nothing would be good enough for her, and that after marriage, he still seemed to think it was.

This Is Picture Story Of Hilltop 'Y' Meet

Welcome! Attesting the interest of Westinghouse in the work of the local YMCA, Harry Dailey, head of the Industrial Relations Department of the Westinghouse Corporation extended the greetings of his firm and pointed out their interest in being a good neighbor. He presented a check for $150 to the Hilltop Y building fund.

Autographs by the dozen were handed out by Robin Freeman, Ohio State All-American basketball star who was speaker of the evening at the ninth annual meeting of the Hilltop YMCA held January 29 at the Westinghouse plant.

PRINTING RANKS THIRD

The printing industry ranks third in the number of establishments among the twenty top industries in the nation with 40,000 plants.

Since 1911 a total of 21,166,980 merit badges were earned by the Boy Scouts of America.

Making their debut are members of the Hilltop Y Boys' Chorus under the direction of Mrs. Jean Trott.

STRENGTH FOR THESE DAYS from the Bible

Let not your heart be troubled: ye believe in God, believe also in Me.—(St. John 14, 1.)

Some of us, in our quest for the Truth, become so confused and unhappy because we cannot seem to comprehend, to understand as we feel we ought. But Jesus, Who was sent by God the Father to be our guiding light, shows us the Way in such simple, understandable words that we should never falter.

For three years service on the Hilltop Y Board the above men received special plaques with a word of commendation from Raymond Andersen, a member of the board. Left to right are H. G. Deems, David Randall, Jack Imler, John Dickson, Jerry Spears, Sr., and C. C. Hartley.

Johnson Named Head of County Heart Fund Drive

Irwin Johnson

"Help your Heart Fund help your heart — and the hearts of those you love," says Irwin Johnson, well-known Columbus radio and television personality. Irwin, "The Early Worm," is general chairman of Franklin County's 1957 Heart Fund Drive, Feb. 1 through 28.

Seventy-five percent of the contributions to the Central Ohio Heart Association, with which the county association is affiliated, will remain in the Central Ohio area to fight heart disease through local research, education and community heart service programs.

Junior Leadership Meet Held At Youth Center

Franklin County Junior Leadership meeting was held Jan. 16, at the Youth Center in Columbus. Program included mixers and games. "Goals of a Junior Leader" were presented by Jim Mills. Meetings will be held the first Wednesday of every month.

The nucleus of this unit and its subordinate squadrons were comprised of Columbus and Central Ohio men who formerly served in Ohio Air National Guard units stationed at Lockbourne Air Force Base.

In September, 1956, these units formed a permanent civilian association under the name of the 155th Tactical Control Group Association in order to perpetuate the friendships which were formed earlier.

Officers elected to serve during 1957 are president, Paul Kappes, 1777 Mooberry-st; vice president, Harold Dulin, 2960 Rockford-dr; secretary-treasurer, Charles Myers, 289 N. Chesterfield-rd, Apt. 8C.

John W. Fulton, executive, American Music Conference: "Rock 'n' roll music provides millions of teen agers with a means of expressing their inner urges."

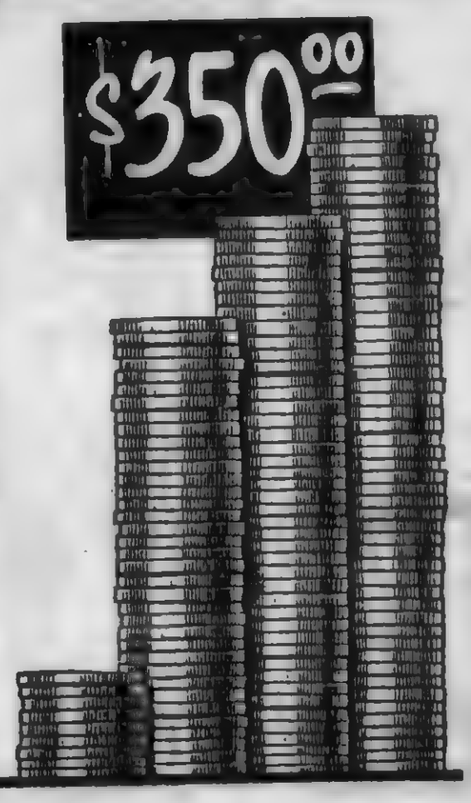
TAKE YOUR CHOICE



NEW DRUGS SOON GET CHEAPER . . . mass production and free competition soon drive the price down. For example, in 1942 a single 100,000-unit shot of penicillin cost about $22. Today, it's within the reach of everyone.

WITH NEW DRUGS HUNDREDS OF DOLLARS IN BILLS AND LOST TIME ARE SAVED. Here is the heart of the miracle — in 1931 a case of lobar pneumonia might well have cost $400, plus 8 weeks loss of work — even if the patient lived.

TODAY the use of antibiotics costing $15 to $25 with only 8 days' loss of work, is sufficient to cure most cases.

WITH NEW DRUGS MANY PRODUCTIVE LIVES ARE SAVED . . . Fewer productive careers are now nipped in the bud — think of the earning and productive capacity of the 500,000 pneumonia patients whose lives have been saved in the past 10 years.

$350.00
For a serious mastoid operation involving $100 for the actual operation — $200 for two weeks' hospitalization — $50 for doctor's visits — plus a nip-and-tuck gamble with death.

$15.00
For the quantity of penicillin necessary to control a middle ear infection quickly and easily, without undue suffering, and with little discomfort to the patient.

hungry heart?

Family and friends can make life's road easier and brighter, but they cannot satisfy the deepest need of your heart. Christ alone can fill the inner longings of your life. "He that cometh to me shall never hunger." John 6.35. Worship with us this Sunday.

Because people turn to him in time of sorrow, he knows as well that is no time for the bereaved to have to hurriedly select a cemetery lot.

He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

Bible Answers

I Peter 3:15 ". . . be ready always to give an answer . . ."

IS WORSHIP ACCEPTABLE TO GOD, EVEN THOUGH WRONG, IF THE PERSON IS SINCERE? No, it is not. Jesus said, "God is a Spirit, and they that worship him must worship him in spirit and in truth." To be acceptable, worship must be in truth as well as be sincere. Jesus further informs us that His Word is truth. (John 17:17). Thus our worship must be in accord with His Word or divine truth.

In the 17th chapter of Acts, Paul found many people worshipping sincerely. However, their worship was wrong for they were ignorant of God's truth. In the Old Testament, Cain and Abel both worshiped God but did so differently. There is no doubt that both were sincere in their worship. However, the difference was that one worshiped by faith (Hebrews 11:4) while the other did not. Paul tells us that faith cometh by hearing the Word of God. (Romans 10:17). Abel offered a sacrifice that was in accord with God's Word while Cain did not. We must be certain that our worship is in accord with God's Word. To worship otherwise is to worship in vain. (Matthew 15:9).

McLaughlins Mark Silver Anniversary

In gratitude for their good fortune of 25 years of marriage without much tragedy, Mr. and Mrs. Harold R. McLaughlin decided to reverse the usual gift-receiving procedure on their 25th wedding anniversary last Sunday.

Friends and relatives were urged to refrain expressing their congratulations to the couple with traditional gifts and, instead made silver contributions to the polio fund.

Their son, David, entertained guests at the open house reception with music on the Hammond organ in their home.

Mr. and Mrs. Harold R. McLaughlin, 907 S. Harris-av, celebrated their silver wedding anniversary in a novel manner at an open house reception last Sunday. They are show above, with the container of cash donations their guests made for the polio fund.

Newly-Constructed St. Agnes Parish School Is Now Ready For Occupancy

Faculty members are shown above, before the stained glass window in the multi-purpose room. They are, left to right, Sr. Mary Agnes, Sr. St. James, Sr. Agnes Angela, all of Notre Dame de Namur; Mrs. Elizabeth Wuichner, lay teacher and Rev. Robert R. Schmidt, pastor of the parish.

Newly-constructed St. Agnes School, W. Mound-st at Wheatland-av, is the last unit to be completed in the huge, one-floor church, school, social hall edifice. Built of concrete block and red brick, construction was started last June. The sprawling building is heated with filtered, warmed air. Shown above in the school, center, one classroom wing, right, and a portion of the church hall, left. Not visible in the photo is the church on the left and another classroom wing extending from the rear of the building. Contractors were Krause and Pagura. Architects were Joseph Baker and Associates. STAFF Photo

Lobby entrance to the school is typical of the modern architectural theme of the building. A statue of St. Agnes, for whom the parish is named, is shown on the left. A door opens on the left into the school corridor and, on the right, into the church hall.

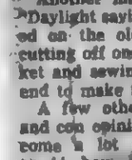
How Do You Feel About Daylight Savings Time?

Last week we asked for opinions on the matter of daylight savings time for Columbus.

Very little interest was expressed and apparently most people must believe the matter is just conversation. We have learned however that city council will soon be asked to put Columbus on daylight savings time from April to September.

One local man feels enthused enough over the prospect that he is interested in circulating petitions to get it.



Another man says NO! NO! "Daylight savings time is founded on the old Indian idea of cutting off one end of the blanket and sewing it on the other end to make it longer."

A few others had both pro and con opinions. We will welcome a lot more suggestions as to how local people feel about the matter.

Briefly Told: Gregory Essig, son of Mr. and Mrs. Roger Essig, put in his appearance at Mt. Carmel Hospital early Sunday a.m. and weighed in at 9 pounds and 22 inches long . . . Beryl Miles still beaming from ear to ear after his persistance in wanting a boy and getting same after four girls had arrived . . . Mr. and Mrs. Homer Richter of St. Petersburg, Fla., returned recently after visiting with Sgt. and Mrs. Kenneth Miller and Mr. and Mrs. Stanley Ruoff . . . Our hat is off to Rev. John Hydinger who visited a local lady who was ill this past week-end only to come down stairs and find that the lady's grandson's puppy had played havoc with the Rev's hat . . . A dog food manufacture writes in wanting ideas on the selection of an official state dog . . . We have one that insists on running away that we'll offer real cheap . . . The Hilltop will be featured in a special page in the coming Sunday Citizen . . . The Charles Prestons are moving from the city and Chuck will take up new duties over at Youngstown . . . Steve and Nancy Pakes announce a new arrival, Michael Peter, born Sunday at Mt. Carmel and weighing 8 pounds 12 oz.

Parental Responsibility Law Should Be Welcomed

Franklin County Lytle Zuber, representative to the Ohio General Assembly, has introduced a bill to "impose liability upon the parent, guardian, or other person having custody and control of a minor under the age of eighteen years for acts of vandalism occasioned by such minor."

The bill has much merit and should receive popular support.

Hilltopper Struck By Car Today

Mrs. Thelma Carolyn Karas, 48, of 241 S. Algonquin-av, was struck by an automobile as she crossed W. Broad-st, at N. Ogden-av, this morning at 8:21. Taken to Mt. Carmel by emergency squadmen, she was treated for lacerations of the right hip, lacerations of the head and held for X-rays.

According to Police Patrolman H. E. Wilkerson, Mrs. Karas had stepped from the curb to cross W. Broad-st when the vehicle, driven south on N. Ogden-av, turned the corner and struck her.

The driver, a juvenile, and other passengers in the car said they had not seen Mrs. Karas before the car hit her.

Scouts Plan Kick-Off Meet

Southwest District scout headquarters announced that a ticket sales kick-off meeting for the forthcoming Scout-O-Rama will be held Feb. 15, 7:30 p.m., in the Naval Training Center at N. Sandusky and W. Spring-sts.

Frank Haley, district chairman of ticket sales, has requested that all scout units attend this important meeting.

Unit ticket supplies and materials for efficient sales will be delivered at this meeting and information on prizes and cash commissions will be given. A demonstration of good ticket sales methods will be dramatized, and top-grade professional talent will be on hand to create enthusiasm and spirit.

To find the Naval Center turn north on Sandusky-st from W. Broad-st, and then turn right at the lighted sign on the interchange.

Zoning Hearing Set On Broad-Wilson Area

A public hearing will be held before the service committee of city council in the city hall council chamber Mar. 4 at 7:30 p.m. to discuss classification of zoning for newly annexed territory within the Broad-Wilson addition. This does not include the land bordering W. Broad-st between Dwight-av and Wilson-rd.

Lions Order Checkers For Blind Folks

Hilltop Lions Club, carrying on its interest in persons afflicted with blindness, is undertaking a project new to this area. Through connections with Lions International and two plastics manufacturing firms the local club is soon to receive 40 Braille plastic checker boards.

The unique games worth several dollars apiece, are manufactured by the Dow Chemical Co. and Wilson Plastics, Inc., especially for the blind.

Readers are urged by the Hilltop Lions to send in the names of any blind persons or organizations who would derive pleasure from these games. The requests should be directed to the executive secretary of the Columbus Association for the Blind, CA. 4-9512. The association in turn will notify Hilltop Lions who will make the distribution.

Tom-Toms Sound At 'Y' Meet

Chief White Bear (the real McCoyum, ugh!) holds YMCA youngsters and fathers spellbound as he demonstrates sign language symbols of the Sioux Tribe. Left to right: Clyde McCann and his young son, Chief White Bear, Harry Grashel, Karle Schrade, Jim Donaldson, Larry Culp, John Grashel and Bill Donaldson.

Wild whoops and hollers, throbbing drums, and shuffling moccasins filled the air Friday evening when Chief White Bear, an Ogalala Indian, performed in the Hillcrest Baptist Church auditorium.

The chief demonstrated ancient tribal dances and customs, and told stories to a fascinated audience of approximately 400 wide-eyed youngsters and fathers attending a Hilltop YMCA organizational meeting.

In a move to "drum up" membership in the YMCA Indian Guide program, Big Brave Leon Suber, his two sons, and Bob Schmidt of the "Y" staff had visited elementary schools of the Hilltop earlier Friday and invited all boys in the first, second and third grades to attend this Indian Guide pow wow with their fathers.

An official welcome was given by Harry Grashel, and while the little braves watches movies, the fathers were organized into school groups and then presented information on the YMCA Indian Guide program. These fathers and sons will now organize into tribes and will soon become an active part of the Hilltop YMCA Indian Guide Nation Longhouse.

Any father and son not able to attend this meeting but who are interested in becoming members of the Indian Guides, may call the Hilltop YMCA, BR. 9-4641 for information.

A wide-eyed audience of YMCA youngsters and fathers watch Chief White Bear perform a tribal dance with an ancient drum.

No left turns will be permitted at either the Central-av or the Chicago-av intersections for autos traveling east on Broad st. Left turns will not be allowed at the Central-av, Mound-st and Three "C" Highway junction while traveling south on Central-av at Mound-st, while traveling east on Mound-st at Central-av, and while traveling north on the Three "C" Highway at Mound-st.

One Copy Of This Week's Record Is Worth $95

Victor Smith, 227 S. Oakley-av, was the only Hilltopper whose eye was observant enough to spot a lucky "Confederate" money insignia in last week's issue of The Hilltop Record.

Since the insignia wasn't claimed, it is valued today at a whopping big $95 in "Confederate" bills. As usual 10 $1 insignia are also printed on ads in 10 other copies of the newspaper.

Each "Confederate" bill will buy 100 cents worth of merchandise from any merchant advertising in the current issue of the Record.

You needn't be an expert in any category nor work a tricky puzzle to cash in on the Record money game. Any subscriber who discovers an insignia imprinted on an ad in his copy of the newspaper is eligible to collect "Confederate" bills.

One copy of today's Hilltop Record is worth $95 . . . it could be this copy. You could be the winner. Better check those ads right now!

TO MY VALENTINE

She is tempermental as April
And often she will disdain
My proffered love, then she'll condescend
To take it back again.

She has a dozen other loves.
My fickle charming Valentine,
And though I'm paying anxious suit,
If she knows, she gives no sign.

"She is lovely; she is engaged"
To the doctor; the postman;
the man next door.
Yet the only Valentine I want
Is a certain miss, age-almost four.

VALENTINES

A Valentine is a funny thing,
As useless as can be.
It really has no value
That anyone can see.
But just the same, a something's there —
Define it if you will —
A something sweet and touching;
A something sure to thrill
And a something that gives every heart
An extra beat or two;
A something ancient as the world,
Yet a something always new.

One of my busiest friends — therefore, one of the most interesting — is Miss Marion Canright, a teacher of business administration at Franklin Heights Junior High School. A graduate of Denison University, she received her M. A. degree at Ohio State. She has been editor of The Grapevine since its inception in 1949. The Grapevine is the monthly publication of Courage, Incorported — and everybody in central Ohio knows about Courage, Incorported. Marion is one of the founders of the organization and is on the Board of Directors. I have had the good fortune to know her for several years, but since she never talks about herself I had to ask our mutual friend, "Sandy" Sanford, to tell me more about Marion's many activities. Sandy (Mrs. B. A. Sanford, 2623 Glenmawr-av) is also one of Courage, Incorporated's founders and Board of Directors members, and together with the late Gil Sonastine, has worked tirelessly in behalf of the group's several hundred members. One of Marion Canright's largest undertakings is supervising the addressing of all of the envelopes in which Crippled Children Easter seals are mailed to residents of Franklin County. She has done this for the past several years. Members of Courage, Incorporated, under her supervision, have also made many thousands of lilies for the Easter seal campaigns. I am humbly proud to have the friendship of Marion and Sandy, and many of the members of Courage, Incorporated. Thousands of words have been written about Courage, Inc., and about the individuals and organizations that have generously donated time and money to help these courageous people help themselves.

Personal Property Tax Forms Must Be Filed By March 31

Filing time for personal property tax returns is here . . . the books open Feb. 15 and all returns must be in by Mar. 31.

In 1955 and 1956, because federal and city income tax deadlines were moved up to Apr. 15, hundreds of persons were confused about the filing dates for personal property taxes, Robert T. McClure deputy auditor said. Ohio legislature has made no change — so the filing deadline remains Mar. 31.

Ohio law provides that every manufacturer, farmer, individual, partnership and corporation doing any type of business whatsoever and every person owning investment securities on Jan. 1, 1957 must file a voluntary return. Operators of motels, rooming houses and furnished apartments must file. Licensed motor vehicles, aircraft and watercraft used for pleasure only are exempt, as are U.S. bonds and stocks and deposits in Ohio banks and building and loan associations and Ohio insurance companies.

STRENGTH FOR THESE DAYS
from The Bible

Be glad in the Lord; and rejoice, ye righteous: and shout for joy, all ye that are upright in heart, — (Psalm 32, 11.)

Living a righteous life, being filled with God's love and good which are ours for the seeking and accepting, is not a grim, solemn, sour experience. It is the only real and lasting happiness, something of gladness and joy that is kindly, unselfish, eagerly shared with others.

Dear Son

By Joseph Martell

Dear Mom

I made seaman! Now don't go moving to a bigger house or buy a piano because that's not near as high as Captain. I was real proud when I got my certificate from the Skipper last week. I'm glad you were not there when I got my promotion or your ey balls would have puddled up.

As I wrote weeks ago, Vernon Stench and I went to New York City on liberty. We had Saturday and Sunday off. Grand Centra' Station is so big you could put Chittlin' Switch right inside it.

As soon as we got off the train, two girls came up to us crying and told us some purse thief had stolen both their bags. They were all the way from Brooklyn and they asked us if we could let them take twenty dollars (each) so they could make it home. They told us they'd mail it to us here.

Being as we were by ourselves, we asked them to supper and to a night out. They both were very hungry as they had been wandering around the Station for four days. Patricia Cassidy, one of the girls, ate three steaks.

The took us to a restaurant on Third Avenue called The Brass Rail. It was a funny kind of place, a lot of smoke and show girls, but the people were very friendly. The girls seemed to have run into a lot of people there from their home town, Brooklyn, and introduced us to everyone. Rosemary Higgins, my date, must have thought Vernon and I were pretty cute because she kept referring to us as a 'couple of live ones!"

About two o'clock in the morning they had to get home because their mothers worry if they're out late. We got a taxi and drove them home. It took two hours. Went through a lot of little towns like Greenwich, Stamford, then back to Greenwich, Conn. and into Brooklyn. Funny thing, they knew the cab driver, too.

My buddy, Vernon Stench, had a swell job in the mess hall working in the scullery but he had to leave his position due to illness. The Chief in Charge got sick of him.

Vernon's mother has been in vaudeville for years. She's really great when she swallows a five foot sword. This accomplishment might not mean much to a lot of folks but you've got to take into consideration his mom is only four feet tall.

His sister was going to one of those psychiatrists for a long time for treatment as she was under the impression she was a grizzly bear. Vernon tells me she's fine now and is hibernating for winter.

My girl from Portsmouth gave me the gate last week. As a matter of fact, she hung a shiner on me just because I told her that her stockings were wrinkled. How did I know she wasn't wearing any?

I told my division officer about all different girls I've dated since I've been here and I asked him if he thought there were too many women in my life. He told me that it isn't the women in your life that count, it's the life in your women.

My chief is finally going to get married. He says the bride-to-be is a real gold mine. I got a look at her the other day and I say she's an ex-gold mine. Her veins have petered out her pan is dry, and she'll never see '49 again.

Write soon. Love,
Jason

Letters To The Editor

January 31

Hilltop Record

Dear Sirs:

My mother, Mrs Eloise Tilton, sent me some clippings from your newspaper, which I always enjoy because I lived in Columbus 21 years and read your paper faithfully.

I noticed on the back of one of the articles your "Penny For Your Thoughts" article (Jan. 23) about the increase in bus fare.

I was very surprised at the answers claiming the bus service wasn't up to par and the fares were too high already.

Those people don't realize how lucky they are.

I live in Ft. Lauderdale, Fla., and if they think their bus service is bad, they ought to live here.

Our buses run only once every hour and we pay the terrible price of 25 cents each way. If you miss a bus, you have to wait a whole hour for another one.

And that one woman complaining about 10 or 15 minutes.

I couldn't help sitting down and writing you this letter.

I miss the Columbus bus service since I've been here. It seemed wonderful to catch a bus every 15 minutes, instead of an hour.

I thought you would be interested in our service as it may make some people realize how lucky they are.

Oh, yes — in some places the bus runs only every three hours.

Mrs. Nancy (Tilton) Rudolph

Pre-School Health Checks Registrations Set For Feb. 25

Registration and health appraisal of children who will start to Columbus public schools next fall will get underway on Feb. 25, Miss Florence B. Johnston, supervisor of nurses in the Columbus school system, has announced.

Any child who will be five on or before Dec. 31 may be registered for kindergarten. Children who will be six on or before Dec. 31 must be registered for first grade if they are not enrolled in a kindergarten of the Columbus Public Schools at the present time.

School officials are asking parents to contact the elementary school in their district in order to make registration plans. Registration should be completed shortly after Feb. 25 so arrangements can be made for children and parents to meet with school nurses for a conference and health appraisal.

Registration can be completed more quickly if parents take an original birth certificate and verification of diptheria immunization to the school when they register their child, Miss Johnston said. Birth certificates for children born in Columbus may be obtained at the City Health Department, 181 S. Washington-blvd.

Cow Has Delayed Action Twins!

AN A-MOOO-SING DEVELOPMENT. It's not unusual for momma cows to have twins, but Daisy, a 13-year-old Holstein-Guernsey created quite a stir on the Ralph Cummins farm at 1521 Galloway-rd last week. Early Monday morning she gave birth to a heifer calf. Nothing unusual so far. But Wednesday morning she had an encore and delivered a son. Cummins, shown above with the happy family, said he had never heard of such a "delayed-action case." Daisy was bred by artificial insemination through the Central Ohio Breeding Association. Poppa was an Angus bull.

'It Was All A Blunder . . .' Levenson Tells Mayor Jack

Complaints regarding the parody on the Lord's Prayer used in a recent broadcast program by Sam Levenson were received from all over the country by the entertainer.

Mayor M. E. Sensenbrenner, voicing his disapproval to Levenson, has received the following letter:

January 14, 1957

Hon. M. E. Sensenbrenner,
Dear Sir:

Your letter of complaint about a portion of my performance on the "Ed Sullivan Show" is completely justified and I apologize without reservation.

Not only can I assure you that it won't happen again, but I must in all sincerity state that I don't know how I let it happen in the first place. I have a reputation in the industry for maintaining at all times the highest standards of decency. On the walls of my office are awards and commendations from Catholic, Protestant, and Jewish groups given to me for my support of religious education and for my emphasis on good family life.

Yet, I made a blunder and am as unhappy about it as you are. I guess that every man at some time in his life succumbs to bad judgment. I hope that you will forgive me for mine.

As further proof of my sincerity I should like you to know that while we have received a great number of requests for copies of the disputed material from people who like it, I am not honoring such requests lest the material be used as stupidly as I used it.

Very sincerely yours,
Sam Levenson

New Acme Baseball Loop To Hold Tourney In City

A championship series between the winners of the state amateur baseball tournaments in the 16-17-year-old bracket, will be held in Columbus this summer under the sponsorship of the newly organized Acme Amateur Baseball Association, Frank Evans, commissioner of the new circuit announced recently.

The league plans to limit participation to 16 states this season and gradually expand to include the whole country. Ohio, Indiana, Kentucky, Pennsylvania, Michigan, and West Virginia make up Region One.

Two playing brackets are included in the Acme Arrangement. One is for boys 16 and 17 while the other is for players 14 and 15. Unlike most nationwide loops, the Acme association does not prohibit dual participation and has no restrictions on pitching.

Leagues are rapidly being organized in Ohio with their own officers. Managers interested in affiliating their league with the Acme organization should write Frank Evans as early as possible at the league's headquarters, 1458 E. Main-st, Columbus 5, or call him at CL. 3-7284 or CL. 1-[illegible].

Burgess remained tied for second place, as they trounced Hilltop Laundry 52-25. Gary Smith, the league's leading scorer, once again led the churchmen's attack as he dropped in 20 points.

The leagues leading scorers are Gary Smith, Burgess, 67; Tom Hartranft, Cavaliers, 50; Bob Dean, Jailhouse, 49; Ed Fredendall, Burgess, 33 and Thurman Edmonds, Bucks, 33.

In the evening's finale, White Haines outscored Burgess, 42-31. Tony Pellican's 14 points were high for the winners and Roger Hamrick's nine points were tops for Burgess.

Glenwood Noses Hillcrest Baptist In Tight Game

Westgate EUB, led by Bob Dean with 23 points, nosed out Burgess' EUB 31-29 in another close scrape. Gary Smith posted 18 for Burgess to maintain the individual scoring lead.

Did'ja ever think you'd like to be in a drum and bugle corps? Here's your chance to get that extra "night out" — a chance to sharpen up on some precision drill and to blow the cobwebs out of your lungs. If you are familiar with any brass musical instrument or are an exceptional drummer, the newly revived Columbus Statesmen are looking for you.

Sponsored jointly by Smith-Barratt Post, American Legion and Sioux Tribe 128, Red Men, 24 players now practice weekly at Red Men Hall, 2634 N. High-st. They need twice this many. Approximately $2,000 has been spent on instruments and plans include an expenditure of $2500 for uniforms when the corps reaches 45 men.

Applicants should be between 17 and 45 years old. They do not have to be veterans or members of any organization. Those interested in forming a junior corps (ages 12-16) also are invited. It is hoped that these units will be ready to appear at the Veterans Hospital in Chillicothe May 5 and in the local Memorial Day parade.

Instruction and advising is being given the corps by Tom Ostrander, five-year OSU Marching Band vet, and Wayne Willis of the famed Marion championship drum and bugle corps.

Interested? Call Smith-Barratt Post (BR. 4-0251) or Red Men Hall (AM. 2-8222) during the practice sessions, Thursdays from 7:30 until 10 p.m.

Four Teams Vie For First

Glenwood Methodist handed West Park Methodist its first setback of the season, 46-44, last week to throw the YMCA Intermediate basketball league into a four-team scramble for first place.

Trailing 39-31 at the start of the last period, Glenwood, led by Don Gilliland and Steve Byerly, caught fire to edge out the first round champs. Gilliland was high for Glenwood with 15 while Bill Borland netted 12. Paul Fulton's 15 and Dick Weil's 10 were tops for West Park.

In another close contest, West Senior Hi-Y grabbed a share of first place by downing Burgess EUB, 30-27. Jerry Kline collected 12 counters to pace the Hi-Y five while Danny Scoles hooked in 19 for Burgess.

Dave Hallam with 18 points led Westgate Methodist to a 62-11 win over Hillcrest Baptist. Bob Brokaw accounted for 12 and Don Hallam meshed 10 for the Westgate quintet.

Figures may not lie, but some get snarled up in statistics.

Hilltop Library Has Good Material For 'Brotherhood Week' Reading

In observance of Brotherhood Week, Feb. 17 to 24, the Hilltop Library this week called special attention to books that will help people to learn how to get along in the family circle, in the community, on the job, in our national life, and in the world at large.

For younger readers, there are books that will help them to understand and appreciate other children. For teen-agers there are books that will tell how to understand and live with their parents, as well as how to get along with their business associates and do good for the community. For women readers there are books on understanding the adolescent, living with older adults, and cultivating friendships.

In addition, there are easy-to-read volumes that explain how other people live and worship.

A few of the titles on human relations that have been added to the library recently include: "Segregation: The Inner Conflict in the South," by Robert Penn Warren; "Cross-currents," by Arnold Forster; "How Far the Promised Land?" by Walter White; "Now Is the Time," by Lillian Smith; and "Goodbye to Uncle Tom," by Joseph Furnas.

GOOD BUYS THIS WEEK are: Grapefruit, potatoes, sauerkraut, rib-end pork roast, chuck roast.

Grapefruit, with its tartly sweet flavor which stimulates the morning appetite, has become a breakfast favorite. Its low calorie and high nutrient content make it a popular fruit for salads or a light satisfying dessert.

The Spaniards brought grapefruit to Florida in the 16th century. But it wasn't until about 1886 that citrus growers shipped the first grapefruit to Philadelphia and New York markets. Today grapefruit production is an important industry in Florida, California, Arizona and Texas. Indications are that this year's crop will be about three per cent smaller, but the quantity available for fresh use will probably be as large as the 1955-56 season.

CLUES TO QUALITY — Grapefruit should be firm but springy to the touch, well shaped, round or slightly flattened. They should be heavy for their size, thin skinned and fairly smooth. Russet coloring on the skin does not affect its quality or flavor. Avoid grapefruit with soft discolored areas.

SIZES VARY — Many food retailers mention the size when featuring grapefruit in their advertising. These numbers refer to the number of fruit packed in a crate or box. Large fruit pack 36 to 46 to a box; medium size 54, 64, and 70 to a box; and small fruit, 80, 96, 112, and 126 to a box. The smaller the number the larger the fruit.

ECONOMY — Grapefruit like many other foods in your grocery, is available in many forms. The most economical form may vary at times. To determine whether fresh, frozen or canned grapefruit is most economical, figure the cost per serving of each. At current Columbus prices fresh whole grapefruit and the canned juice are the most economical forms.

HOME CARE — Fresh grapefruit will be best if stored in the refrigerator. Chilling enhances and brings out the nippy flavor. Heat causes deterioration and drying out of the fruit. Canned grapefruit sections and juices may be stored with the other canned foods in a cool, dry place, but for the best in flavor they should be chilled before serving. Frozen sections and juice should be kept frozen until time for thawing and serving.

NUTRITION—Vitamin C, the anti-cold vitamin, is the outstanding nutrient in grapefruit. A half grapefruit will supply most of a day's vitamin C requirement. Grapefruit is low in calories, about 78 in half of a medium-sized grapefruit.

SERVE grapefruit cut in half, raw or broiled, in sections, or as juice. Use it as an appetizer, a mid - morning or afternoon "break," a salad, dessert, or garnish for the meat platter.

TO SECTION grapefruit use a sharp knife and cut a slice from both ends. Cut off the peel in strips from top to bottom. Go over the fruit again removing any of the remaining outside white membrane. Cut along the side of each dividing membrane from outside to middle of core. Remove sections. Each grapefruit will yield around 12 sections.

Walls throughout the school are in clear pastels and floors are all of durable, colorful asphalt.

Approximately 400 students are now enrolled in the first four grades. More grades will be added in the fall.

Kitchen facilities are adequate to care for the 200 students now enrolled and the many more expected in the future. The school now has classes for grades one through four, expects to add the fifth and possibly sixth grades in the fall, depending on the availability of teachers.

Bible Answers I Peter 3:15 ". . . be ready always to give an answer . . ."

WHEN SHOULD CHRISTIANS COMMUNE? Acts 20:7, "And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them . . ." This verse is the only one in the New Testament which deals with the time of communion; but the information it presents is sufficient to answer the question. You will note that the passage says, "the first day of the week . . ." How many times yearly does the first day of the week come? All know that the answer to this query is, fifty-two. When Christians meet together each first day of the week to break bread, fifty-two times yearly, they are meeting on the first day of the week according to the example presented in Acts 20:7. To do it any less than this or more often than this is to do so without scriptural authority.

"You cannot love without giving." True love always gives its best to the one it loves. God loved you so much that He gave His Son, Jesus Christ to die in your place. "*God commendeth His love toward us, in that while we were yet sinners, Christ died for us.*" *Rom. 5:8*

For Your Thoughts

Question: Would you object to an increase in the price of postage stamps, as from 3c to 5c for letter mail?

Mrs. David C. Judson, 648 Wedgewood-dr: "No, I wouldn't object. They've been 3c for as long as I can remember and according to price raises everywhere else, I see no reason why they shouldn't go up."

Mrs. H. A. Judy, 84 S. Hague-av: Rather than first class mail, I think any increases should be made on second class mail. Second class mail, particularly advertising, clutters up our mails so much that I'd like to see the rates raised."

Mrs. Clement Roos, 389 S. Warren-av: "Yes, I would object because the price of everything is high enough already. If the cost of stamps went up, then something else would go up."

Mrs. Arch Sharpe, 164 N. Powell-av: "I think it just depends on a person's circumstances. Some can afford it or can manage to cut down somewhere while some people just have a limited income and can't seem to take all these raises. I guess it depends if the raise is really necessary."

Mrs. Clyde Harp, 210 S. Southampton-av: Although it may be a hardship on a lot of people, we must admit that in all fairness, everything has gone up. We know that the post office has been operating in the red for many years, and certainly they have had to take care of an increase in production. However, I think that the possibility of getting in the black with only a 1c raise should be studied."

Loyal T. King, 525 Larcomb-av: "They should first equalize rates on other classes of mail. If they still don't have enough revenue after doing this, I would then favor a raise in first class mail. I feel that other classes, as second class mail, newspapers, magazines and others, are getting almost a "free service" from the postal department. Therefore, I think initial increases should come here."

St. Mary Springs To Choose 'King'

Biggest even of the year, Father-Daughter night at St. Mary of the Springs will be held Feb. 21, 8 p.m. when a father is chosen to be King.

The event will be held in Erskine Hall with Tom Glebe of WBNS-TV as master of ceremonies.

Dr. H. Oyster Will Address State Employes

Dr. Harold W. Oyster, Washington County Representative to the Ohio Legislature, will address state employees in this area Feb. 19, at 8 p.m. in the auditorium at Columbus State School.

Hosts for the meeting are members of the Hilltop Chapter of the Ohio Civil Service Employees' Association with John Harmon, president. This meeting is the second in a program the Chapter is planning for the benefit of employees, according to Bernice Fox, program chairman of the Chapter, by providing speakers and information to interested personnel.

A musical program by the Columbus State School Choir under the direction of Mrs. Mary Muncie will precede the lecture. All state employes are invited. Parking space is available.

Local Library Has Display

"Mexico" is the theme of the February display in the Kiwanis showcase at Hilltop Branch library.

Library visitors will find a wide variety of colorful souvenirs and trinkets belonging to Mr. and Mrs. Ellis W. Jones, 745 Wilson rd. The Joneses assembled the items when they spent two weeks in Mexico. From Mexico City they made side trips to such places as Taxo, the silver city; Xochimilco, with its floating gardens, the pyramids and Acapulco.

In Lyric Theater Productions

Three young Hilltop singers will perform in the operas Pagliacci and Faust (second act) this coming Saturday and Sunday evenings at 8:30 p.m. in the Bexley High School auditorium. Left to right: Rocco Laterra, 726 S. Warren-av; Mary Fox, 573 Larcomb-av; and June Leftwich, 149 Dakota-av. The singers are members of the Lyric Theater, a non-profit independent operatic group, that is presenting the performances. Tickets can be purchased at Heaton's Music store or at the school door.

Electric Firm Awards Prize

PORTABLE TELEVISION set winner, Mrs. Earl Horning, center, is pictured here receiving her award from Don Rice, right, Westgate Electric Company, and Jack Edmonds, Columbus and Southern Ohio Electric Company. Mrs. Edmonds won the portable TV in the first week's contest featured during Leisure Laundry Days—a cooperative effort by over 250 electric appliance dealers and Columbus and Southern Ohio Electric Company. For his role in telling Mrs. Horning the dryer story, Rice received a savings bond in the dealer-salesmen phase of the contest.

County Canine Count In Full Swing

Officer John Champer occasionally knocks on wood to preserve his 5-year unbitten record with the Humane Society. Champer, a resident of 783 Hayl-av, is one of the humane officers making a house-to-house survey. The society is recording all dogs owned in the county for licenses and immunization shots for rabies. At the left Champer receives a man-size greeting from "Mike," an 18-month-old Great Dane belonging to R. E. Ray, 2557 Sullivant-av. Above, little "Tina," a longhair Chihuahua, eyes Champer suspiciously from the arms of her mistress, Mrs. Charles B. Barnett, 859 Chesterhills-rd. Owners whose dogs have been found unlicensed will be required to purchase licenses and pay a $1 penalty. Any person who refuses to license his dog is subject to a fine of as much as $25 and costs, the society reported.

City To Buy Park Site Near School

Steps toward further development of parks in the Hilltop area were taken Monday night when city council approved recommendation of the park commission for the purchase of park lands in the vicinity of the new Hilltonia Junior High School.

An expenditure of about $30,000 will be made in purchasing about 14 acres and development of same. The land adjoins and is just west of the school.

A bond issue for $160,000 to be used for purchase of park land was approved by council Monday evening.

No further action has been taken by the city in acquisition of the property on Valleyview-dr, for the purposes of developing a park there.

Representatives of West High School have asked for permission to develop a forestry project on the Valleyview site if and when the city buys it.

Volunteers Set For Heart Sunday

Mrs. Robert Chrisman, left, 85 S. Roys-av, is serving as chairman of the West City section for the Heart Sunday drive on Sunday, Feb. 24. Mrs. Russell Alban, right, 2749 Elliott-av, is chairman of Ward 10. Next Sunday women all over the city will be calling on their neighbors for contributions to help fight heart disease, our No. 1 killer.

Mrs. Jerry Spears, Jr. 2999 Fremont-av, is Heart Sunday chairman for all sections of the city.

High point of the month-long 1957 Heart Fund drive will be reached this "Heart Sunday," Feb. 24. Throughout the city and county volunteer Heart Fund workers will knock on doors in a house-to-house appeal for contributions.

The drive is sponsored by the Central Ohio Heart Association and local county associations in conjunction with the American Heart Association. It is conducted annually for voluntary contributions to support a program to fight heart and circulatory diseases.

Mrs. Jerry Spears, Jr., of 2999 Fremont-av, Heart Sunday chairman for the Columbus area, urges all to have a "welcome contribution" for your Heart Sunday volunteer, "a neighbor who is unselfishly giving up a Sunday afternoon in the interest of protecting you, your family and friends against heart disease, our No. 1 killer."

Irwin Johnson, well-known radio personality, is general chairman of the drive. "Heart diseases caused 2766 deaths in Franklin County during 1955, more than all other causes combined," Johnson stated. "And statistics show that more than half of all deaths of all ages are due to heart diseases," he added.

"Help Your Heart Fund—Help Your Heart" is the slogan for the drive. The theme is "Hope" . . . for the early diagnosis, treatment and possible cure of heart and circulatory diseases, through an organized county, state and national program of research, education and community service.

Seventy-five per cent of the money collected in the drive will stay in the Central Ohio Area for research, education and service through local organizations, drive officials stated.

Local Workers Listed

Heart Fund volunteer workers for local areas are: Mrs. Robert Chrisman, 85 S. Roys-av, chairman for the West area, Mrs. Felix Wheeler, 455 Cherry-dr, Ward 9; Mrs. Russell Alban, 2749 Elliott-av, Ward 10; Mrs. Edward Alban, 272 S. Ogden-av, Ward 11; Mrs. Keith Bremer, 468 Richardson-av, Ward 11; Mrs. Hugh Fletcher, 279 S. Brinker-av, vice chairman.

Mrs. Paul Herring, 2615 Chester-rd, chairman West Suburban area; Mrs. H. S. Kupper, 2630 Branden-rd, alternate chairman; Mrs. J. L. Meiner, 1408 N. Troop 45 Boy Scouts Needs Assistance

Many a man in this community has been a former member of Troop 45 Boy Scouts.

For many years the mere mention of this troop recalls that it has been a leader for years in scouting in Central Ohio.

Outstanding leadership and adult interest has been back of the success of Troop 45.

But today Troop 45 is about to fold up!

Unless leadership and a satisfactory sponsor are found right away Troop 45 will be mere history.

A meeting has been set for next Monday evening at 7:30 at West High School in Room 301 for the purpose of determining what can be done. Former members of the troop and anyone interested in boys and willing to assist with the program are asked to be present.

Further details on Troop 45's problem and a large photo of former troop members is found on page 9 of the Record today.

The man who committed three West Side robberies following the murder of a Muskingum County couple last Feb. 9 surrendered to a surprised deputy sheriff at the Muskingum County jail early Sunday morning.

Postman Finds Befuddled Possum Lost On Broad St.

PETE THE POSSUM, a gentleman who ordinarily confines his nocturnal meandering to the wooded glen, got his directions a little mixed-up last week. Wednesday's dawning found Mr. Possum confused and lost in the big city. He was discovered by Postman Fred McCain (above) huddled in a doorway at 2417 W. Broad-st. A quick call to the Animal Shelter fixed things up, though. Pete was carried beyond the city limits and showed the way to go home. By now he is probably tail-hanging from a tree boasting of his travels to his furry little friends. McCain works out of the Hilltop Post Office and lives at 1022 Madison-av.

Ingler Appointed To Directorship

Charles W. Ingler, 475 Wrexham-av, stepped up to the directorship of the Ohio Legislative Service Commission Monday night to fill a vacancy left by John A. Skipton, new finance director.

Ingler has served as supervisor of research for the commission since 1954. His salary will be $950 a month.

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper, should take it to the office of The Hilltop Record before Saturday at noon. It will be redeemed for $10 in Confederate currency which can be used to make purchases at any Hilltop business establishment advertising in this issue.

This insignia has a value of $1. Follow the same procedure for "cashing in" as outlined [illegible].

No employe or carrier of The Hilltop Record, nor any member of his family, is eligible.

One Copy Of This Week's Hilltop Record Is Worth $100

It's quite true that money can't buy everything, but it surely does have its advantages . . . and an unexpected $100 that's absolutely free for the finding, can really give the budget a boost!

One copy of today's Hilltop Record is worth 100 crisp, new "Confederate" bills. Each "Confederate" dollar may be spent at face value with any merchant advertising in today's Record.

Any paid subscriber to the Record, who spots the big jackpot insignia on an ad in his copy of the Record, is eligible to redeem the newspaper for $100 in "Confederate" money.

In addition, ten other subscribers may collect $1 each, simply by spotting the $1 insignia imprinted on ads in ten other copies of the Record. Lucky newspapers may be redeemed at the Record office before Saturday noon.

Big and bright insignia are never hidden but are always printed in plain view on ad.

Take a good, long look at the exact-size replicas of the insignia shown in accompanying box and then take some time, right now, to read those ads.

Milk Machines Installed At West

West High students no longer need to wait in the cafeteria line just to get milk for lunch.

There are now milk machines on both sides of the cafeteria. Milk comes in cartons and costs five cents. Students should be sure to put cartons into the waste can when they're finished with it.

Common sense is the ability to detect values.

NEWS of WEST HIGH

West High Senior Spotlight

West High's annual editor, Kristin Armstrong, was transferred from Bel Air, Md., in 1955 where she was a member of the Future Nurses of America and the Art Club and worked on several school publications. At West she is a past member of the Latin Club and now belongs to the Y-Teens.

Kristin Armstrong

Kristin is 17 and has been working on several scholarships. One, which she worked on this summer, is connected with the Science Talent Search sponsored by Westinghouse. Kris, as her friends call her, placed fourth in the General Scholarship Test held at West. She has many superior awards in the annual Science Day Contest.

Kristin resides with her parents, Mr. and Mrs. Bernard W. Armstrong, brother, John, and sister, Ingrid, at 1990 Sole-rd, Linden. She enjoys scientific work and likes trying her decorating ideas on their new home.

She attends Linden Lutheran Church and is a member of the Luther League at Hilltop Lutheran Church. She was active in the youth group and in the choir of Bethlehem Lutheran Church before transferring.

Kristin's aim for the future is to take nursing or chemical engineering at Ohio State.

Dick Glass attended Boys State in his junior year where he attained the office of public service director. He is a member of the "L" Society, Excelsior Society, Hi-Y, French Club, Student Council and is the president of the Triangle Club and past treasurer of the Hi-Y.

Dick belongs to the senior choir, senior band and is president of the Senior City Hi-Y Council. He enjoys sports.

He is president of his Junior Achievement company.

Dick, 17-year-old son of Mr. and Mrs. R. C. Glass, lives with his parents at 172 Guernsey-av. He has two sisters, Kay and Sue. President of his youth fellowship, Dick attends Hope Memorial Presbyterian Church.

A college education in engineering is Dick's plan for the future.

West To Get Science Show

General Motors will present "Previews of Progress" to West High students in double assemblies on Tuesday, February 26.

This is a stage presentation that tells the story of American progress through science and research.

Some of the things which one will see at this show are synthetic rubber made by the fastest reaction of its kind known to science, jet propulsion and binaral sound. One will be able to see an egg fried on a stove that never gets hot and hear music on microwaves at ten billion cycles a second.

The pursuit of scientific knowledge is a search that never ends. "Previews of Progress," says Mr. C. L. McCuen, of General Motors, "dramatizes this process in an unusual stage presentation that provides a glimpse into the workings of free men in a competitive society."

Mr. Motorist: Use some good old horse sense when you handle that higher horsepower. The Safety Council says even if your new car could go two hundred miles an hour, if the speed limit says 45 . . . that's your limit, brother. Stick to it!

West Grads Make Big Names

(This is the first of a series on successful West High graduates written by Vera Jean Minchig.)

Walking the long distance from Briggsdale to West High School formed the foundation of the new successful career of Dr. John Earl Briggs.

As a self-conscious country boy, Dr. Briggs was encouraged by his father, John R. Briggs, to become a physician. In accordance with his father's wishes he studied Latin and science courses in preparation for medical college.

After graduation from West High, Dr. Briggs entered what was then known as Starling Medical College and was graduated from Ohio State University in 1919 with the degree of Medical Doctor.

Dr. Briggs has become widely known for his skill. A senior surgeon at Grant Hospital, he does mostly goiter operations. He is also on the Courtesy Staff of Mt. Carmel, White Cross and Children's Hospitals.

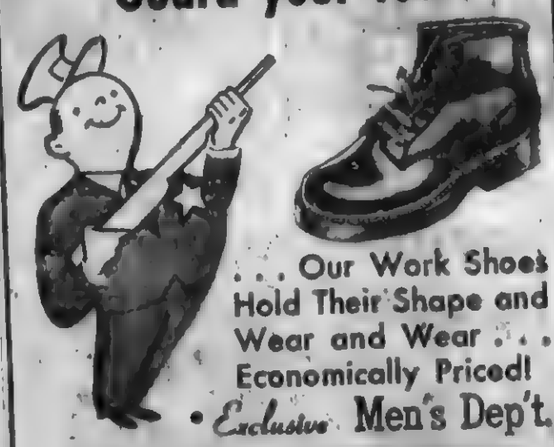
Dr. Brigg's numerous activities include membership in the Columbus Academy of Medicine, the Columbus Surgical Association, the American Medical Association, the American College of Surgeons and the World Medical Association. He is also a thirty-second degree Mason, member of Aladdin Temple Shrine, Sertoma Service Club.

Dr. Briggs enjoys athletics (baseball in particular) and is an ardent home-movie photographer having taken pictures during his travels throughout the world, including visits to England, Denmark, Sweden, Switzerland, Norway, Netherlands, Belgium and Luxemburg. He has also toured the United States and points of interest in South America.

Dr. Briggs, a family man, lives with his wife and has a daughter, one grand-daughter and a son who graduated from Colby College in Waterville, Maine, last June.

West High School enabled Dr. Briggs to attend medical college and he attributes his success to the fact that through having to work for all he attained in high school, he has learned to work in order to attain his goals in line.

In his senior year at West, Dr. Briggs was captain of the baseball team and was active on the basketball and football teams.



Dr. John Earl Briggs gives this advice to high school students interested in a career.

"I think that every boy and girl should be happy that they are allowed to attend a high school and that they should pay more attention to studies than anything else so that they might be prepared to enter college and graduate in whatever field they choose. A good education is the best thing that a young individual can hope for. To me, it is a whole lot easier to work than to try to plan how to beat some individuals out of something that they already have or to master mind the holding up of a bank."

Dr. John Briggs is one of many practicing physicians who has been inspired by training at West High School.

The best thing about spring—it comes when it's most needed.

Dollar Days Being Held At Central Point

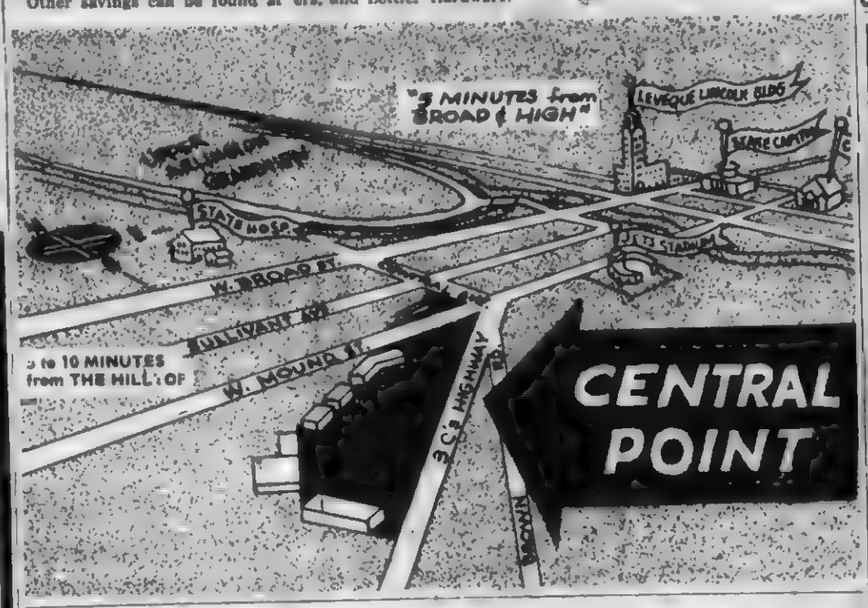
A bargain-packed three days await West Siders at the Central Point Shopping Center Thursday, Friday and Saturday, according to Steve Long, president of the Central Point Business Association.

The value-studded event will be George Washington Dollar Days. Nearly all of the stores in the center will offer tremendous bargains during the three days, he declared.

Stores will be decorated with green and yellow banners which read "Dollar Day Special Values." The center will have colored pennants flying from the light poles to attract prospective customers.

A special attraction to the budget-minded housewife will be the money-saving prices being offered by the two big supermarkets, Albers and Krogers, and the special meat prices featured at Schuman's Meats. This will be the time to stock that home freezer, Long stated.

"The shoe stores at the Point also are offering outstanding buys in all types of shoes. If you need shoes for the family or yourself don't pass up these Washington Dollar Day buys," he advises.



Other savings can be found at J. C. Penney, Grays Drug Store, May and Company furniture store, Adeline's, Moore's, Reeves Sporting Goods, Singer Sewing Center, Central Point Shoe Repair, Goodsell Paints, Kresge's, Western Auto, Verhoff's Jewelers, and Zettler Hardware.

Mrs. Albert Hixson, 256 S. Chase-av, saleslady at the J. C. Penney Co., Central Point store, indicates the procedure which will be typical at the shopping center during Dollar Days, Thursday, Friday, and Saturday, Feb. 21, 22 and 23.

Every store in Central Point is open every night until 9 p.m. and there is free parking for 2,500 cars.

The convenience with which the Central Point Shopping Center can be reached is shown below.

Penny For Your Thoughts

Question: Would you be in favor of Columbus going on Daylight Saving Time from April to October?

Mrs. William E. Hart, 73 Midland-av: "No, I'd like to see the time stay just the way it is now. With daylight saving time, it just seems that it stays light too long."

Charles F. Lane, 711 S. Eureka-av: "It's perfectly all right with me. It makes the day longer and I enjoy fishing in the evening or taking my family out on summer evenings."

Mrs. Glen Goddard, 625 Sorivenav: "Yes, I am. It's very hard to get the children to bed when it's light so I'm in favor of adding the extra hour at night."

Mrs. Charles E. Kenall, 2718 Eakin-rd: "Although the change to daylight time and back again can be somewhat confusing, I think the advantages of daylight time outweigh the disadvantages. I think the summer works out much better for both parents and children under daylight time."

Mrs. Hoyt V. Kemp, 110 S. Brinker-av: "No, I wouldn't. I just don't like to see it an hour earlier. My husband has to get up early enough as it is. I just wouldn't like it at all."

Mrs. William W. Moore, 224 S. Powell-av: "Yes, I like daylight savings time, particularly because of the longer evenings. I do think it is discouraging when one place has one time and another place has a different time."

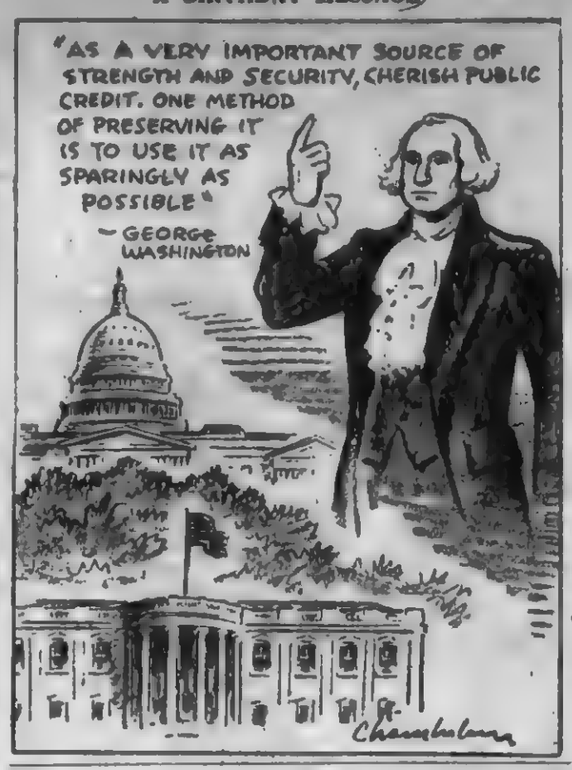
Fishermen Must Have New '57 Licenses, March 1

Some 1500 fishing license dealers throughout Ohio are now receiving their initial supply of 1957 fishing licenses, according to the Department of Natural Re-[illegible].



Soon all agencies should have licenses and digests of the fishing regulations available to the fishing public. A 1957 FISHING LICENSE WILL BE NECESSARY ON MARCH 1.

While most regulations will remain the same as for the past several years, new liberalized regulations cover Pymatuning Lake. With the exception of bag and possession limits, the lake's regulations have been completely [illegible].

New Employee: "Why? What happened?"

A BIRTHDAY MESSAGE

Dear Son

By Joseph Martell

Chittlin' Switch
Sunday Afternoon

Dear Jason:

It sure was good to hear from you last week and we are all so proud of you that you were promoted to full Seaman. But just remember that even though you have all that high rank, don't abuse your privileges and remember the old saying "do unto others as you would have them do unto you."

Well, there hasn't been much news around here since I wrote you last. I guess you remember me telling you about the old maid librarian getting herself engaged to that old retired cesspool cleaner. Well, I understand that the engagement is all off. She weighs about 330 pounds so about a month ago she went on a diet because her intended didn't want to marry her with all that poundage. She got weighed yesterday and the only thing she's taken off is her hat.

Your Sister, Morphine, is getting to be problem and I guess she's seeing too many of those moving pictures at the Gem Theater. Your father says that he's going to build another bathroom in the house. Every night before she goes to bed she's in there for hours removing her rouge, lipstick, false eyelashes, hair switches, leg makeup and so on. He says it isn't a bathroom anymore it's a separation center.

That "do it yourself" fad has struck your paw. He was looking through one of those mechanics magazines that had directions on how to build your own hen house. Paw sent for it and spent about a week putting it up. He did a real good job on it but to my way of thinking he didn't follow the directions too well. Everytime the hens go out their little doorway to go into the yard they fall off the roof.

"The Chittlin' Switch Daily Bugle" sent a reporter over to interview old Grandmaw Sludge on the occasion of her 101st birthday. She's really a spry old woman, just between the two of us. She does her own housework, sewing, and slops her own hawgs. She doesn't even use glasses. Drinks right out of the bottle.

Well, guess that I can't think of much else to say right now. Oh, yes. As your Uncle Lushmore always says, anybody that can't get drunk by midnight ain't trying. Anyway, he got arrested the other day for being drunk. He told the Judge that he wasn't doing anything but being in the middle of the road on his hands and knees. Come to find out he was trying to roll up the little white line. He'll be out for Easter.

Write soon. Your loving - MOM.

Busy executive: "Now, what in the world did I do with my pencil?"

Secretary: "It's behind your ear."

Busy executive: "Come, come, you know I'm a busy man . . . which ear?"

In Passing

By Esther Weakley

ON GROWING OLD

As we grow old we are beset by [illegible],
Our lives depend upon doctors and pills.
We are either too thin or much too fat,
Bald as an eagle or blind as a bat.
We get jabbed by needles . . . baked by lamps . . .
X-rayed . . . cut on . . . bound by clamps . . .
Take vitamins of every known [illegible]
To stimulate the liver, the blood, the mind.
Nerves get jittery . . . excitement is taboo . . .
Doctor orders rest, or we are through.
We patiently follow the doctor's orders
And try to believe he can cure our disorders,
Yet, knowing full well we are on our way
To the rocking, retirement, at Grandpappy's day.

Mail—from Munich, Germany: "You asked how the German people feel about the occupation; that's a difficult question to answer. They all seem to realize the necessity and know the United States Government has definitely helped stabilize the German economy. They also realized that many Germans are employed and receive good wages. The recovery since the war is fantastic. Germans do work hard and from what I can see, also play hard. Some of the men who have come into the club have been assigned to work on 'Operation Safe Haven,' a term given to the transferring of Hungarians out of Hungary into other areas, and to the States. Many funny as well as tragic tales are told. The refugees stay in Army camps until transportation is available and are given whatever they want to eat. Most of them have never seen bananas, oranges, or some vegetables, and attempt to eat skins and all." (This letter is from my niece, who is recreation director on the Army's Special Services Staff, stationed at The Burgerbrau Club. Her home is Seattle, Wash.) . . . From Athens, O: "Here is a joke from the Athens State Hospital magazine—Green Hill News—that you might like. 'A teacher had told her class of young children that Milton, the poet, was blind. The next day she asked if any of them could remember what Milton's great affliction was. A small boy said, Yes, he was a poet!'"

If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.—(I John 1, 9.)

Confession, even to ourselves, of our sins, often comes hard because foolish pride, willfulness, stubbornness hold us back from acknowledging our weakness. But the Father's reward for His children's sincere penitence is wonderful and great.

Running for five months, the campaign will produce cash and merchandise awards for more than 7,000 retail salesmen. Hilltop Florist Blends Flower Colors As Art

John Hensel

Being a florist requires special talents. A person in this field must not only know flowers, but must also possess a keen sense of appreciation of their colorful artistry.

John Hensel, owner of the Rosebud Floral Company, 351 N. Burgess-av, attempts to see that his flower displays are as beautiful as possible. Proof of his craftsmanship is evidenced by the increase of work turned out by the greenhouse in the four years he has owned it.

"I would say we sell four or five times as many flowers now as we did when we took over," Hensel stated. "People seem to like all types of flowers, but the emphasis is always on roses."

Hensel became interested in the floral business when his wife took a part-time job at the greenhouse. When the former owner announced one day that he would like to sell the establishment, Hensel immediately made an offer.

Gardening at the greenhouse goes on the year around. Tomato and other vegetable plants are now being started. "A lot of people like to buy half grown plants in order to have the first tomatoes in their neighborhood," Hensel added.

X-Ray Crew Stops At 2 Local Firms

Six hundred employees of two Hilltop industries are being free chest-checked Thursday and Friday by the Tuberculosis Society's Christmas Seal X-ray Cruiser.

The cruiser will park at Columbus Plastics Co., 1626 W. Mound-st, all day Thursday and most of Friday, Feb. 21 and 22, to check 500 employees. Startings at 3 p.m. Friday, personnel of Nippert Electric Products Co., 1750 W. Mound-st, will be served.

Bluhm Wins Rank Of 'Star' At Scout Event

Jim Bluhm was awarded the Star Scout rank at a potluck dinner Feb. 11 which climaxed Boy Scout Week at Hillcrest Baptist Church.

Other advancements went to Joe Massey and Dick Sines, who achieved first class ranks and Jim Malloy, second class. John Richards, Chester Stout, John George and Thomas Harlor were received into the troop with Tenderfoot status. Merit badges were awarded to Bob Balo, Mike Pugh, Dick Sines, Joe Massey and Jim Bluhm. Seventy-five persons attended the dinner.

Help! Troop May Have To Be Disbanded

What Is The Future Of Local Boy Scout Troop No. 45?

. . To many a present day Hilltopper and to many others who have since moved from this community, the mere mention of Boy Scouts brings back memories of some of the finest days of their lives . . . when they were members of old Troop 45.

Without much fear of being challenged, it can well be said that Troop 45 has had a better record of accomplishments in Scouting in years gone by than any other troop in Central Ohio.

But something has happened to Troop 45.

The situation is serious!

Unless something is done almost immediately, Troop 45 is going to be disbanded!

This will no doubt come as sad news to many a former member and it is hoped that reading this story will cause enough former scouts and others who are interested in scouting and youth in general to attend a meeting next Monday evening, Feb. 25 at 7:30 in Room 101 at West High School.

Briefly the story is this: Troop 45 needs leadership.

At a meeting called by Principal Robert Darrow last Wednesday at West High, district scout officials, troop committee members and other local civic leaders were told that the troop will have to be disbanded very soon unless a new sponsor and new leaders are found.

Through the years of outstanding success of the troop it has been evident that such success stemmed from the interest of such capable and interested men as A. W. Elliott, George Reitz, Sam Morrison, Frank Mason, Gerald Tallman and lately Jim Brown.

These men were just naturally interested in boys and in addition to their duties as teachers, took on this project in an extra curricular way.

Today circumstances are different. The school doesn't have enough leadership available for extra work.

If Troop 45 is to continue it must therefore find a sponsoring organization that will take the responsibility for providing the best in capable leadership.

A special committee made up of Ed Johnson, Robert Miller and Lou Rausch has been appointed to investigate several ideas that have been presented. This committee has called the meeting for Monday evening hoping that old timers as well as newcomers to the community will be present to offer some assistance and suggestions.

The troop committee made up of Jim Brown, Ed Johnson, Ray Gaib, Lou Rausch and Lee Koontz, is interested in seeing some plan presented whereby the troop will be held together and revitalized to the place where it will again earn the reputation held for so many years by Troop 45.

Troop 45 was organized in 1924 at Highland Avenue School by A. W. Elliott.

Charter members included Charles Thurston, Raymond Gaib, Gifford Markpson, Granville Donley, Pete Moore, Robert Dean, Frank Howard, Ralph Harper and Thomas England.

Only a few boys in the school were then interested in scouting but the trips to the old Scout Camp Ro-Fre-La (now Camp Lazarus) and other interesting spots down around Jacobs Ladder caused a considerable increase in interest in the troop.

Assistant scoutmasters at that time were E. N. Littleton, John Smith and Herb Williams.

Troop 45 soon became one of the best troops ever produced in Central Ohio and maintained such a reputation through the years.

The high quality of the troop was maintained by a process of eliminating boys who lacked interest by the "steam roller" or judicial committee.

When West High and West Junior High was opened in 1929 Troop 45 had access to a gym and use of one room one night a week. It thus became for all practical purposes, a West Junior High troop.

About this time several fathers of boys in the troop went together and rented an old brick house down at Jacob's Ladder in the Lancaster hills.

It was at this time too that Troop 45 took top honors in the annual scout show by sweeping the field in all events.

These same boys continued to win year after year and became experts in their fields. Many boys won each year until they became disqualified by age.

All the records of past scout shows are not available but news stories in old copies of the Hilltop Record show that James Matheny, still a Hilltopper, was barrell tilting champion for two years and was succeeded by Ralph Harper.

Charles Holloway held the equipment race record for years. Sid Foster was always first in fire-by-friction contests and many others were the best in their events.

Much of the success of the troop at the scout shows was attributed to John Wolfe who took an outstanding part in organization and promotion.

For many years the troop has owned their own cabin in the Lancaster hills. The cabin was built through the efforts of Elliott, Morrison, Heitz, Ray Gaib, Roland Eckard, Frank Andrix and others. "Journey's End" was the name given the cabin. The troop has used it for years in both summer and winter.

This is Troop 45 back in 1929. In front row, left to right are William Elliott, Frank Andrix, Guy Keller, Jack Connell, Al Elliott the Scoutmaster, Rav Anderson Roy Crouse, Ernest Porter, Bud Rainier, and Charles Holloway. In the second row are "Red" Tallman, Herbert Williams, Robert Cooper, Ralph Harper, William Craft, "Bud" Jones, Plymale Smith, Ray Gaib, Arvin Underman, Beryl Miles, Richard Messerschmidt. Third row, Kenneth Clark, Carol Whittatch, Robert Harper, Jack Miles, Fred Rickett, George Ward, Curtis Allen, Roland Eckard and William West. Back row: Dr. H. H. Keighley, then principal of West Junior High School, Henry Messerschmidt, Charles Thurston, James Matheny, Robert Wolfe, John Wolfe, Sam Alford, "Bud" Lorenzo, John Zaig and William Atkinson.

National Foundation Seeks 400 Volunteers For Drive

Four hundred men and women volunteers are needed in southwest Columbus to assist in the Mar. 20 campaign of the Central Ohio Chapter of the National Nephrosis Foundation, Inc., according to an announcement by Mrs. Harry C. Sharp, 184 S. Yearling-rd, president.

Volunteers should write to Mrs. Sharp or Mrs. Stanley Klein, 2666 Brentwood-rd, chairman of the campaign. The southwest district chairman is Mrs. William E. Williams, 402 S. Terrace-av. Other workers in this area include area chairmen Mrs. Ralph Primmer, 167 S. Eureka-av, Mrs. Guy R. Taylor, jr., 886 VanDerberg-pl, Mrs. Lewis Trout, 796 Richardson and Mrs. Joseph Kennedy, 272 S. Kidney disorders are among the greatest causes of death in the United States. Childhood nephrosis alone, one of the most common chronic disorders among children, kills one-half of all its victims. And this death rate will continue high until medical science solves the many mysteries of such ailments.

"It is our aim," Mrs. Sharp said, "to place a message of the most importance into the hands of every family in southwest Columbus, and we need the help of every public-spirited citizen for as little or as much time as he or she can spare.

"Research is needed urgently until cures have been found. Our goal this year is $10,000, and with 400 volunteers to join our members, we are confident of success."

Left to right are: Larry Train, 12; Ronnie Train, 15; "John," 1 day; and Bill Train, 10, sons of Mr. and Mrs. Charles Train, 63 S. Richardson-av. Bible Answers
I Peter 3:15 ". . . be ready always to give an answer . . ."

IS THERE ANYTHING IN A NAME? Most certainly there is something in a name. Everyone takes a certain amount of pride in his family name. We choose carefully the names that we give our children. When it comes to religious matters there is even greater importance given to a name. In Acts 4:12, we learn that there is salvation in the name of Christ. We learn from Acts 11:26, Acts 26:28 and I Peter 4:16 that the early followers of Christ were called Christians and that only, to show their relationship to their Saviour. They were not different kinds of Christians but were Christians only. Paul reproves the Corinthians severely for wearing the names of men. (I Corinthians 1:10-13 and 3:1-7). Wearing men's names religiously has caused much division. Those who are members of Christ's church are Christians only.

Silent Stranger To Hilltop

ICY STARE—If the above gentleman with the icy stare looks a little moody as he peers over his nose, he has every right to do so. For "John," as he is called for no particular reason, is not just an ordinary run-of-the-mill snowman. It required the combined efforts of six youngsters and a young-in-heart adult for "John" to reach his majestic 8-foot height. Three of his proud creators pose with their front-yard friend. Left to right are: Larry Train, 12; Ronnie Train, 15; "John," 1 day; and Bill Train, 10, sons of Mr. and Mrs. Charles Train, 63 S. Richardson-av. Other snow-time sculptors who participated are Skuggs Ferris, 14; Margie Farris, 9, and their father, Malcolm Ferris, 61½ S. Richardson-av; also Pat Brown of 136 N. Powell-av.

Bible Answers
I Peter 3:15 ". . . be ready always to give an answer . . ."

IS THERE ANYTHING IN A NAME? Most certainly there is something in a name. Everyone takes a certain amount of pride in his family name. We choose carefully the names that we give our children. When it comes to religious matters there is even greater importance given to a name. In Acts 4:12, we learn that there is salvation in the name of Christ. We learn from Acts 11:26, Acts 26:28 and I Peter 4:16 that the early followers of Christ were called Christians and that only, to show their relationship to their Saviour. They were not different kinds of Christians but were Christians only. Paul reproves the Corinthians severely for wearing the names of men. (I Corinthians 1:10-13 and 3:1-7). Wearing men's names religiously has caused much division. Those who are members of Christ's church are Christians only.

Church Youth to Wash, Mend, Scrub For Fellowship Funds

GETTING IN SHAPE for a work-filled Work Day are three of many young people of Burgess Avenue EUB Church who will be available for odd jobs on Feb. 22. Any fees that they receive will be contributed to the Youth Fellowship of the church. Car washers are (left to right) Jim Poston, 855 Wiltshire-av, twins Janet and Janis Harvey, 648 S. Harris-av.

Work Day comes on Feb. 22 for young people of Burgess Avenue EUB Church. On this day they will be available to do odd jobs for friends and members of the church, as car washing, mending, dog washing, scrubbing and cleaning.

No charge will be made for these services, but the hiring family will be asked to place the fee they would have paid for the work into an envelope. The young person will then turn this over to the Youth Fellowship of the church.

Begin Plans For Franklin Village Work

Plans are being laid by county commissioners and members of the Child Welfare Board to begin construction of the new $300,000 receiving building at Franklin County Village.

First step will be a resolution to issue bonds. Next a four-member building commission will be appointed to supervise the project. Voters last November approved the bond issue for the building, which will be used to house sick children from the Franklin Village children's home and foster homes.

At a Monday night meeting, board members cited several reasons why they do not want the same architect who drew plans for the village.

P. E. McKisic, state sanitarian, told the group that dishwashing units at the village haven't met state requirements for the past three years.

Commissioners and the board agreed that the dishwashing problem would be solved.

Westinghouse Nears End Of $8 Million Expansion

An $8,000,000 program for new equipment in the Westinghouse Electric Corporation's major appliance plant here will be completed shortly.

John W. Craig, Westinghouse vice-president and general manager of the Electric Appliance Divisions which operate the plant here, said the current program of capital improvements to utilize the newest appliance production techniques was initiated last September. He said the company has already committed itself to additional capital improvements but added that he could not yet give a configure on these.

The completion of this current program, Craig said, raises to more than $70,000,000 the Westinghouse investment in the Columbus plant. The plant building and its original equipment cost approximately $45,000,000 when completed in 1953.

"In the Columbus plant, Westinghouse produces more of the completed refrigerator in one location than any other appliance manufacturer," the executive said. "In this building we produce from raw materials more of the components than anyone else."

The plant is now producing refrigerators, freezers, combination washer-dryers and dishwashers. It has a capacity of more than 1,000,000 major appliances annually.

Employment at the plant, Craig said, has remained relatively stable around 4,000 persons in recent months with an annual payroll in excess of $20,000,000.

Despite the industry's current sales doldrums, the Westinghouse executive foresees a bright future.

"As the nation's generating capacity rises, so does its ability to use more and more electrical appliances," he said. "Further, today's products are being superseded constantly in the laboratory. In 1956, 50 per cent of the industry's unit sales, was in

Another meeting has been called for Monday, Mar. 11 at West High School in Room 101 at 7:30 p.m., for the purpose of making a decision on the matter. Anyone interested in Troop 45 is invited to be present.

Kiwanians Set For Annual 'Nut Festival'

Ticket deadline is Mar. 1. Members and friends are invited.

Family Brings Bright Spot To Mrs. Rees' 'Dark World'

By Shirlee Monty

Clement Rees feeds, clothes and cares for her eight children . . . but she doesn't know what they look like!

She can vaguely remember the three oldest children who were one, two and three, when she lost her eyesight 14 years ago . . . but those are just memories. The three are teenagers now and hardly the same.

Mrs. Rees can't explain the loss of her eyesight, which gradually faded over a period of six months until she was left in total darkness. "The doctors tried everything — they even took out my tonsils, trying to restore my eyesight," the young mother said. "But nothing worked, of course. They just couldn't find the right answer."

Describing her feelings at the time as mad "more than anything" Mrs. Rees talked of how she acclimated herself to a "dark world."

"One of my hardest jobs came when we moved from 2017 Sullivant-av to our present home at 389 S. Warren-av, two years after I became blind. I had a terrible time at first learning my way around," she said.

Pantry Poses Problem

Mrs. Rees does all of her own cleaning, washing, ironing and cooking. She can find most things by "feel" although canned goods give her trouble. "The children have to pick them out. Even three-year-old Jimmy can tell what's inside by the pictures," she laughed.

She said she still gets kidded though, about the mashed potatoes she made with chocolate instead of white milk. Another time when she needed milk for macaroni and cheese, she added orange drink. "I had forgotten it was in the refrigerator and the cartons, of course, felt the same," she said.

Another new recipe, originated by Mrs. Rees, is ham, lettuce and potatoes. "I sent one of the children to the store for cabbage but he brought back lettuce," she recalled. "Actually, I can tell the difference but it didn't occur to me that it wasn't cabbage. That meal wasn't eaten either."

Although Mrs. Rees has become quite adept at cooking, she leaves serving and "pouring" to the family. "I have to be so careful and I occasionally pour something all over the table."

Common knowledge says that the loss of one sense sharpens the perception of the remaining senses. Mrs. Rees' children seem to agree. While teachers seem to have "eyes in the back of thir heads," their "Mom" seems to have an extra set of ears.

"Mom, you hear everything," they frequently tell her. And she agrees that her ears are certainly "hearing" a lot more than they used to. "Why, I recognize voices that I haven't heard for years," she said.

Assisted by Husband

Mrs. Rees gave her husband, a carpenter foreman, much credit for serving as "eyes" for both of them. "He reads the paper to me, selects my clothes, helps me with the shopping and takes me out a lot," she said. "However, everything he buys me is blue. He likes me in that color and he says that, after all,

POLICEMAN JIMMY REES, 2, shows his mom, Mrs. Clement Rees and baby brother, Danny how tough he's going to be on "those old lawbreakers." Much of this sort of play is left to Mrs. Rees' imagination as she has been totally blind for the past 14 years. In the bottom photo, Mrs. Rees starts a meal by "feeling" for the ingredients. The young mother does all of her cleaning, cooking, washing, ironing and cares for her eight children.

The clinic, sponsored by the Downtown Lions, has an annual budget in excess of $12,000 and provides eye surgery, corrective lenses and other vital services for hundreds of youngsters on a citywide basis.

Study Resolution To Require Polio Shots In Schools

If the Southwestern School District Board of Education makes polio immunization a requirement for school entrance, it will be the first school district in the county to take such action.

The board was studying such a resolution this week. Superintendent V. J. Ullman said the recommendation, if adopted, likely would be in effect by fall.

The district includes more than 7000 children. Ullman said that many of the youngsters already had polio injections, and schedules have been set in the schools to make it possible for others to get the serum.

Jackpot Value Soars To Impressive $105 Total

Still soaring upward, value of the "Confederate" money jackpot insignia has snowballed into an impressive $105 this week. An additional 10 $1 insignia insures 11 subscribers of the Record a chance of winning.

Each "Confederate" bill may be spent for 100 cents worth of merchandise with any advertiser in the current issue of the Record.

Winners may redeem copies of the newspaper containing insignia for crisp, new "Confederate" bills at the Hilltop Record office, 2465 W. Broad-st, before Saturday noon.

Exact-size replicas of the insignia are shown in the accompanying box, along with complete rules. Examine them carefully and then read those ads in this copy of the Record.

Bible Answers

I Peter 3:15 ". . . be ready always to give an answer . . ."

IS THE ALIEN SINNER SAVED BY PRAYER? Nowhere in the scriptures is an alien sinner told to pray for the forgiveness of sins. Certainly, those who are children of God are told to pray and have the right to go to God in prayer through Christ their Advocate. (I John 2:1). However, the person who has not become a Christian is not in covenant relationship with God and cannot expect God to answer his prayers until after he has obeyed His will. Jesus tells us that we must obey the will of the Father to gain our reward. "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." (Matthew 7:21). After a person has believed in Christ (Mark 16:16), repented of his past sins (Luke 13:3), confessed his faith in Christ (Matthew 10:32), and has been buried with his Lord in baptism (Acts 2:38 and Romans 6:1-4), he becomes a Christian and as such has the right of prayer. The Christian is instructed to pray and how to pray. The alien sinner is neither told to pray nor how to pray. He (the alien sinner) must obey the above mentioned commandments to be saved from his past sins.

He'll tell you it's wise to plan your family burial estate NOW!
Because people turn to him in time of sorrow, he knows so well that it is time for the bereaved to have to hurriedly select a cemetery lot.
He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

Recently we again entertained Royalty — this time young man of distiction — age three. It was the first time he had been away from home overnight without the moral support of his elder sister. So, we didn't know but what we might have to take him home in the night, which we would have done if he had been too homesick. Once he started for the closet to get his cap and coat and said he wanted to go home, but we started building houses out of blocks and clothespins and reading about the three bears and other Mother Goose Greats and he decided to stay. He went to sleep just as Jack started his climp up the bean stalk, and didn't awaken till eight the next morning. I didn't either, till he shouted "Grandma, it's DAY!" I might not be a Grandma Moses but my sketches of his house and his Mommie and Daddy and sister went over big with that small art critic, so I'm proud. We drank orange juice and milk through straws, which as anyone under ten can tell you, is lots more exciting than drinking from a glass. He watched the trucks passing—I had not realized so many did pass in a day. A homesick child breaks your heart, but we needn't have worried. However, his mother reports that he stayed close to her all the next day.

Bones Unearthed At State School

Bones buried about four feet in the ground were unearthed Monday afternoon by workmen excavating a foundation for a new building at the Columbus State School, according to State Highway Patrol.

St. Joseph U. Seryak reported the bones as probably belonging to an animal, perhaps a horse. If they were human bones, one doctor said, the person would have been about 18 feet tall. The bones were taken to Ohio State University for identification.

products developed since World War II."

The vice-president declared that not only do markets expand as the population rises but the electrical industry develops and expands new markets with these new products.

In discussing the company's program for improving the facilities Craig said the appliance industry's production techniques and products are changing so rapidly that an ideal manufacturing plant put under construction today would have to be altered structurally before it could be completed.

"Basically, when possible Westinghouse is committed to a policy of 'expansion from within,'" he added. "This means greater productivity from existing plants through more efficient use of space and methods. And our continuing investment in new capital equipment is in line with this philosophy."

West Loses Cage Finals

West's unpredictable Cowboys bowed to state-ranked North last week as both teams wound up regular season action and prepared for the state tournament.

Displaying a rugged full court press and controlling both boards, the Polar Bears' overall strength was too much for the struggling Broncos. West finished the season with a 5-7 City League record and an 8-10 overall mark.

Staying close to the Bears in the first quarter, 25-18, the Cowboys saw their hopes fade in the second period when a 20 consecutive point spree by North shot the score to 41-18. The half ended with the score at 48-24. The Polar Bears stretched their lead to 92-63 at the end of the third period.

By Bud Martin and Bob Schmidt

There is a three-way tie for the second-round championship of the Hilltop YMCA intermediate church basketball league between Glenwood Methodist, West Park Methodist, and Westgate Methodist. West Park and Westgate battled it out last Monday, with the winner to play Glenwood on Mar. 4. West Park was the first round winner. In the event that West Park should lose the second round to either Glenwood or Westgate, a playoff between round winners would be scheduled.

It is hoped that an all-star Gra-Y game can be arranged as a preliminary game to the intermediate league playoff on Mar. 4.

Gra-Y "B" league basketball will not play at the Glenwood Methodist gym tomorrow, Feb. 28. Both the games scheduled for the 28th will be played on Thursday, Mar. 14.

On Washington's Birthday approximately 80 young people from Junior Hi-Y and the "Y" Teens had a luncheon meeting at the Hilltop YMCA followed by discussion groups on boy-girl relations. Mrs. Stout of the YWCA was their resource person during their meeting.

Not Only Furniture, But 'Fish' Found At Points' May And Co.

Everything from furniture to fish can be found at May and Co. in Central Point Shopping Center. However, the fish, as part of the

Samuel J. Hahn

"permanent furnishings" would probably resent being sold.

A large and attractive tank with a circulatory water system houses the carp, catfish and dogfish residents. People have come surprising distances to see the king-sized aquarium, according to Samuel J. Hahn, manager.

A native of Albany, N. Y., Hahn is a comparative newcomer both to Columbus and Ohio. Although new to Ohio, Hahn is hardly a stranger to the furniture business where he has spent the past 25 years. He came to Columbus in Nov. 1956 to manage the Central Point store after spending a year in Steubenville as manager of the Hadley Furniture Store.

May and Co. features a large selection of furniture, appliances, rugs, carpets and everything for the home. "We sincerely welcome people to browse around our store with no obligation," Hahn said. Hours are noon to 9 p.m. on weekdays and 10 a.m. to 9 p.m. on Saturdays.

Hahn is a member of Kiwanis, B'Nai B'Rith and vice-president of Central Point Businessmen's Association. He resides at 2849 Bellwood-av with his wife Sarah, son, Alan, 16 and 17-year-old daughter, Barbara, a freshman at Ohio State University. Assistant manager of May and Co. is Dick Doddridge.

Fowler To Head Veterans' Group

John Fowler will be installed as commander of Veterans of World War I, Capitol City Barracks No. 461 at a 2 p. m. ceremony Mar. 3 at Veterans Memorial.

Organizer of the group, R. M. Hartman, will also install officers: Bill Heimlich, senior vice-commander; Wayne Wolfe, junior vice-commander; Hugh Hancock, chaplain; Paul Andre, quartermaster, and Louis Roberts, advocate.

All World War I veterans and their wives are invited to this meeting. There will be a joint installation with the auxiliary.

National, department and district officers will be present.

Refreshments will be served.

Past Commanders Ball Scheduled For Mar. 16

The twenty-first birthday party and Past Commanders Ball of Westway Post No. 3441, Veterans of Foregin Wars, will be held at 8:30 p.m. Mar. 16 at the Fiesta Club, 1991 E. Champion-av.

Guest speaker will be the senior vice-commander of the department of Ohio. Tickets can be obtained from Orval Click, BR. 9-5564; Robert Zuiaul, BR. 4-6509, or Roland Wolford, TR. 5-3615.

Adults To Fete Cub Scout Pack

Cub Scout Pack 357 of Hilltonia EUB Church, will be entertained by the adults at its pack meeting Feb. 28, 7:30 p.m. Soloists will be Miss Mary Fox and Jack Mithoff.

Opening and closing exercises will be given by Den 5 under the direction of the Den mother, Mrs. Harold Doane and assistants Mrs. Leno Zeni and Mrs. Howard Thomas. Awards will be presented by Cubmaster, Harold Alexander.

Cubs were almost 100 percent in attendance on Scout Sunday when they were given special recognition in the service and made a presentation to the congregation.

Mrs. Warren Burchfield, Den Mother of Pack 357, was named as chairman of the Gopheretics, which is an organization of mothers in cub scouts who are willing to donate time in helping the work at Scout headquarters.

The Cubs were guests at the Coco Cola bottling company Feb. 22 when they were taken on a tour of the plant and treated by the company.

To Relive 'The Gay Nineties'

Gay Nineties dress, dancing, singing, contests, and other assorted entertainment will set the pace at the forthcoming third annual Golden Age Club Rally. The gala event is scheduled for next Thursday, Feb. 28, at 7:30 p.m. at the Sunshine Recreation Center, 320 S. Sandusky-st.

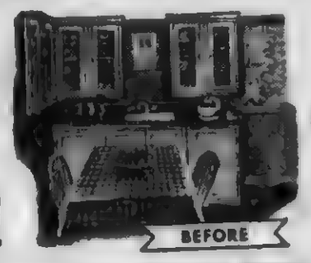
Sunshine Recreation Center's Golden Age Club, with more than 300 members, will serve as host to 25 Golden Age Clubs from all over the city.

The rally will have a "Gay Nineties" theme. It is being planned jointly by the Columbus Recreation Dept., the department of services to older people of the Council of Social Agencies, and the West Side Kiwanis Club. Wives of the Kiwanians will serve refreshments. One of the objectives of Kiwanis International for 1957 is to "support recreational and cultural programs for the ever-increasing number of senior citizens and for the use of their talents and abilities."

Hundreds of members (60-years of age and older) throughout the city are expected to attend the inter-faith rally. The "oldsters" are being asked to attend in "gay ninety" togs. West Side Kiwanians and wives will furnish and serve refreshments to the group.

Mayor Maynard E. Sensenbrenner and N. J. Barack, superintendent of the City Recreation Dept., will serve as official greeters. Prizes will be furnished by the Sunshine Advisory Council.

THAT OLD GRAY BONNET, a vintage shawl and some spectacles of yesteryear come in handy again as Mrs. Bessie Smith, 178 S. Souder-av gets ready for the big senior citizens' rally at Sunshine Recreation Center next week. The regalia adds 20 years to her appearance but will help set the theme for the evening—"The Gay Nineties."



OSU Student To Review 'Nun's Story' At Meeting
